Agenda December 7, 2020 Page 4

BE ADVISED this is a public meeting conducted in accordance with Illinois state law and may be recorded for audio and video content. City reserves the right to broadcast or re-broadcast the content of this meeting at City's sole discretion. City is not responsible for the content, video quality, or audio quality of any City meeting broadcast or re-broadcast.

Anyone requiring accommodations, provided for in the Americans with Disabilities Act (ADA), to attend this public meeting, please contact Breann Speraneo, ADA Coordinator, by 3:00 PM on Monday, November 16, 2020, by calling 618-654-7115.

Directions for Public Monitoring of Highland City Council Meetings:

In an effort to protect as many individuals as possible, including the leaders of our communities statewide, Governor J.B. Pritzker has issued a number of directives, one of which was to suspend the provisions of the Illinois Open Meetings Act (5 ILCS 120), requiring or relating to in-person attendance by members of a public body. Specifically, (1) the requirement in 5 ILCS 120/2.01 that "members of a public body must be physically present;" and (2) the conditions in 5 ILCS 120/7 limiting when remote participation is permitted, are suspended. Public bodies are encouraged to postpone consideration of public business where possible. When a meeting is necessary, public bodies are encouraged to provide video, audio, and/or telephonic access to their meetings to ensure members of the public may monitor the meeting, and to update their websites and social media feeds to keep the public fully apprised of any modifications to their meeting schedules or the format of their meetings due to COVID-19, as well as their activities relating to COVID-19.

In following this directive, the City of Highland is providing the following phone number for use by citizens to call in just before the start of this meeting:

618-882-5625

Once connected, you will be prompted to enter a conference ID number.

Conference ID #: 867900

This will allow a member of the public to hear the city council meeting. **Note:** This is for audio monitoring of the meeting, only.

Participants will not be able make comments.

Anyone wishing to address the city council on any subject during the Public Forum portion of the meeting may submit their questions/comments in advance via email to lhediger@highlandil.gov or, by using the citizens' portal on the city's website found here: https://www.highlandil.gov/citizen request center app/index.php.

Any comments received prior to the end of the "Public Forum" portion of the meeting, will be read into the record.

Highland Arts Council asks for your approval to use the Weinheimer Building exterior wall as a canvas for a mural that could be made possible by a \$10,000 matching grant from the National Endowment for the Arts.

While HAC already developed an Art Walk with 16 stops, the scope of our proposed mural project will help to give landmark status to not just the Community Center, but will emphasize how much art Highland already has, and how much room there is to expand public art in our city. Highland could promote not only the industry, cleanliness, education system, and infrastructure it offers, but also the focus on culture and the arts putting our city in an upscale category. This could be the first of many murals to come to serve as an impetus for tourism, making Highland a destination city.

Here are a few outdoor painted murals that Highland currently has to offer.

Painting on walls goes back over 10,000 years. But since the 1960's, artists of all types, in the US and around the world, have established mural painting as a powerful new tool for artistic and social expression. Whether working alone to show a personal vision, or with a group or community to reveal people, events and issues of historic importance, they dramatically transform once overlooked neighborhoods.

At first, these often very large works were found in the biggest cities. But in the last 10-20 years, smaller towns, especially in the US Midwest, have found that murals not only bring to life the essence and flavor of their community, they spur further revitalization efforts throughout the city. Some programs are so

significant that state tourism web sites now feature these once overlooked parts of the country.

Highland, IL, a town of forward-thinkers, with a rich history of inventing, is poised to market itself to the broader St Louis and greater Midwest areas as a tourist destination. We see having a collection of murals created by nationally known artists, as well as much loved locals, to be a key component for this effort.

For our kickoff project we are working with Robert and Liza Fishbone, father-daughter muralists based in St. Louis. Since 1974, Robert has been involved with approx 200 mural projects, with a wide variety of clients, and in several states. Liza, a prolific street artist, joined him in 2015. The gentle clash of their old school/new school approach has resulted in dynamic, colorful murals throughout St. Louis, all of them quickly achieving landmark status. We want to bring their successful, collaborative efforts to Highland.

Although these would not be the designs we would use in Highland, it will give you an idea of what Robert and Liza Fishbone are capable of producing. More can be seen here: https://www.onthewallmurals.com/

There is an excellent video on his site to further explain murals and the reasons for doing them to attract tourism.

https://www.onthewallmurals.com/videos/2019/9/12/2019/9/12/66-reasons-to-love-stl-muralist-video-2015

Working with us, Robert has identified the best wall for our kickoff project, the Weinheimer Community Center. The Park & Rec Director, Mark Rosen, has been contacted and is already excited about having a Team Fishbone mural enliven and further identify this essential Highand gathering place.

The grant will enable the HAC to hire Robert and Liza to both do the design and the painting, as well as direct volunteer help.

They would also put on public, educational sessions during the mural making process. The balance of the grant will be used for administration and marketing.

Having researched the mural programs and

collections in such other smaller towns as Cuba and Chillicothe, MO; Greencastle and Brazil, IN; Hamilton, OH; and Tyler, TX, HAC has witnessed how a single project creates a groundswell of appreciation, and a desire for more. We expect this to be the case with Highland residents.

You all know that Cincinnati has an amazing set of murals (thanks to ArtWorks!) but did you know that Hamilton, Ohio has its own set of fabulous murals as well? Street Spark is Hamilton's own public art program. The mural project is a joint

partnership, founded to further the creative identity in Hamilton, Ohio through exciting murals and public art projects. The program creates engagement by producing high quality art, providing opportunities for local artists and enhancing the visual appeal of the city. With the goal of fueling Hamilton artistically, StreetSpark brings visible murals and artwork into our community. This program is energizing our

streetscape, creating awareness of the arts and sparking new development throughout Hamilton. Since the summer of 2016, 14 murals have been created in a variety of styles. Each year artists are invited to submit a range of designs, and the winning murals are chosen by a selection committee of art professionals and appreciators in our area.

Robert Fishbone and Liza Fishbone

Since 1974, Robert Fishbone, owner of St. Louis based ON THE WALL PRODUCTIONS has been at the forefront of mural painting. With 200 projects in his portfolio, he has worked with clients of all types and sizes, for interior and outdoor walls, 35 of them as Artist in Residence (AIR). Each mural is designed to be site specific, and aims to inspire as well as inform, to give meaning to 'place'. Joined in 2015 by his daughter Liza, the gentle clash of their old school / new school styles has resulted in very dynamic and colorful works, many becoming popular landmarks.

Their clients have included (in St. Louis region unless otherwise noted):

Green Street St Louis, HUE @ Chroma Apartments

St. Louis Urban Harvest, FOOD ROOF

St. Louis Style House (for Cherokee business district)

Greenpeace (3D chalk art in Washington, DC)

MEMO TO: Christopher Conrad, City Manager FROM: Kelly Korte, Director of Finance

SUBJECT: 2020 Estimated Tax Levy Police Pension Request Update

DATE: December 1, 2020

At the most recent City Council meeting, the council approved an estimated tax levy. I am providing the updated estimated calculations based on the Department of Insurance Actuarial Report for the Police Pension levy line item. The City is statutorily obligated to contribute the amount of \$699,968 per this report. Along with a City contribution of personal property replacement taxes of \$6,900, this yields a levy request of \$693,068. A report has been provided to include this updated amount. This levy request creates an estimated City and Library property tax rate of 2.0487, an increase of .52% over the prior year and an estimated overall property tax extension increase of 3.53% or \$4,190,920 in total.

The Police Pension Board has hired their own independent actuary and that report has also been provided along with a calculation of their request (less the above \$6,900). This request of \$728,442 yields a total City and library estimated tax rate of 2.0660, an increase of 1.37% over the prior year. The estimated overall extension increases by 4.40% to \$4,226,294.

The Police Pension Board has submitted their request in letter form and that has also been provided for your reference. The actual levy request that is recommended by the City Council will be incorporated into the actual tax levy presented for approval at the City Council meeting held on 12/21/2020. This final version will then be filed with Madison County to be used in the next tax billing cycle.

If anyone has questions, please let me know.

Highland Police Pension Board Highland, Illinois

To: Interim City Manager Chris Conrad

From: Highland Police Pension board

Date: December 1, 2020

Reference: Police Pension Tax Levy

At our special pension meeting on 12-1-2020, the board discussed and reviewed the information from the Department of Insurance and a report provided by Nyhart Actuarial Services. The board came to unanimous decision to request a tax levy in the amount of \$728,442. This amount reflects an amount that will continue to ease the financial responsibility in the future for the City of Highland.

Respectfully submitted,

Darren Twyford

President, Highland Police Pension Board

HIGHLAND POLICE PENSION FUND **Actuarial Valuation Report**

Actuarial Information

The following methods have been prescribed in accordance with Section 3-125 of the Illinois Pension Code.

Funding method Projected Unit Credit

Amortization method Normal cost, plus an additional

amount (determined as a level percentage of payroll) to bring the plan's funded ratio to 90% by the

end of fiscal year 2040.

Asset valuation method Investment gains and losses are

recognized over a 5-year period.

Actuarial Assumptions

Interest rate 6.50% Interest rate, prior fiscal year 6.50%

Healthy mortality rates - Male RP-2014 Healthy Annuitant with Blue

Collar Adjustment, males

Healthy mortality rates - Female RP-2014 Healthy Annuitant with Blue

Marital assumptions for active members 80% of members are assumed to

be married; male spouses are assumed to be 3 years older than

female spouses.

The actuarial assumptions used for determining the above amounts are based on experience for all Article 3 funds for the State of Illinois in aggregate. The Department of Insurance has approved the above actuarial assumptions. Contact the Department of Insurance for complete experience tables.

Data and Fund Information

The above valuation uses personnel data as reported to the Department of Insurance in the Schedule P. Specifically, the following data items have been determined as of the date of the Actuarial Valuation Report: attained age, annual salary or pension, completed years of service of each individual participant.

The fund specific information used in the production of this document was provided to the Department of Insurance by your pension fund board of trustees through the fund's annual statement filing.

Additional critical information regarding actuarial assumptions and methods, and important actuarial disclosures are provided in the Actuarial Valuation Report Disclosures Document located on the following Illinois DOI Website (https://insurance.illinois.gov/Applications/Pension/FOIAReporting/FOIAPortal.aspx)

At the request of the plan sponsor, this report summarizes the City of Highland Police Pension Fund as of May 1, 2020. The purpose of this report is to communicate the following results of the valuation:

- · Funded Status;
- · Recommended City Contribution; and
- Estimated Minimum Contribution.

This report has been prepared in accordance with the applicable Federal and State laws. Consequently, it may not be appropriate for other purposes. Please contact Nyhart prior to disclosing this report to any other party or relying on its content for any purpose other than that explained above. Failure to do so may result in misrepresentation or misinterpretation of this report.

The results in this report were prepared using information provided to us by other parties. The census information has been provided to us by the employer. Asset information has been provided to us by the administrator. We have reviewed the provided data for reasonableness when compared to prior information provided, but have not audited the data. Where relevant data may be missing, we have made assumptions we believe to be reasonable. We are not aware of any significant issues with and have relied on the data provided. Any errors in the data provided may result in a different result than those provided in this report. A summary of the data used in the valuation is included in this report.

The actuarial assumptions and methods were chosen by the employer. In our opinion, all actuarial assumptions and methods are individually reasonable and in combination represent our best estimate of anticipated experience of the plan. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following:

- plan experience differing from that anticipated by the economic or demographic assumptions;
- changes in economic or demographic assumptions;
- increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period); and
- changes in plan provisions or applicable law.

We did not perform an analysis of the potential range of future measurements due to the limited scope of our engagement. This report has been prepared in accordance with generally accepted actuarial principles and practice.

Neither Nyhart nor any of its employees have any relationship with the plan or its sponsor which could impair or appear to impair the objectivity of this report. To the extent that this report or any attachment concerns tax matters, it is not intended to be used and cannot be used by a taxpayer for the purpose of avoiding penalties that may be imposed by law.

The undersigned are compliant with the continuing education requirements of the Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States and are available for any questions.

Changes since Prior Valuation and Key Notes

The Tier II benefit changes effective January 1, 2020 under Illinois Public Act 101-610 are included in the valuation. The changes result in an increase in benefit obligations and an increase in the recommended contribution.

The healthy mortality assumption was changed from the RP-2014 mortality table with blue collar adjustment projected generationally from 2013 using scale MP-2018, to the RP-2014 mortality table with blue collar adjustment projected generationally from 2013 using scale MP-2019. The disabled mortality table was changed to 115% of the healthy mortality table projected generationally from 2013 using scale MP-2019. The change resulted in a small decrease in benefit obligations and in the recommended contribution.

Identification of Risks

The results presented in this report are shown as single point values. However, these values are derived using assumptions about future markets and demographic behavior. If actual experience deviates from our assumptions, the actual results for the plan will consequently deviate from those presented in this report. Therefore, it is critical to understand the risks facing this pension plan. The following table shows the risks we believe are most relevant to the City of Highland Police Pension Fund. The risks are generally ordered with those we believe to have the most significance at the top. Also shown are possible methods by which a more detailed assessment of the risk can be performed.

Plan Maturity Measures - May 1, 2020

Each pension plan has a distinct life-cycle. New plans promise future benefits to active employees and then accumulate assets to pre-fund those benefits. As the plan matures, benefits are paid and the pre-funded assets begin to decumulate until ultimately, the plan pays out all benefits. A plan's maturity has a dramatic influence on how risks should be viewed. The following maturity measures illustrate where the City of Highland Police Pension Fund falls in its life-cycle.

Duration of Liabilities: 15.5

Duration is the most common measure of plan maturity. It is defined as the sensitivity of the liabilities to a change in the interest rate assumption. The metric also approximates the weighted average length of time, in years, until benefits are expected to be paid. A plan with high duration is, by definition, more sensitive to changes in interest rates. A plan with low duration is more susceptible to risk if asset performance deviates from expectations as there would be less time to make up for market losses in adverse market environments while more favorable environments could result in trapped surplus from gains. Conversely, high duration plans can often take on more risk when investing, and low duration plans are less sensitive to interest rate fluctuations.

Demographic Distribution - Ratio of Actively Accruing Participants to All Participants: 57.1%

A plan with a high ratio is more sensitive to fluctuations in salary (if a salary-based plan) and statutory changes. A plan with a low ratio is at higher risk from demographic experience. Such a plan should pay close attention to valuation assumptions as there will be less opportunity to realize future offsetting gains or losses when current experience deviates from assumptions. Plans with a low ratio also have limited opportunities to make alterations to plan design to affect future funded status.

Asset Leverage - Ratio of Payroll for Plan Participants to Market Value of Assets: 14.2%

Younger plans typically have a large payroll base from which to draw in order to fund the plan while mature plans often have a large pool of assets dedicated to providing benefits to a population primarily consisting of members no longer on payroll. Plans with low asset leverage will find it more difficult to address underfunding, as the contributions needed to make up the deficit will represent a higher percentage of payroll than for a plan with high asset leverage.

Benefit Payment Percentage - Ratio of Annual Benefit Payments to Market Value of Assets: 7.5%

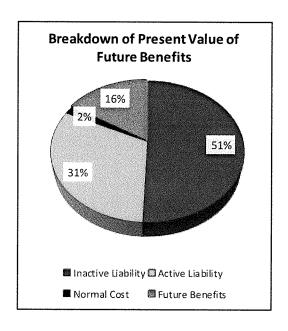

As a plan enters its decumulation phase, a larger percentage of the pre-funded assets are paid out each year to retirees. A high percentage is not cause for alarm as long as the plan is nearly fully funded. However, such a plan is more sensitive to negative asset performance, especially if cash contributions are not an option to make up for losses.

Asset Information

The amount of assets backing the pension promise is the most significant driver of volatility and future costs within a pension plan. The investment performance of the assets directly offsets the ultimate cost.

Development of Recommended Contribution

The recommended contribution is the annual amount needed to fund the plan to 90% by the end of the 2040 fiscal year as a level percentage of payroll, using the Entry Age Normal actuarial cost method. The recommended contribution is subject to the State statutory minimum, which is the annual amount needed to fund the plan to 90% by the end of the 2040 fiscal year as a level percentage of payroll, using the Projected Unit Credit actuarial cost method.

The Plan's Normal Cost plus interest on the Unfunded Actuarial Accrued Liability is \$814,874.

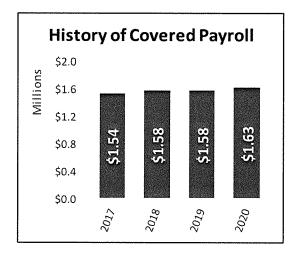

A contribution greater than the Normal Cost plus interest on the Unfunded Actuarial Accrued Liability will reduce the Unfunded Actuarial Accrued Liability, if all other assumptions are met. A contribution less than the Normal Cost plus interest on the Unfunded Actuarial Accrued Liability will increase the Unfunded Actuarial Accrued Liability, if all other assumptions are met. Consider making a contribution greater than the Normal Cost plus interest on the Unfunded Actuarial Accrued Liability in order to pay down the Plan's shortfall more rapidly if that amount is greater than your funding policy contribution.

Police Officers of the City of Highland

Accrual of Benefits

For employees hired prior to January 1, 2011, the normal retirement benefit is equal to 50% of the final salary plus 2.5% of any service over 20 years (with a maximum of 30) times the final salary. There is a minimum benefit of \$1,000 per month. The benefit is paid as a 100% joint and survivor benefit with the spouse, children under 18, or dependent parents of the participants as the survivor.

For employees hired after or on January 1, 2011, the normal retirement benefit is equal to 2.5% of the final average salary times benefit service (maximum 30 years.) The benefit is paid as a 66.67% joint and survivor benefit with the spouse, children under 18, or dependent parents of the participants as the survivor.

Benefits

Normal Retirement

Eligibility For employees hired prior to January 1, 2011, the normal retirement date is the first day of the month on or after

completion of 20 years of service and attainment of age 50.

For employees hired after or on January 1, 2011, the normal retirement date is the first day of the month on or after

completion of 10 years of service and attainment of age 55.

Benefit Unreduced Accrued Benefit payable immediately.

Early Retirement

Eligibility For employees hired prior to January 1, 2011 and terminating with less than 20 years of service

For employees hired after or on January 1, 2011 who has attained age 50 and has 10 years of service.

Benefit For those hired prior to January 1, 2011 the Accrued Benefit of 2.5% of final salary times service shall be paid at age 60.

For those hired after or on January 1, 2011 the Accrued Benefit is reduced by 0.5% for each month prior to age 55

Termination

Eligibility For employees hired prior to January 1, 2011 and terminating with less than 20 years of service.

For employees hired on or after January 1, 2011 and terminating with less than 10 years of service.

Benefit Refund of Contributions

Disability In The Line of Duty

Eligibility For participants who become disabled in the line of duty.

Benefit The greater of 65% of the final salary or the accrued benefit

Disability Not In The Line of Duty

Eligibility For participants who become disabled outside of the line of duty.

Benefit 50% of the final salary

Death In the Line of Duty

Eligibility For participants who die in the line of duty.

Benefit The benefit is 100% of final salary paid to the survivor.

Death Not In the Line of Duty

Eligibility For participants who die outside of the line of duty.

Benefit For those hired before 1/1/2011 with greater than 20 years of service, a benefit of 100% of the accrued benefit is paid to the

survivor. For those with more than 10 years of service, but less than 20 years of service, a benefit of 50% of the final salary is

paid to the survivor.

For those hired after 1/1/2011 a benefit equal to the greater of 54% of Final Salary and 66-2/3% of the accrued benefit is paid

to the survivor.

Compensation

Final Salary is the salary attached to the rank held on the last day of service, or one year prior to the last day, whichever is greater.

Final Average Salary is the average monthly salary obtained by dividing the total salary of the police officer during the 48 consecutive months of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period. Salary will not exceed \$106,800 adjusted from January 1, 2011 with the lesser of 3% and 100% of the CPI on November 1.

Credited Service

Recommendation for Award

RECOMMENDATION

I recommend that you request council approval to award the purchase of a 2021 Dodge Durango to McGinley Inc. in Highland, IL through the FCA Fleet Buying program for \$28,272.00.

DISCUSSION

We received and opened bids on December 2, 2020. See the attached tabulation sheet for details. Below are the comparisons for the federal and state contract fleet prices.

Dealership	Source	Vehicle	<u>Price</u>
McGinley Inc.	FCA Buying Program	Dodge Durango	\$28,272.00
Morrow Brothers	State of IL Procurement	Ford Explorer	\$32,235.00
Miles Chevrolet	State of IL Procurement	Chevrolet Traverse	\$29,042.00

The resident engineer is currently driving a 2001 Chevrolet Blazer. I would like to transfer a 2015 Ford Explorer that I drive to the resident engineer. The Explorer will be used for field inspections and general duties of that position. The Blazer will be transferred to another division or department, or surplus for sale at a later date.

FISCAL IMPACT

This purchase will utilize budgeted funds from the water, sewer, and street accounts shown in the FY 2021 budget.

To: Christopher Conrad, City Manager; City Council

From: Chief Charlie Becherer

Date: December 3, 2020

Re: Police SUV Vehicle Purchase, Bid #PD-12-20

On December 2, 2020 we opened bids for a new Police SUV to replace car 1; a 2015 Ford Explorer with 100,000 miles. We only received one outside bid being from Tri-Ford to compare to the State Bid.

The bid from Tri-Ford included all the options that we require for a total cost of \$36,783.00. The State Bid is through Morrow Brothers Ford out of Greenfield, IL and we are able to get the same vehicle with all of our options that we require for a price of \$35,755.00.

I therefore recommend that the Council approve the purchase of the 2021 Ford Police SUV to be purchased from Morrow Brothers Ford off the State Bid for a total of \$35,755.00.

Turnout Gear

RECOMMENDATION

I respectfully request city council approve to waive formal bidding process and approve a sole source purchase of personal protective firefighting equipment (PPE) to Sentinel Emergency Solutions to provide us with 16 sets of this turnout gear.

DISCUSSION

As you are aware, nearly all of our current PPE expires in 2021. Continued use after that date could be a safety concern, but most certainly will be a situation where OSHA/IDOL would fine us us heavily if they stop in for an inspection. With a delivery date of 150 days, we wish to place this order now so we will avoid using expired PPE in 2021.

There are many different manufacturers of this PPE and each manufacturer has a myriad of options, from pocket location to material upgrades. We purchased five sets of this PPE earlier this year, thereby establishing a standard for the Highland Fire Department. This proposed purchase will match that specification exactly. All personnel will then be wearing the same protective gear from the same manufacturer. As stated in previous discussions, the plan moving forward is to purchase up to five sets of PPE per year so that we will stagger the expiration dates and avoid the need to mass purchase the next batch of replacements.

FINANCIAL IMPACT

The manufacturer of our PPE uses two local vendors. Both of the vendors provided written price quotes (as attached). Sentinel Emergency Solutions provided the best pricing, which will save us \$321 for this purchase. We budgeted \$15,000 for this purpose in the current budget. Recognizing the importance of this issue, the membership voted to add another \$15,000 from the Foreign Fire Insurance Fund in order to purchase all needed PPE. The Sentinel quote will provide 16 sets of PPE for \$29,919.20.

Recruitment Sign Placement

RECOMMENDATION

I respectfully request city council approve the placement of signs, as noted on the attached list, in seven locations in Highland to promote and encourage people to apply for the position of volunteer firefighter. Sign content / message is also attached. Each sign is 24" wide by 32" tall.

DISCUSSION

With volunteerism on the decline nationally, along with increasing training and certification requirements, recruiting volunteer firefighters is increasingly difficult. We create videos and put them on the fire department Facebook page, hoping to spark interest. We are now turning to static advertising in the form of signs place around Highland. We hope the various approaches will help to attract applicants.

FINANCIAL IMPACT

The signs and sign posts cost \$100 each, for a total of \$700. The only additional cost will be the time required for installation. Joe Gillespie has indicated that Streets and Alley crews could install these signs, as they do most other signs around Highland. Fire has funding in the current budget to cover all material costs for this project.

	RESOLUTION NO.	
--	----------------	--

A RESOLUTION WAIVING COMPETITIVE BIDDING REQUIREMENT AND AUTHORIZING PURCHASE OF PERSONAL PROTECTIVE EQUIPMENT ("PPE") FROM SENTINEL EMERGENCY SOLUTIONS FOR \$29,919.20

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City has determined the safety of City fire fighters is City's primary concern as it relates to the City Fire Department; and

WHEREAS, City purchased five (5) sets of PPE earlier this year, thereby establishing a standard for the Highland Fire Department, and City desires to purchase additional sets of PPE from the same manufacturer; and

WHEREAS, City has determined the Fire Department is in need of additional new PPE for City fire fighters because most of City's current PPE for fire fighters expires during the 2021 calendar year; and

WHEREAS, City must order new PPE as soon as possible so it arrives in calendar year 2021 and prior to the expiration date of the existing City PPE; and

WHEREAS, City obtained two (2) price quotes for the desired purchase of PPE:

- a. Dinges Fire Company \$1,890.00 per set of PPE;
- b. Sentinel Emergency Solutions \$1,869.95 per set of PPE;

(See Price quotes attached hereto as Exhibit A); and

WHEREAS, City has determined Sentinel Emergency Solutions provided the lowest quote for the desired purchase of PPE (**Exhibit A**); and

WHEREAS, City has determined it shall purchase sixteen (16) sets of PPE from Sentinel Emergency Solutions for \$29,919.20; and

WHEREAS, City has determined it to be most efficient, going forward, to purchase up to five (5) sets of PPE per year so as to stagger the expiration dates and avoid the need to mass purchase the next batch of replacements; and

WHEREAS, the City Fire Chief has informed City Council that \$15,000.00 was budgeted for this PPE purchase in 2020, and the membership from the Foreign Fire Insurance Fund voted to provide \$15,000.00 in additional funding for this PPE purchase, fully funding the purchase of sixteen (16) sets of PPE from Sentinel Emergency Solutions for \$29,919.20; and

WHEREAS, the City Council finds that the Sentinel Emergency Solutions Proposal (**Exhibit A**) for the purchase of sixteen (16) sets of PPE should be approved; and

WHEREAS, the City Council deems it to be in the best interests of City to waive the competitive-bidding requirement that would otherwise apply and to purchase sixteen (16) sets of PPE according to the Sentinel Emergency Solutions Proposal (**Exhibit A**); and

WHEREAS, the City Council also finds that the City Manager and/or Mayor should be authorized and directed, on behalf of the City of Highland, to execute whatever documents are necessary to make the purchase, pursuant to the Sentinel Emergency Solutions Proposal (Exhibit A).

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Highland, Illinois, as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. Purchase of sixteen (16) sets of PPE according to the Sentinel Emergency Solutions Proposal (Exhibit A) is approved.

	and/or Mayor is directed and authorized, on behalf ocuments are necessary to make the purchase.

[†] Identifies the most likely funding source to be pursued for the activity/project described. However, if funding is unavailable through the most likely or other suggested sources, then implementation of medium to large-scale activities/projects is unlikely due to the budgetary constraints experienced by a village of this size (just over 9,500 individuals). The Village works hard to maintain critical services to its residents. Additional funding is necessary if implementation is to be achieved within the time frames specified.

[†] Identifies the most likely funding source to be pursued for the activity/project described. However, if funding is unavailable through the most likely or other suggested sources, then implementation of medium to large-scale activities/projects is unlikely due to the budgetary constraints experienced by a village of this size (approx. 6,300 individuals). The Village works hard to maintain critical services to its residents. Additional funding is necessary if implementation is to be achieved within the time frames specified.

[†] Identifies the most likely funding source to be pursued for the activity/project described. However, if funding is unavailable through the most likely or other suggested sources, then implementation of medium to large-scale activities/projects is unlikely due to the budgetary constraints experienced by a city of this size (approx. 18,000 individuals). The City works hard to maintain critical services to its residents. Additional funding is necessary if implementation is to be achieved within the time frames specified.

[†] Identifies the most likely funding source to be pursued for the activity/project described. However, if funding is unavailable through the most likely or other suggested sources, then implementation of medium to large-scale activities/projects is unlikely due to the budgetary constraints experienced by a village of this size (less than 350 individuals). The Village struggles to provide even the most critical of services to its residents. Additional funding is necessary if implementation is to be achieved within the time frames specified.

[†] Identifies the most likely funding source to be pursued for the activity/project described. However, if funding is unavailable through the most likely or other suggested sources, then implementation of medium to large-scale activities/projects is unlikely due to the budgetary constraints experienced by a village of this size (approx. 5,80000 individuals). The Village works hard to maintain critical services to its residents. Additional funding is necessary if implementation is to be achieved within the time frames specified.

MEMORANDUM 20-025

To: Chris Conrad, Interim City Manager

From: Brian Wilson, Emergency Service Chief

Date: November 24, 2020

Subject: Hazard Mitigation Plan

RECOMMENDATION

I respectfully request city council approve a resolution adopting the Madison County Multi-Jurisdictional All Hazards Mitigation Plan as attached.

DISCUSSION

Under the Disaster Mitigation Act of 2000, the United States Federal Emergency Management Agency (FEMA) requires that this plan be updated every 5 years in order to keep it as current as possible. Items get removed when completed or added as the needs arise during the review periods. Under the Act, municipalities are required to adopt the updated Multi-Jurisdictional All Hazards Mitigation Plans after they are developed.

FINANCIAL IMPACT

There is no financial impact in adopting this resolution and the associated Hazard Mitigation Plan.

ORDINANCE NO.	
---------------	--

AN ORDINANCE AMENDING CHAPTER 78, ARTICLE VII, SECTION 78-732, OF THE CODE OF ORDINANCES, CITY OF HIGHLAND, ILLINOIS, ENTITLED SCHEDULE OF FTTP RATES AND CHARGES, CREATING NEW RATE SCHEDULE FOR LEASE OF SHARED SPACE IN DATA CENTER FOR STORAGE RACKS, AND AMENDING THE RATE SCHEDULE FOR FTTP TO ACCURATELY REFLECT PREVIOUSLY PASSED ORDINANCES

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City Council has previously adopted multiple ordinances regarding the provision of internet, video, and telephone services and rates for said services by City of Highland d/b/a Highland Communication Services (hereinafter "HCS"); and

WHEREAS, City Council has, from time to time, determined the services to be provided and the rates to be charged by HCS need to be adjusted for shifting market trends and increasing demand for new products and services; and

WHEREAS, the Director of Information and Technology has informed the City Council there is a need for commercial customers to lease space in the HCS Data Center for data storage racks; and

WHEREAS, the Director of HCS has recommended creating a new component of the FTTP System to provide service for commercial HCS customers to lease space in the HCS Data Center for data storage racks; and

WHEREAS, the Director of HCS has informed the City Council the lease of space in the HCS Data Center for data storage racks shall consist of the following services at the following rates:

- (i) Lease of Shared Space in the Data Center for Storage Racks:
 - 1. HCS will provide limited access to the HCS Data Center for commercial customers to lease space for up to fourteen (14) storage racks;

- 2. HCS will lease space for up to fourteen (14) storage racks to commercial customers for a one-time fee of \$400, and \$500 per month for three (3) years;
- 3. Any commercial customer leasing space from HCS for up to fourteen (14) storage racks agrees to execute a Tender of Defense, Indemnity, Hold Harmless, and Lease Agreement for Shared Space with HCS; and
- 4. HCS reserves the right to reject any offer from any commercial customer to lease space in the HCS data center at HCS's sole discretion

and

WHEREAS, City Council believes it is necessary and in the best interest of the City to create a new Component of the FTTP System to provide service for commercial HCS customers to lease space in the HCS Data Center for data storage racks; and

WHEREAS, City Council has determined the City Manager and/or Mayor should be authorized and directed to execute whatever documents and contracts are required to create a new Component of the FTTP System to provide service for commercial HCS customers to lease space in the HCS Data Center for data storage racks; and

WHEREAS, City has determined that currently, Chapter 78, Article VII, Section 78-732, Schedule of FTTP Rates and Charges, does not accurately reflect all of the desired additions previously approved by the City Council by passage of Ordinance No. 2924, Ordinance No. 2938, Ordinance No. 2997, and Ordinance No. 3028, and, therefore, should be corrected at this time.

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Highland as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Subject: Data Center Lease Zanders

Recommendation:

I respectfully recommend council approve a contract for leasing space in the HCS data center to Zanders' Sporting Goods.

Discussion:

Many recognize fiber as an asset that increases the value of living and doing business in Highland. Another asset the City owns is the data center that houses HCS and City of Highland technology. A data center is a facility that houses technology and is typically fortified with physical and virtual security, to ensure high tech components are reliable, secure and accessible.

The HCS data center houses the City's systems is underutilized. The space can be monetized by allowing other organizations or local governments to rent space and connectivity to their back up servers and systems. Because we are outside of an urban area and we offer connectivity to both major data center locations at 900 Walnut, St. Louis and 350 Cermak, Chicago, we can offer lower prices but equal services.

HCS has attempted to acquire contract with organizations to locate their back up systems in our data center during the last 4 years and have successfully done so with Zanders' Sporting Goods.

Financial Impact:

The return on investment for this contract is immediate. The only expense that will be incurred is a negligible increase in electric bill.

A RESOLUTION APPROVING AND AUTHORIZING THE EXECUTION OF A CONTRACT WITH ZANDERS SPORTING GOODS FOR THE LEASE OF SHARED SPACE IN THE HIGHLAND COMMUNICATION SYSTEMS DATA CENTER, SPECIFICALLY FOURTEEN RACK UNITS OF DATA STORAGE CAPABILITY

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, Zanders Sporting Goods ("Zanders") desires to lease space for fourteen (14) rack units of data storage in the City of Highland, Illinois d/b/a Highland Communication Systems ("HCS") Data Center; and

WHEREAS, City shall provide Zanders 200 mb/s connection to the internet with commercial level SLA; and

WHEREAS, the Director of Innovation and Technology desires to lease space in the HCS Data Center to Zanders according to the Tender of Defense, Indemnity, Hold Harmless, and Lease Agreement for Shared Space ("Agreement") attached hereto as **Exhibit A**; and

WHEREAS, the Director of Innovation and Technology has informed City Council that Zanders will pay a one-time fee of \$400.00, and \$500.00 per month for three (3) years, to lease space in the HCS Data Center for fourteen (14) rack units of data storage (*See* Exhibit A); and

WHEREAS, Zanders has agreed to indemnify, hold harmless, and accept the tender of defense regarding the affiliation with HCS should any legal issues arise, and comply with all state and federal regulations (*See Exhibit A*); and

WHEREAS, City Council finds the Agreement between HCS and Zanders to lease space in the HCS Data Center for fourteen (14) rack units of data storage for a one-time fee of \$400.00, and \$500.00 per month for three (3) years, should be approved (*See Exhibit A*); and

WHEREAS, the City Council also finds that the City Manager and/or Mayor should be authorized and directed, on behalf of the City of Highland, to execute whatever documents are necessary to approve the Agreement with Zanders (*See Exhibit A*).

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Highland as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

	th Zanders, whereby Zanders will pay a one-time fee of (3) years, to lease space in the HCS Data Center for <i>ee</i> Exhibit A) is approved.

TENDER OF DEFENSE, INDEMNITY, HOLD HARMLESS, AND LEASE AGREEMENT FOR SHARED SPACE

THIS IS A LEGALLY BINDING CONTRACT. IF NOT UNDERSTOOD, SEEK COMPETENT LEGAL ADVICE.

THIS CONTRACT ("Agreement") is made and entered into effective as of the date passed by Resolution and by the affirmative vote of a majority of the corporate authorities then holding office of the CITY OF HIGHLAND, AN ILLINOIS MUNICIPAL CORPORATION, d/b/a HIGHLAND COMMUNICATION SERVICES ("HCS"), and ZANDERS SPORTING GOODS ("Zanders"), and enter this TENDER OF DEFENSE, INDEMNITY, HOLD HARMLESS, AND LEASE AGREEMENT FOR SHARED SPACE, and state:

WHEREAS, Zanders agrees Zanders is an independent legal entity operating independently of the City of Highland, Illinois and HCS; and

WHEREAS, Zanders desires to lease space in the HCS data center for fourteen (14) rack units of data storage capability; and

WHEREAS, Zanders will pay \$500.00 per month on the 1st business day of the month for use of fourteen (14) rack units of data storage capability at HCS; and

WHEREAS, Zanders shall pay a one-time \$400.00 fee upon acceptance of this Agreement; and

WHEREAS, according to this Agreement, City shall provide Zanders 200 mb/s connection to the internet with commercial level SLA; and

WHEREAS, this Agreement is made and entered into effective as of the date passed by Resolution and shall terminate three (3) years after it becomes effective; and

WHEREAS, HCS and Zanders may renew this Agreement if both parties so desire, but only by resolution according to Illinois law; and

WHEREAS, Should HCS and Zanders fail to timely renew this lease, the lease will autorenew according to the terms and conditions stated herein on a month-to-month basis until a new lease can be executed and passed by the City of Highland according to Illinois law; and

WHEREAS, parties agree the terms of this Agreement may be revisited for amendment, and any revisions and/or amendments to this agreement must be disclosed, agreed, and executed by both parties; and

WHEREAS, Zanders agrees in no event will City of Highland, Illinois and/or HCS be liable for any special, direct, indirect, consequential, or incidental damages, or any damages whatsoever, whether in an action of contract, negligence, other tort, in law or equity, arising out of or in connection with Zanders' lease of space in the HCS data center for fourteen (14) rack units of data storage capability, or any activity of Zanders of any kind. City shall be liable for any intentional conduct of any HCS employees or agents of HCS that damage any Zanders equipment, and HCS shall be responsible for reimbursement to Zanders for the replacement cost of any damaged Zanders equipment in this circumstance; and

WHEREAS, this Agreement shall be governed by and construed in accordance with the laws of the State of Illinois. The parties hereby consent to the exclusive jurisdiction of the State of Illinois and hereby consent and agree that any action or proceeding involving the interpretation of, enforcement of, or in any way relating to this Agreement, shall be brought in the Circuit Court in Madison County, Illinois, or the Southern District of Illinois; and

WHEREAS, the parties agree to the following:

- a. <u>Binding Effect</u>. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective heirs, legal representatives, executors, administrators, successors and assigns. This Agreement may not be assigned without the written approval of City.
- <u>b.</u> <u>"Zanders" Defined.</u> The word "Zanders" as used herein shall include all individuals, partnerships, limited liability companies, corporations, any business entities of any kind, or any other entities whatsoever.
- <u>c.</u> Exhibits/Time Periods. Any reference herein to any exhibits, addenda or attachments refers to the applicable exhibit, addendum, or attachment that is attached to this Agreement, and all such exhibits, addenda or attachments shall constitute a part of this Agreement and are expressly made a part hereof. If any date, time-period or deadline hereunder falls on a weekend or a state or federal holiday, then such date shall be extended to the next occurring business day.
- d. Agreement Separable. If any provision hereof is for any reason held to be unenforceable or inapplicable, the other provisions hereof will remain in full force and effect in the same manner as if such unenforceable or inapplicable provision had never been contained herein, and any such unenforceable provision shall be reformed to, as nearly as possible, reflect the parties' intent in an enforceable manner.

- e. Counterparts. This Agreement may be executed in several counterparts, via mail, via email, and/or via facsimile, and all such executed counterparts shall constitute the same agreement. It shall be necessary to account for only one such counterpart in proving this Agreement. The parties further agree that signatures transmitted by mail, email, facsimile, or in Portable Document Format (pdf) may be considered an original for all purposes, including, without limitation, the execution of this Agreement and the enforcement of this Agreement.
- <u>f.</u> <u>Fees.</u> In the event of any dispute between the parties arising in connection with the subject matter of this Agreement, the City of Highland, Illinois, and/or HCS, shall be entitled to all fees, costs, and expenses including, without limitation, attorneys' fees, consultants' fees, expert witness fees, and litigation costs resulting from any action, mediation, arbitration, proceeding, or litigation of any kind.
- g. Entire Agreement. This Agreement constitutes the entire agreement between the City of Highland, Illinois, HCS, and Zanders, and, except for any addenda attached hereto, there are no other covenants, agreements, promises, terms and provisions, conditions, undertakings, or understandings, either oral or written, other than those herein set forth. No subsequent alteration, amendment, change, deletion or addition to this Agreement shall be binding unless in writing and signed by both parties. No subsequent amendment or change to an addendum shall be binding, unless signed by both parties.
- <u>h.</u> Construction. This Agreement shall not be construed more strictly against one party than against the other merely by virtue of the fact that it may have been prepared by one of the parties or party's legal counsel, it being recognized that both parties have contributed substantially and materially to the preparation and/or negotiation of this Agreement.
- i. Compliance with Laws, Regulations, and Accreditation. The parties believe and intend that this Agreement complies with all relevant federal and state laws as well as relevant regulations. Should City of Highland and/or HCS have a good faith belief that this Agreement creates a material risk of violating any such laws or regulations, or any revisions or amendments thereto, City shall give written notice to Zanders regarding such belief. The parties shall then make a good faith effort to reform the Agreement to comply with such laws and regulations. If, within thirty (30) days of City first providing notice to Zanders of the need to amend or terminate this Agreement to comply with the laws and regulations, the parties, acting in good faith, are (i) unable to mutually agree upon and make amendments or alterations to this Agreement to meet the requirements in question, or (ii) alternatively, the parties determine in good faith that amendments or alterations to the requirements are not feasible, then either may terminate this Agreement upon thirty (30) days prior written notice.

- j. Indemnity, Hold Harmless, and Tender of Defense. Zanders shall indemnify and hold harmless the City of Highland, Illinois and/or HCS, its agents, officers, lawyers, and employees against all injuries, deaths, losses, damages, claims, suits, liabilities, judgments, bar complaints, costs and expenses (including any liabilities, judgments, costs and expenses and attorney's fees) which may arise directly or indirectly from Zanders' affiliation with the City of Highland, Illinois and/or HCS. Zanders understands and agrees that in no way does this Agreement create any liability of any kind for City of Highland, Illinois and/or HCS regarding Zanders' affiliation with City of Highland, Illinois and/or HCS. Zanders shall, at its own cost and expense, appear, defend and pay all charges of attorneys, costs and other expenses arising therefrom or incurred in connection therewith with Zanders' affiliation with City of Highland, Illinois and/or HCS. If any judgment shall be rendered against City of Highland, Illinois and/or HCS, its agents, officers, officials or employees in any such action, Zanders shall, at its expense, satisfy and discharge the same.
- k. Termination of Agreement. City shall have the absolute and immediate right to terminate this Agreement with sixty (60) days' notice to Zanders. City will refund any payment by Zanders, on a pro-rata basis, as agreed upon pursuant to this contract, up to and including the day of termination. Zanders agrees it has no property rights pursuant to this Agreement and no cause of action or remedy for termination of this Agreement by City other than as stated herein.
 - Zanders shall have the absolute and immediate right to terminate this Agreement with sixty (60) days' notice to Zanders. Zanders will pay any owed lease payment(s), on a pro-rata basis, as agreed upon pursuant to this contract, up to and including the day of termination. City has no cause of action or remedy for termination of this Agreement by Zanders other than as stated herein.
- <u>Acceptance of Contract</u>. Zanders and City intend to execute this Agreement prior to City obtaining the approvals necessary to give force and effect to this Agreement. City represents that this Agreement must be passed by Resolution and the affirmative vote of the majority of the corporate authorities then holding office. Neither Zanders nor City shall have any obligation under this Agreement until City has obtained all necessary approvals to this Agreement having full force and effect.
- m. Insurance. Zanders agrees it will maintain insurance in such types, coverages and coverage amounts necessary to cover its performance under the terms of this Agreement. Zanders shall secure and maintain the following liability insurance policies insuring Zanders as named insured and naming the City of Highland, Illinois and HCS, and its elected and appointed officers, officials, agents, lawyers, and employees as additional insureds on the policies listed in paragraphs 1 and 2 below:
 - 1) Commercial general liability insurance:
 - A. One million dollars (\$1,000,000) for bodily injury or death to each person;

- B. One million dollars (\$1,000,000) for property damage resulting from any one accident;
- C. One million dollars (\$1,000,000) for all other types of liability;
- 2) Worker's compensation with statutory limits; and
- 3) Employer's liability insurance with limits of not less than one million dollars (\$1,000,000) per employee and per accident.
- n. Equipment. Zanders shall obtain express written consent from HCS, including email communication between Zanders and HCS, prior to installing any necessary fixtures, equipment, or property at the HCS data center, or performing any maintenance work on any fixtures, equipment, or property at the HCS data center. Express written consent, including email communication, from HCS for Zanders to install and maintain all fixtures, equipment, and/or property at the HCS data center shall not be unreasonably withheld. HCS shall have no responsibility for any loss of, or damage to, any of Zanders' fixtures, equipment, or property so installed or maintained in the HCS data center unless such damage or loss is due to HCS's willful misconduct. Zanders shall install and maintain all fixtures, equipment, and/or property in accordance with the laws, rules, regulations, and orders of all governmental authorities having jurisdiction thereof.
- o. <u>Utilities and Real Estate Taxes.</u> City of Highland, Illinois and/or HCS shall be responsible for payment of all utility expenses and real estate taxes.
- <u>p.</u> <u>Default.</u> In the event Zanders fails to pay any installment of the \$500.00 per month lease payment when due, and such failure continues for twenty (20) or more days after written notice from HCS to Zanders, HCS shall have the immediate right to remove all Zanders' fixtures, equipment, or property from the HCS data center, all without service of notice or legal process and without being deemed guilty of trespass or becoming liable for any loss or damage which may be occasioned thereby.
- q. Covenants. HCS covenants and warrants that it has full right and power to execute and perform this Lease; that Zanders shall have quiet and peaceable possession of the leased space as specified herein during the term of this Lease so long as it is not in default of any of the terms and conditions of this Lease. It is understood and agreed that this covenant and any and all other covenants of HCS contained in this Lease shall be binding upon HCS and its successors and assigns only with respect to breaches occurring during its and their respective ownership of HCS's interest hereunder. It is further understood and agreed that with respect to any services to be furnished by HCS to Zanders or any other obligation of HCS under this Lease, HCS shall in no event be liable for failure to furnish the same when prevented or delayed in doing so as a result of Force Majeure, State of Illinois health emergency, Act of God, or for any reasonable period of time for any cause due to any act or neglect of Zanders or its servants, agents, employees, licensees or any person claiming by, through or under Zanders, and in no event shall HCS ever be liable to

Zanders for any indirect or consequential damages, nor shall the same affect the obligation of Zanders to pay rent hereunder except as provided herein and to perform all of the other covenants and agreements hereunder on the part of Zanders required to be performed. Notwithstanding anything to the contrary in this Lease, if any interruption with respect to the services to be provided by HCS continues for five (5) or more consecutive days following notice to HCS by Zanders, and the restoration of such service is within HCS's control, Zanders shall be entitled to a partial abatement of the lease payment in an amount proportional to the extent and for the time period during which HCS is unable to perform pursuant to this Agreement.

IN WITNESS WHEREOF, the parties have hereunto set their hands as of the day and year first above written.

Subject: Addition of Rates for Lease of Data Center Rack Space and Corrections to Code (78-732)

Recommendation:

I respectfully recommend that council approve this Ordinance, which establishes the rate for lease of rack space in the HCS data center. In preparing this Ordinance, some errors in the code were discovered and are hereby corrected.

Discussion:

This ordinance establishes the rate structure allowing HCS to lease rack space in the data center, which will allow the city to enter into contracts such as the one with Zander Sporting Goods being considered at this meeting.

Additionally, this Ordinance resolves issues with the numbering of subsections within Sec. 78-732, the Schedule of FTTP Rates and Charges. All of these subsections were previously approved by council.

Financial Impact:

There is no financial impact.

Description: DK7 Subdivision Preliminary Plat

Proposal Summary

Netemeyer Engineering Associates, Inc. (101 S. Page St, Aviston, IL 62216), on behalf of DK7 Properties LLC (1402 Mercantile Drive), is submitting a preliminary plat for DK7 Subdivision on Highland Road.

Purpose

In order to split the existing parcel into three separate lots, the subdivision process is necessary. However, this subdivision does not involve any new infrastructure.

Both the Public Works and Light and Power departments have verified that all necessary utility easements are shown on the preliminary plat.

Staff Discussion

Staff recommends approval of the DK7 Subdivision preliminary plat in order to split the existing parcel into three separate lots.

RE: Preliminary Plat & Final Plat of DK7 Subdivision

I recommend approval of the preliminary plat and final plat of the DK7 Subdivision.

In order to split the existing parcel into three separate lots, the subdivision process is necessary. However, this subdivision does not involve any new infrastructure. Therefore, dedication of improvements and a maintenance bond are not needed.

It is also important to note that, given that there is no new infrastructure being installed, the preliminary plat and the final plat are identical. A preliminary plat is needed in order to allow the Combined Planning & Zoning Board to hold a hearing on it and a final plat is needed in order to record the subdivision with Madison County.

RESOLUTION NO.

A RESOLUTION MAKING SEPARATE STATEMENT OF FINDINGS OF FACT IN CONNECTION WITH ORDINANCE GRANTING SPECIAL USE PERMIT FOR SHORT-TERM RENTAL WITHIN THE R-1-D ZONING DISTRICT

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, Section 90-81 of the *Code of Ordinances, City of Highland*, provides that the City Council "may grant a special use permit by ordinance," but requires that "In a separate statement accompanying any such ordinance, the Council shall state findings of fact, and indicate reasons for approving . . . the request for a special use permit;" and

WHEREAS, Kelly Hunt & Matt Bugger, of 1306 6th Street ("Owners") have filed a Petition for a Special Use Permit to allow for a short-term rental within the R-1-D zoning district at 1305 6th Street, Highland, IL 62249, in accord with the *Code of Ordinances, City of Highland*; and

WHEREAS, a copy of the Petition for a Special Use Permit is attached as **Exhibit A** and incorporated by reference as though fully set forth herein; and

WHEREAS, a copy of the Combined Planning and Zoning Board ("CPZB") Staff
Report is attached hereto as **Exhibit B** and incorporated by reference as though fully set forth herein; and

WHERAS, Exhibit A and Exhibit B were all considered as part of the Petition for a Special Use Permit by CPZB; and

WHEREAS, CPZB recommended approval of this special use pursuant to Exhibit A and Exhibit B. See CPZB Determination of Special Use Permit attached hereto as Exhibit C.

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF HIGHLAND:

Section 1. The City Council makes the following findings of fact concerning the procedures followed to present the Petition for a Special Use Permit (Exhibit A, B) for approval:

- (a) The Administrator to whom the Petition for a Special Use Permit was submitted referred the matter to the Combined Planning and Zoning Board.
- (b) The Combined Planning and Zoning Board met in regular session on December 2, 2020, at 7:00 p.m., at City Hall, 1115 Broadway, Highland, Illinois, to consider and act upon the Petition for a Special Use Permit.

Our home has a long history of many businesses in Highland, most recently owned by the Wicks Organ Co used as a small warehouse. In 2009 we purchased and repurposed this beautiful old building into our home.

We are wanting to use the upstairs as a VRBO for families. This space is about 2800 sq. ft. fitted with a full kitchen, 2 full bathrooms, 2 bedrooms with 2 sofa-sleepers and an area set up for children with a double-bunk bed.

We are able to sleep 8 adults & 3 children or other variations. We believe we will be able to occupy nearly every weekend 8-9 months per year with referrals from Jennifer/Wicks and others such as Brendan/CyganDelany's. We will comply with occupancy standards.

We will offer handicap accessibility with our elevator, which will only be used by us, the owners. At all other times the elevator will be locked from the inside. We do not see a problem with parking out front or in the back. We expect to possibly use 4 spots at most each weekend 2 in front and 2 in back.

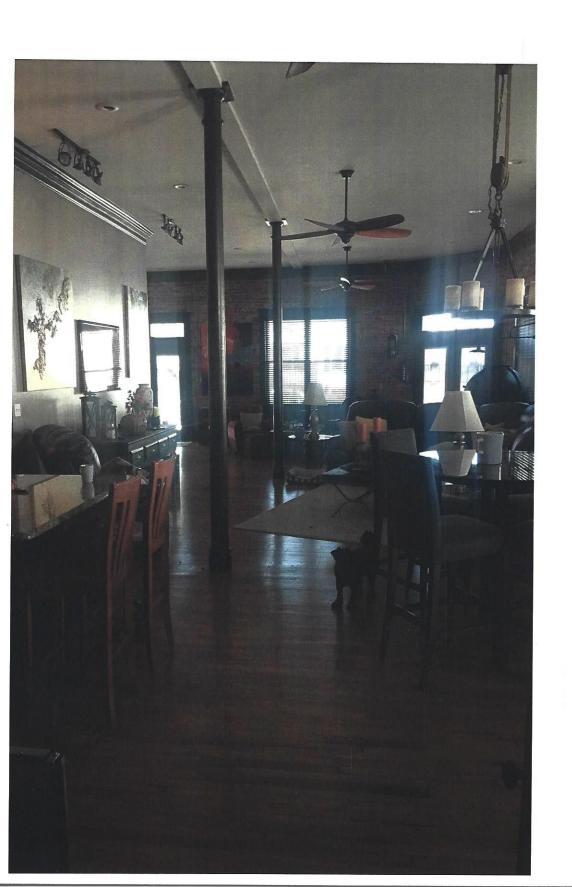

We will be setting House Rules which will be 100% enforced. Noise levels will be kept to a minimum when outdoors, and no loud parties allowed in doors - as this is our home as well. All trash will be attended to each morning or afternoon.

Examples of common house rules:

- 1. No burning candles
- 2. No guests of guests
- 3. No loud parties
- 4. No smoking inside
- 5. Maximum occupancy

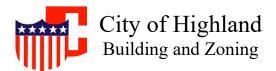

We will offer completely clean and sanitized quarters, as well as cleaning supplies to be used by short term renters. Whether Covid concerns are going on or not, we will always sanitize and clean before each family arrives. We will leave local materials of other businesses that families may need throughout their stay. We will also leave a list of important phone numbers such as police, ambulance, fire dept, and hospital as well as many others. We have a first aid kit available in plain sight. We will be installing an intercom system for any emergencies or in case a need arises, as well as being available 24/7 by cell phone. We will ensure our home is compliant with local fire codes, and has functioning smoke and carbon monoxide detectors as well as a fire extinguisher. We have fire escape routes clearly marked in the event of an emergency.

This type of business always increases revenue in the community. We will urge families to utilize local businesses and have a small rack available with brochures from any businesses that want to leave their information.

Zoning Request: Special Use Permit

Description: SUP to allow for a short-term rental in the R-1-D district

Proposal Summary

The applicants and property owners are Kelly Hunt & Matt Bugger. The applicants of this case are requesting the following Special Use Permit to comply with Table 3.1 of Section 90-201 of the City of Highland Municipal Code (hereafter known as the "zoning matrix"):

- Kelly Hunt & Matthew Bugger (1306 6th Street) are requesting a Special Use Permit for a short-term rental at 1306 6th Street.

The zoning matrix identifies "short term rental" as Special Use within the R-1-D single family residential zoning district.

Comprehensive Plan Consideration

The subject property is denoted as downtown on the Comprehensive Plan's Future Land Use Map. A short-term renal is an appropriate Special Use for the downtown area.

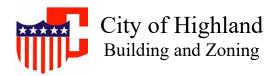

Surrounding Uses

Direction	Land Use	Zoning
North	WestRock Packaging Supply Store	Industrial
South	Single-Family Residence	R-1-D
East Single-Family Residence R-1-D		R-1-D
West	Single-Family Residence	R-1-D

Standards of Review for Special Use Permits

Below are the six (6) consideration items listed in Section 90-79 of the Zoning Code which the Combined Planning and Zoning Board shall take into account while reviewing a SUP request.

1. Whether the proposed amendment or Special Use is consistent with the City's Comprehensive Plan;

The proposed Special Use is consistent with the Comprehensive Plan.

2. The effect the proposed amendment or Special Use would have on public utilities and on traffic circulation;

The proposed short-term rental would not have an adverse effect on public utilities or traffic circulation on nearby streets. Off-street parking may need to be identified.

3. Whether the proposed design, location and manner of operation of the proposed Special Use will adequately protect the public health, safety and welfare, and the physical environment;

The proposed Special Use will adequately protect the public health, safety and welfare, and the physical environment.

4. The effect the proposed Special Use would have on the value of neighboring property and on this City's overall tax base;

The proposed Special Use will not have a detrimental impact on the value of neighboring property. It will contribute to the City's overall tax base through the hotel-motel tax generated.

5. The effect the proposed Special Use would have on public utilities; and

The proposed Special Use will utilize public utilities.

6. Whether there are any facilities near the proposed Special Use, such as schools or hospitals that require special protection.

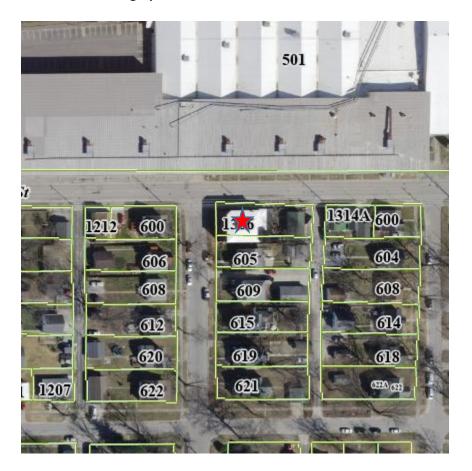

There are no facilities near the proposed Special Use that require the need for special protection.

Staff Discussion

There is a need for more hospitality businesses in Highland, especially during special events. A new short-term rental would help to relieve this problem. The proposed unit is nicely furnished to accommodate guests.

City Staff noticed that this area is currently zoned C-2 Central Business District, although it consists of solely single-family residences and the intention of this area is to remain single-family residential.

It is City Staff's conclusion that Widmer Floral once owned a large portion of this area and the area was zoned C-2 for the floral company. It was never rezoned when it became a single-family residential area.

It is important to rezone this area so that single-family homes are a conforming use. They are currently legal nonconforming in C-2.

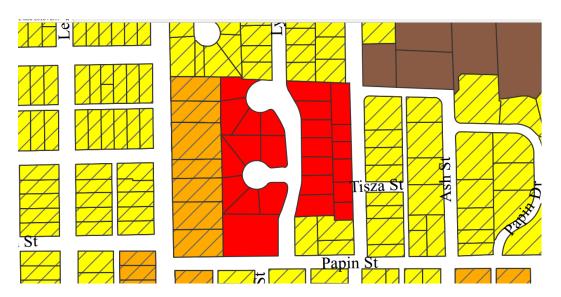

A letter that was mailed to the property owners is enclosed. City Staff has received 20 returned forms of support from property owners. At the time of this staff report, City Staff has been unable to make contact with 3 of the 23 property owners. Attempts of contact include a mailed letter, knocking on the door, and calling the number on file for each of the 3 property owners we have not received a response from.

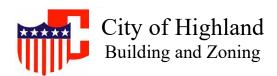

Comprehensive Plan Consideration

The Comprehensive Plan and Future Land Use Map are considered policy guides to current and future development. While they do not have the force of an ordinance, it is generally recommended that municipalities adhere to the findings, policies, principals, and recommendations in these documents. Changes and deviations are permissible, but they should be reasonably justified.

The subject property is denoted as Medium Density Residential on the Comprehensive Plan's Future Land Use Map. The applicant's request is consistent with the Future Land Use Map and the goals and policies established within the Comprehensive Plan.

Standards of Review for Zoning Map Amendments and Findings of Fact

Below are the nine (9) consideration items listed in Section 90-88 of the Zoning Code which the Combined Planning and Zoning Board shall take into account while reviewing a zoning map amendment request.

Existing use and zoning of the property in question.
 The property is currently C-2 and consists of single-family homes.

2. Existing use and zoning of other lots in the vicinity of the property in question.

Direction	Land Use	Zoning
North	Single-Family Residences	R-1-D
South	Widmer Floral; Single-Family Residences	C-2; R-1-D
East	Single-Family Residences	R-1-D
West	One & Two-Family Residences	R-2-B

- 3. The extent to which the zoning map amendment may detrimentally affect nearby properties. The rezoning will not have a negative effect on nearby properties.
- 4. Suitability of the property in question for uses already permitted under existing requirements. The property is suitable for single-family residences.
- 5. Suitability of the property in question for the proposed uses. There are no proposed new uses.
- 6. The type, density and character of development in the vicinity of the property in question, including changes, if any, which may have occurred since the property was initially zoned or last rezoned.

This property has become a residential area since it was initially zoned.

7. The effect the proposed map amendment would have on the implementation of the City's Comprehensive Plan.

The amendment is consistent with the Comprehensive Plan.

- 8. The effect the proposed map amendment would have on public utilities, other needed public services and traffic circulation on nearby streets.
 - The amendment will not affect public utilities, public services, or traffic.
- 9. Whether the map amendment will promote the health, safety, quality of life, comfort and general welfare of the city.
 - The amendment will promote the health, safety, quality of life, comfort and general welfare of the city.

Each of the above properties are currently within the C-2 Central Business District. Within this zoning district, single-family homes are disallowed. This means that any existing single-family home within this district is considered legal nonconforming and, if destroyed, can only be rebuilt within one year and only within the previous footprint. There are also restrictions regarding enlargement or significant alterations to existing homes within this zoning district.

This zoning district also allows for most types of businesses, which is not typically desired in a single-family residential area, as it can cause excess noise and lighting, traffic concerns, and other undesirable effects for neighboring residences.

In the R-1-D Single-Family Residential District, single-family homes are an allowed use. Most businesses are not permitted within this district (with the exception of non-obtrusive home occupations). Therefore, City Staff believes it is in the best interest of the City and property owners of the above properties to rezone from C-2 to R-1-D.

Property value and taxes would not be affected by the rezoning of the above properties. Zoning districts are not considered when assessing property value and taxes. Rather, the property use itself is considered.

If you are in support of rezoning your property, please complete, sign, and submit the enclosed form to the Building & Zoning Department. You may drop off your form to our office at 2610 Plaza Drive or you may email it to highlandil.gov. We are open 8:00am-4:30pm. The drop box may be used after hours. You may also mail the form to the following address:

If you are not in support of the rezoning of your property, please submit a written statement to the Building & Zoning department using the above methods of contact.

Beginning on October 26, 2020, we will begin to make individual contact with those who we have not received a signed form or written statement from.

If you have any questions, please contact Breann Speraneo, Director of Community Development at 618-654-7115 or highlandil.gov. You may also request a meeting with Breann at the Building & Zoning office.

(hereinafter "Properties") and;

WHEREAS, City has determined it is in the best interests of public health, safety, general welfare, and economic welfare to rezone the Properties from R-2-B to R-3; and

WHEREAS, City has determined this rezoning is due to the following recent Zoning Code Text Amendment, recommended by the Combined Planning & Zoning Board on September 2, 2020 and approved by the City Council on September 7, 2020:

The City of Highland (1115 Broadway) is requesting a text amendment to Section 90-127 of the Municipal Code to reduce R-2-A and R-2-B zoning districts to one and two unit dwellings and to correct an error pertaining to R-3.

(hereinafter "Text Amendment"); and

- WHEREAS, The purpose of the Text Amendment was to ensure the City Code's text aligns with the City Zoning Matrix of allowed uses and to require future multifamily developments to be within a zoning district that allows for more than two-unit dwellings; and
- **WHEREAS**, as a result of this Text Amendment, the existing Flax Meadows four-unit dwellings within the R-2-B district on Flax Drive are now considered legal nonconforming; and
- **WHEREAS**, City Staff recommends the rezoning of Flax Drive from R-2-B to R-3 to allow for the existing multi-family dwellings to be a conforming use, and to allow for Flax Meadows to complete additional phases of development. A Planned Unit Development is also recommended to make the use conforming; and
- WHEREAS, the Combined Planning and Zoning Board ("CPZB") of City held a properly noticed public hearing on December 2, 2020, and has submitted its advisory report, attached hereto as **Exhibit A**; and
- **WHEREAS**, the CPZB's advisory report advises the City Council to approve the rezoning request for the Properties (*see* **Exhibit A**); and
- **WHEREAS**, City has determined it should approve the Properties being rezoned from R-2-B to R-3; and
- **WHEREAS**, the City Manager and/or Mayor is authorized and directed to sign any documents required to rezone the Properties from R-2-B to R-3.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Highland as follows:

- Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.
- Section 2. The City of Highland Official Zoning Map is hereby amended to indicate that change in zoning classification, from R-2-B to R-3, for the Properties in question.

Date of Sent Notice: 11/4/2020 Public Hearing Date: 12/2/2020

On December 2, 2020, the City of Highland Combined Planning and Zoning Board at its regular meeting approved denied a request for rezoning for the following:

Flax Meadow LP (28 E. Saint Charles Rd, Villa Park, IL) and Grandview Farm LP (10205 State Route 143, Marine, IL) are requesting to rezone 216, 217, 220, 221, 224, 225, 228, 229, 232, 233, 236, 237, 240, 241, 244, 245, 248, 249, 252, 253, 256, 257 Flax Drive from R-2-B Multiple Family Residential to R-3 Multiple Family Residential.

The City Council will consider the recommendation of the Combined Planning and Zoning Board at the December 7, 2020 meeting of the City Council.

In recommending APPOUAL (action) of this request for rezoning, the Combined Planning and Zoning Board considered all standards listed in the zoning regulation and all other conditions listed for that use in other sections of these regulations. In addition, the Combined Planning and Zoning Board found that the proposed use did/did not provide safeguards to assure its compatibility with the surrounding area.

This rezoning is due to the following recent Zoning Code text amendment, recommended by the Combined Planning & Zoning Board on September 2, 2020 and approved by the City Council on September 7, 2020:

The City of Highland (1115 Broadway) is requesting a text amendment to Section 90-127 of the Municipal Code to reduce R-2-A and R-2-B zoning districts to one and two unit dwellings and to correct an error pertaining to R-3.

The purpose of this text amendment was to ensure that the Municipal Code's text aligns with the zoning matrix of allowed uses and to require future multifamily developments to be within a zoning district that allows for more than two-unit dwellings.

This text amendment was not created to cause difficulty for existing multifamily developments. As a result of this text amendment, the existing Flax Meadows four-unit dwellings with the R-2-B district on Flax Drive are now considered legal nonconforming.

City Staff recommends the rezoning of Flax Drive from R-2-B to R-3 to allow for the existing multifamily dwellings to be a conforming use and to allow for the Flax Meadows development to complete phase two of construction. A Planned Unit Development is also recommended in order to make the use conforming.

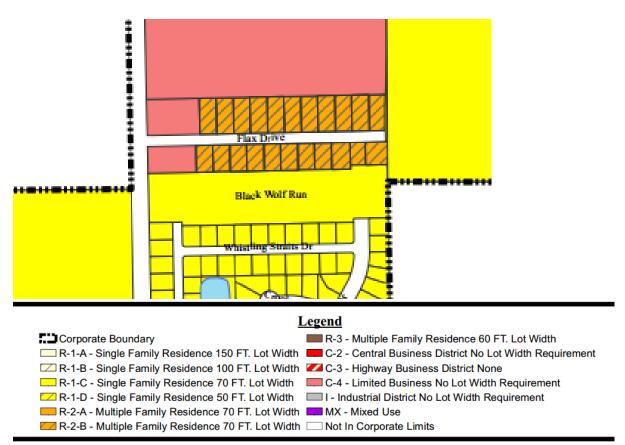

Comprehensive Plan Consideration

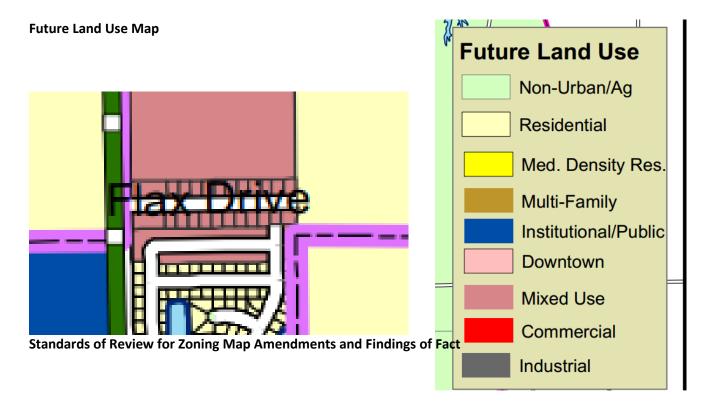

The Comprehensive Plan and Future Land Use Map are considered policy guides to current and future development. While they do not have the force of an ordinance, it is generally recommended that municipalities adhere to the findings, policies, principals, and recommendations in these documents. Changes and deviations are permissible, but they should be reasonably justified.

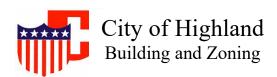

The subject property is denoted as Mixed Use on the Comprehensive Plan's Future Land Use Map. The applicant's request is consistent with the Future Land Use Map and the goals and policies established within the Comprehensive Plan.

Zoning Map

Below are the nine (9) consideration items listed in Section 90-88 of the Zoning Code which the Combined Planning and Zoning Board shall take into account while reviewing a zoning map amendment request.

Existing use and zoning of the property in question.
 The property currently consists of Flax Meadows multifamily units and vacant lots.

2. Existing use and zoning of other lots in the vicinity of the property in question.

Direction	Land Use	Zoning
North	Vacant Land	C-4
South	Vacant Land	R-1-C
East	Vacant Land	R-1-C
West	Vacant Land	C-4

- 3. The extent to which the zoning map amendment may detrimentally affect nearby properties. The rezoning will not have a negative effect on nearby properties.
- 4. Suitability of the property in question for uses already permitted under existing requirements. The property is suitable for Flax Meadows development.
- 5. Suitability of the property in question for the proposed uses. The property is suitable for the Flax Meadows development.
- 6. The type, density and character of development in the vicinity of the property in question, including changes, if any, which may have occurred since the property was initially zoned or last rezoned.

The property has not changed. This rezoning is the result of a text amendment, not land use.

7. The effect the proposed map amendment would have on the implementation of the City's Comprehensive Plan.

The amendment is consistent with the Comprehensive Plan.

8. The effect the proposed map amendment would have on public utilities, other needed public services and traffic circulation on nearby streets.

The amendment will not affect public utilities, public services, or traffic.

9. Whether the map amendment will promote the health, safety, quality of life, comfort and general welfare of the city.

The amendment will promote the health, safety, quality of life, comfort and general welfare of the city.

Staff Discussion

This rezoning has been made necessary due to unintended consequences of a text amendment to correct an error in the code. Staff supports the rezoning.

WHEREAS, a copy of the Petition for a Special Use Permit and Planned Unit Development is attached as Exhibit A and incorporated by reference as though fully set forth herein; and

WHEREAS, City has determined that it is in the best interests of public health, safety, general welfare, and economic welfare to approve the Special Use Permit for a Planned Unit Development at the Properties, and pursuant to **Exhibit A**.

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF HIGHLAND:

Section 1. The City Council makes the following findings of fact concerning the procedures followed to present the Petition for a Special Use Permit authorizing a Planned Unit Development (**Exhibit A**):

- (a) The Administrator to whom the Petition for a Special Use Permit authorizing a Planned Unit Development was submitted referred the matter to the City Combined Planning and Zoning Board (hereinafter "CPZB").
- (b) The CPZB met in regular session on December 2, 2020, at 7:00 p.m. at City Hall, 1115 Broadway, Highland, Illinois, to consider and act upon the Petition for a Special Use Permit authorizing a Planned Unit Development.

- (c) Public notice of the hearing to be held at the CPZB meeting was published according to Illinois law, and the applicant was notified of the hearing to be held at the meeting by first class mail, with postage thereon fully prepaid.
- (d) Specific notices of the hearing to be held at the meeting were also sent by first class United States mail, with postage thereon fully prepaid to persons shown on the list attached as **Exhibit B** and incorporated by reference as though herein fully set forth.
- (e) The notice was given not less than 15 days or more than 30 days before the hearing.
- (f) At the hearing, the CPZB took and heard evidence, and the CPZB has prepared and submitted its advisory report to the City Council. *See* Combined Planning and Zoning Board Advisory Report attached hereto as **Exhibit C**.
- (g) The City Council finds the steps recited above, in compliance with the City Code of Ordinances, to be facts, and further finds and determines that the matters and proceedings to date are in accordance with the City Code of Ordinances.
- Section 2. The City Council makes the following findings of fact concerning the merits of the Petition for a Special Use Permit authorizing a Planned Unit Development (**Exhibit A**):
 - (a) The proposed Special Use will adequately protect the public health, safety, general welfare, economic welfare, and the physical environment of the surrounding area and the City of Highland.
 - (b) The proposed Special Use would not have an adverse effect on public utilities or traffic circulation on nearby streets.
 - (c) There are no facilities near the proposed Special Use that require the need for special protection.
 - (d) The location where the Special Use will be made, pursuant to the Special Use Permit authorizing a Planned Unit Development, is zoned "R3" according to the zoning change made prior to passage of this Resolution and according to the City Code of Ordinances.
 - (e) The granting of this Special Use Permit for a Planned Unit Development would be in the best interest of the City, and, so, the Special Use Permit should be granted by ordinance.
- Section 3. This Resolution shall constitute the separate statement of findings of fact supporting the granting of the Special Use Permit for a Planned Unit Development, required by Section 90-81 of the Code of Ordinances, City of Highland, and shall be permanently attached to the ordinance adopted granting the Special Use Permit.

Date Advertised: 11/4/2020, 11/5/2020

Public Hearing Date: 12/2/2020

On December 2, 2020, the City of Highland Combined Planning and Zoning Board at its regular meeting approved, denied, waived, tabled a planned unit development for the following:

Flax Meadow LP (28 E. Saint Charles Rd, Villa Park, IL) is requesting a Planned Unit Development for 216, 220, 224, 228, 232, 236, 240, 244 Flax Drive.

In recommending APROVAL (action) of this planned unit development, the Combined Planning and Zoning Board considered all standards listed in the zoning regulation and all other conditions listed for that use in other sections of these regulations. In addition, the Combined Planning and Zoning Board found that the proposed amendment did/did not provide safeguards to assure its compatibility with the surrounding area.

Zoning Request: Planned Unit Development

Description: PUD for existing Flax Meadows residential dwelling units

Proposal Summary

Flax Meadow LP (28 E. Saint Charles Rd, Villa Park, IL) is the applicant and property owner. The applicant is requesting a Planned Unit Development for eight 4-unit dwellings and an office building at:

PIN#	Address	Owner

02-2-18-28-13-301-021	244 Flax Drive	Flax Meadow LP

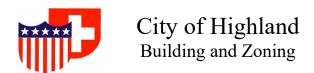

This Planned Unit Development is needed due to the following recent Zoning Code text amendment, recommended by the Combined Planning & Zoning Board on September 2, 2020 and approved by the City Council on September 7, 2020:

The City of Highland (1115 Broadway) is requesting a text amendment to Section 90-127 of the Municipal Code to reduce R-2-A and R-2-B zoning districts to one and two unit dwellings and to correct an error pertaining to R-3.

The purpose of this text amendment was to ensure that the Municipal Code's text aligns with the zoning matrix of allowed uses and to require future multifamily developments to be within a zoning district that allows for more than two-unit dwellings.

This text amendment was not created to cause difficulty for existing multifamily developments. As a result of this text amendment, the existing Flax Meadows four-unit dwellings with the R-2-B district on Flax Drive are now considered legal nonconforming.

City Staff recommends a Planned Unit Development to be issued for the existing Flax Meadows dwelling units in order to make them a conforming use.

Comprehensive Plan Consideration

The Comprehensive Plan and Future Land Use Map are considered policy guides to current and future development. While they do not have the force of an ordinance, it is generally recommended that municipalities adhere to the findings, policies, principals, and recommendations in these documents. Changes and deviations are permissible, but they should be reasonably justified.

The subject property is denoted as Mixed Use on the Comprehensive Plan's Future Land Use Map. The applicant's request is consistent with the Future Land Use Map and the goals and policies established within the Comprehensive Plan.

Standards of Review for Zoning Map Amendments and Findings of Fact

Below are the nine (9) consideration items listed in Section 90-88 of the Zoning Code which the Combined Planning and Zoning Board shall take into account while reviewing a zoning map amendment request.

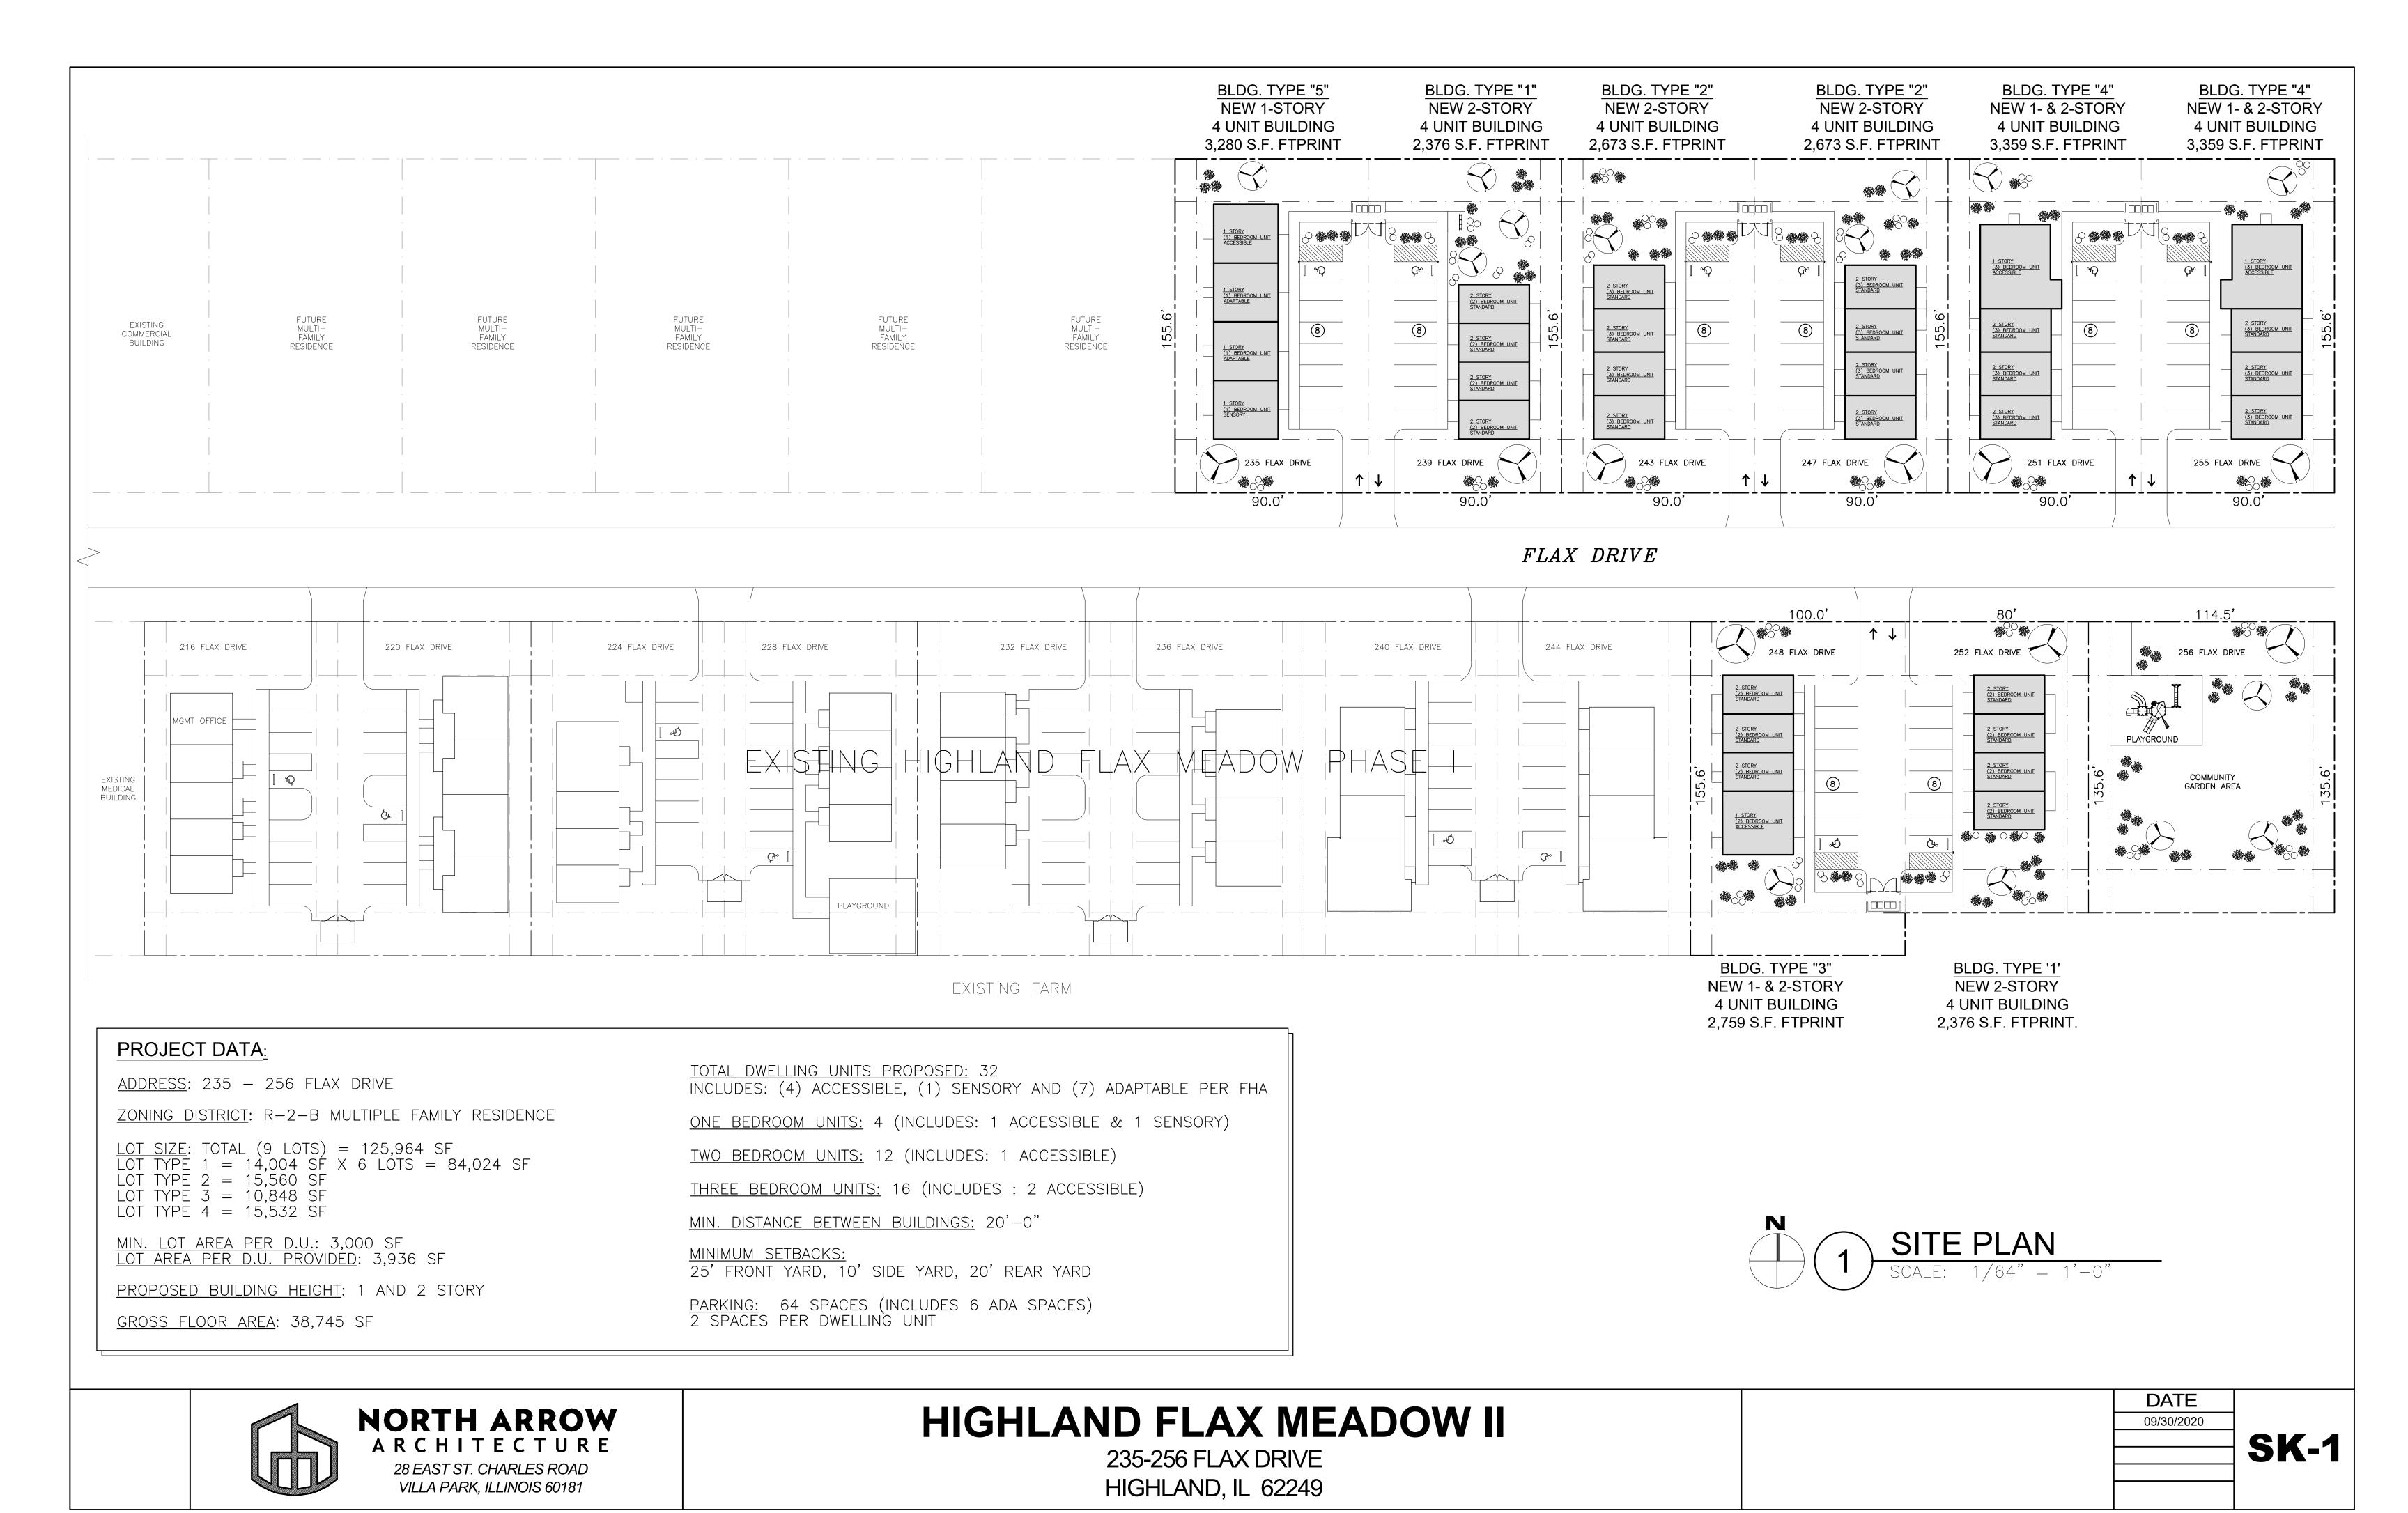

- (1) Whether the proposed amendment or special use is consistent with the city's comprehensive plan;
 - It is consistent. This is an already existing use.
- (2) The effect the proposed amendment or special use would have on public utilities and on traffic circulation;
 - There existing use utilizes public utilities and does not have an effect on traffic circulation.
- (3) Whether the proposed design, location and manner of operation of the proposed special use will adequately protect the public health, safety and welfare, and the physical environment; The existing use adequately protects the public health, safety and welfare, and the physical environment.
- (4) The effect the proposed special use would have on the value of neighboring property and on this city's overall tax base;
 - The existing uses does not have a negative effect on the value of the neighboring property and the city's overall tax base.
- (5) The effect the proposed special use would have on public utilities; and The existing use utilizes public utilities.
- (6) Whether there are any facilities near the proposed special use, such as schools or hospitals that require special protection.
 - There are no facilities near the existing use that require special protection.

Staff Discussion

This PUD has been made necessary due to unintended consequences of a text amendment to correct an error in the code. Staff supports the PUD and has completed the paperwork on behalf of the applicants.

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF HIGHLAND:

Section 1. The City Council makes the following findings of fact concerning the procedures followed to present the Petition for a Special Use Permit authorizing a Planned Unit Development (**Exhibit A**):

- (a) The Administrator to whom the Petition for a Special Use Permit authorizing a Planned Unit Development was submitted referred the matter to the City Combined Planning and Zoning Board (hereinafter "CPZB").
- (b) The CPZB met in regular session on December 2, 2020, at 7:00 p.m. at City Hall, 1115 Broadway, Highland, Illinois, to consider and act upon the Petition for a Special Use Permit authorizing a Planned Unit Development.

- (c) Public notice of the hearing to be held at the CPZB meeting was published according to Illinois law, and the applicant was notified of the hearing to be held at the meeting by first class mail, with postage thereon fully prepaid.
- (d) Specific notices of the hearing to be held at the meeting were also sent by first class United States mail, with postage thereon fully prepaid to persons shown on the list attached as **Exhibit B** and incorporated by reference as though herein fully set forth.
- (e) The notice was given not less than 15 days or more than 30 days before the hearing.
- (f) At the hearing, the CPZB took and heard evidence, and the CPZB has prepared and submitted its advisory report to the City Council. *See* Combined Planning and Zoning Board Advisory Report attached hereto as **Exhibit C**.
- (g) The City Council finds the steps recited above, in compliance with the City Code of Ordinances, to be facts, and further finds and determines that the matters and proceedings to date are in accordance with the City Code of Ordinances.
- **Section 2.** The City Council makes the following findings of fact concerning the merits of the Petition for a Special Use Permit authorizing a Planned Unit Development (**Exhibit A**):
 - (a) The proposed Special Use will adequately protect the public health, safety, general welfare, economic welfare, and the physical environment of the surrounding area and the City of Highland.
 - (b) The proposed Special Use would not have an adverse effect on public utilities or traffic circulation on nearby streets.
 - (c) There are no facilities near the proposed Special Use that require the need for special protection.
 - (d) The location where the Special Use will be made, pursuant to the Special Use Permit authorizing a Planned Unit Development, is zoned "R3" according to the zoning change made prior to passage of this Resolution and according to the City Code of Ordinances.
 - (e) The granting of this Special Use Permit for a Planned Unit Development would be in the best interest of the City, and, so, the Special Use Permit should be granted by ordinance.
- **Section 3.** This Resolution shall constitute the separate statement of findings of fact supporting the granting of the Special Use Permit for a Planned Unit Development, required by Section 90-81 of the Code of Ordinances, City of Highland, and shall be permanently attached to the ordinance adopted granting the Special Use Permit.

Section 4. This Resolution shall be effective upon its passage and approximately app	on shall be known as Resolution No and opproval in accordance with law.

On December 2, 2020, the City of Highland Combined Planning and Zoning Board at its regular meeting approved, denied, waived, tabled a planned unit development for the following:

North Arrow Development (28 E. Saint Charles Rd, Villa Park, IL), on behalf of Grandview Farm LP (10205 State Route 143, Marine, IL), is requesting a Planned Unit Development for 237, 241, 245, 248, 249, 252, 253, 256, 257 Flax Drive.

In recommending APPROVAL (action) of this planned unit development, the Combined Planning and Zoning Board considered all standards listed in the zoning regulation and all other conditions listed for that use in other sections of these regulations. In addition, the Combined Planning and Zoning Board found that the proposed amendment did/did not provide safeguards to assure its compatibility with the surrounding area.

02-2-18-28-13-301-001	257 Flax Driv	e Grandview Farm LP

The proposed development consists of:

- (4) one-bedroom units (1 accessible & one sensory)
- (12) two-bedroom units (1 accessible)
- (16) three-bedroom units (2 accessible)
- Playground & community garden area
- 64 parking spaces (6 ADA)

This Planned Unit Development is needed due to the following recent Zoning Code text amendment, recommended by the Combined Planning & Zoning Board on September 2, 2020 and approved by the City Council on September 7, 2020:

The City of Highland (1115 Broadway) is requesting a text amendment to Section 90-127 of the Municipal Code to reduce R-2-A and R-2-B zoning districts to one and two unit dwellings and to correct an error pertaining to R-3.

The purpose of this text amendment was to ensure that the Municipal Code's text aligns with the zoning matrix of allowed uses and to require future multifamily developments to be within a zoning district that allows for more than two-unit dwellings.

This text amendment was not created to cause difficulty for existing multifamily developments. As a result of this text amendment, the existing Flax Meadows development is must obtain a PUD for any future expansions.

City Staff recommends a Planned Unit Development to be issued for the continuation of Flax Meadows.

Comprehensive Plan Consideration

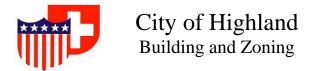

The Comprehensive Plan and Future Land Use Map are considered policy guides to current and future development. While they do not have the force of an ordinance, it is generally recommended that municipalities adhere to the findings, policies, principals, and recommendations in these documents. Changes and deviations are permissible, but they should be reasonably justified.

The subject property is denoted as Mixed Use on the Comprehensive Plan's Future Land Use Map. The applicant's request is consistent with the Future Land Use Map and the goals and policies established within the Comprehensive Plan.

Standards of Review for Zoning Map Amendments and Findings of Fact

Below are the nine (9) consideration items listed in Section 90-88 of the Zoning Code which the Combined Planning and Zoning Board shall take into account while reviewing a zoning map amendment request.

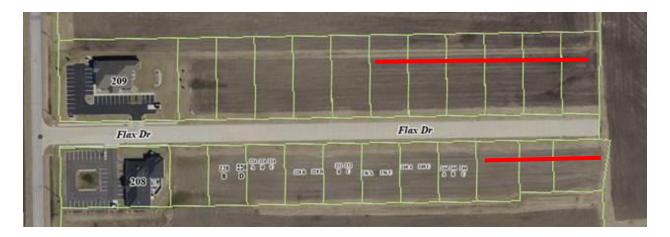

- (1) Whether the proposed amendment or special use is consistent with the city's comprehensive plan;
 - It is consistent.
- (2) The effect the proposed amendment or special use would have on public utilities and on traffic circulation;
 - The use would utilize public utilities and would not have an effect on traffic circulation.
- (3) Whether the proposed design, location and manner of operation of the proposed special use will adequately protect the public health, safety and welfare, and the physical environment; The existing use adequately protects the public health, safety and welfare, and the physical environment.
- (4) The effect the proposed special use would have on the value of neighboring property and on this city's overall tax base;
 - The use would not have a negative effect on the value of the neighboring property and the city's overall tax base.
- (5) The effect the proposed special use would have on public utilities; and The use would utilize public utilities.
- (6) Whether there are any facilities near the proposed special use, such as schools or hospitals that require special protection.
 - There are no facilities near the existing use that require special protection.

Staff Discussion

This PUD has been made necessary due to unintended consequences of a text amendment to correct an error in the code. Staff supports the PUD and has completed the paperwork on behalf of the applicants.
