--	--

**PLEASE SEE THE FOLLOWING PAGE FOR INSTRUCTIONS
FOR MONITORING AND PARTICIPATING IN THIS PUBLIC MEETING**

BE ADVISED this is a public meeting conducted in accordance with Illinois state law and may be recorded for audio and video content. City reserves the right to broadcast or re-broadcast the content of this meeting at City's sole discretion. City is not responsible for the content, video quality, or audio quality of any City meeting broadcast or re-broadcast.

Directions for Public Monitoring of Highland City Council Meetings:

In an effort to protect as many individuals as possible, including the leaders of our communities statewide, Governor J.B. Pritzker has issued a number of directives, one of which was to suspend the provisions of the Illinois Open Meetings Act (5 ILCS 120), requiring or relating to in-person attendance by members of a public body. Specifically, (1) the requirement in 5 ILCS 120/2.01 that "members of a public body must be physically present;" and (2) the conditions in 5 ILCS 120/7 limiting when remote participation is permitted, are suspended. Public bodies are encouraged to postpone consideration of public business where possible. When a meeting is necessary, public bodies are encouraged to provide video, audio, and/or telephonic access to their meetings to ensure members of the public may monitor the meeting, and to update their websites and social media feeds to keep the public fully apprised of any modifications to their meeting schedules or the format of their meetings due to COVID-19, as well as their activities relating to COVID-19.

In following this directive, the City of Highland is providing the following phone number for use by citizens to call in just before the start of this meeting:

618-882-5625

Once connected, you will be prompted to enter a conference ID number.

Conference ID #: 867900

This will allow a member of the public to hear the city council meeting. **Note:** This is for audio monitoring of the meeting, only. Participants will not be able make comments.

Anyone wishing to address the city council on any subject during the Public Forum portion of the meeting may attend the meeting in-person, or may submit their questions/comments in advance via email to lhediger@highlandil.gov or, by using the citizens' portal on the city's website found here: https://www.highlandil.gov/citizen_request_center_app/index.php.

Any comments received prior to the end of the "Public Forum" portion of the meeting, will be read into the record.

CITY OF HIGHLAND

SPECIAL EVENT APPLICATION

Authorized under City Ordinance Sec. 64-3-1

PURPOSE: The City of Highland supports various community activities and festivals throughout the year. Establishing public safety and coordinating needs between the events and the city are the overall goals of this process. It is the responsibility of the specific event Sponsors to obtain, complete, and follow through the application process for city approval.

SPECIAL EVENT: A "Special Event" is defined as: (1) any event, race, gathering, demonstration, or service; (2) that occurs partially or completely within the jurisdiction of the City of Highland; (3) is expected to draw crowds in excess of one hundred fifty (150) attendees; and (4) is expected to or could disrupt normal daily functions within the City of Highland including but not limited to traffic congestion and excess noise; or could create a public health/safety concern without proper precautions or prior planning. Specific examples would include (but are not limited to): The Kirchenfest, Schweizerfest, 5K runs, parades, Art in the Park, Fourth of July Festivities, Madison County Fair, etc. The City Manager will make the final determination as to whether an event qualifies. This will be based upon the totality of the circumstances presented.

PROCEDURE:

1. All Requests will be directed to Highland City Hall, to the attention of the Deputy City Clerk.
2. Applications will be available at Highland City Hall, Monday-Friday, 8:00 am to 5:00 pm or online through the City's web site.
3. Applications will be completed by the Event Sponsor and submitted at least 60 days prior to the event. The application must be signed by the Event Sponsor Responsible Party. Incomplete applications will not be accepted. If an application is accepted and later determined to be incomplete, the applicant will be notified by the Deputy Clerk. Failure to provide information will result in denial of application.
4. The Deputy City Clerk will forward the application to all city departments that have responsibilities relating to the event. If necessary, a committee meeting involving the event Sponsor and city stakeholders may take place to clarify questions, determine specific needs, and address concerns.
5. The event Sponsor is required to obtain final approval for the special event from the City Manager. The City Council may announce the special event to the public at a scheduled Council meeting.

MEMO TO: City Council Members
FROM: Mayor Joseph R. Michaelis
SUBJECT: Appointment to Cemetery Board of Managers
DATE: February 26, 2021

Due to the resignation of Mr. Dennis Rinderer, a vacancy exists on the Cemetery Board of Managers. I have attached an application provided by Mr. Benton Eberwein. I believe Mr. Eberwein may be a valuable asset in this position. I am, therefore, requesting your approval of the appointment of Mr. Benton Eberwein to the Cemetery Board of Managers for the remainder of Mr. Rinderer's term which will expire on March 1, 2022.

ORDINANCE NO. _____

**AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP
FOR CITY OF HIGHLAND FOR 2021**

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter “City”), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, 65 ILCS 5/11-13-19 states the corporate authorities shall cause to be published no later than March 31 of each year a map clearly showing the existing zoning uses, divisions, restrictions, regulations and classifications of such municipality for the preceding calendar year; and

WHEREAS, Section 90-112 of the City Code of Ordinances states, in pertinent part:

(1)The official zoning map shall be identified by the signature of the mayor and attested by the city clerk, and bearing the seal of the city under the following words, "This is to certify that this is the Official Zoning Map referred to in Section 3-2 of Ordinance No. 1139 of the City of Highland, State of Illinois," together with the date of the adoption of the ordinance from which this chapter derives;

and

WHEREAS, City has determined a new Official Zoning Map for City of Highland shall be adopted for 2021; and

WHEREAS, City has determined the following changes have occurred to the Official Zoning Map for City of Highland:

BILL#	TITLE	ORDINANCE#	DATE
20-49	Amending Zoning Classification of Property Located at 1208 Amending Zoning Classification of Property Located at 1208 Old Trenton Road From “R-1-B” Single-Family Residential District to “I” Industrial	3009	4/6/2020
20-98	Annexing Certain Property to The City of Highland, Madison County, Illinois, Owned by Dk7 Properties, LLC and Commonly known as 12254 and 12258 Highland Road, Bearing Pin: 01-1-24-06-00-000-024.001	3033	9/8/2020

20-99	Approving Rezoning of Real Property Commonly Known as 12254 and 12258 Highland Road, Bearing Pin: 01-1-24-06-00-000-024.001 from "R1c" Single Family Residential District to "I" Industrial	3034	9/8/2020
20-159	Annexing Certain Territory to the City, Owned By Dr. William Drake, on Behalf of Grandview Farm, LP	3057	11/2/2020
20-181	Approving Real Estate Rezoning for Certain Lynn Street and Oak Street Properties from C-2 Central Business District to R-1-D Single Family Residential	3067	12/7/2020
20-182	Approving Real Estate Rezoning for Flax Drive Properties from R-2-B Two-family Residential to R-3 Multiple-Family Residential	3068	12/7/2020
21-08	Approving Rezoning of Property at 1210 Zschokke Street from "R-1-D" Single-Family Residential District to "C-2" Central Business District	3081	1/19/2021
21-18	Annexing Certain Territory to the City, Owned by Steven R. Kloss and Cecilia M. Kloss	3084	2/16/2021
21-19	Approving Rezoning of Property Adjacent to 135 Poplar Street from R-1-C, Single-Family Residential, to I, Industrial (PIN 02-1-18-33-00-000-016.006)	3085	2/16/21

WHEREAS, for reference, City has attached the new zoning map to this Ordinance as **Exhibit A**; and

WHEREAS, City has determined it is in the best interests of public health, safety, general welfare and economic welfare to amend the Official Zoning Map for City of Highland; and

WHEREAS, City has determined the City Manager and/or Mayor shall be authorized and directed to execute any documents necessary for amendment of the Official Zoning Map for City of Highland.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND AS FOLLOWS:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. The Official Zoning Map for City of Highland shall be amended as follows:

BILL#	TITLE	ORDINANCE#	DATE
20-49	Amending Zoning Classification of Property Located at 1208 Amending Zoning Classification of Property Located at 1208 Old Trenton Road From "R-1-B" Single-Family Residential District to "I" Industrial	3009	4/6/2020
20-98	Annexing Certain Property to The City of Highland, Madison County, Illinois, Owned by Dk7 Properties, LLC and Commonly known as 12254 and 12258 Highland Road, Bearing Pin: 01-1-24-06-00-000-024.001	3033	9/8/2020
20-99	Approving Rezoning of Real Property Commonly Known as 12254 and 12258 Highland Road, Bearing Pin: 01-1-24-06-00-000-024.001 from "R1c" Single Family Residential District to "I" Industrial	3034	9/8/2020
20-159	Annexing Certain Territory to the City, Owned By Dr. William Drake, on Behalf of Grandview Farm, LP	3057	11/2/2020

City of Highland

Building and Zoning

February 19, 2021

To: Chris Conrad, Interim City Manager
From: Breann Speraneo, Director of Community Development
RE: Zoning Map Update

I recommend that City Council accept the updated Zoning Map. Changes reflect zoning map amendments that have occurred since the last update on July 13, 2020.

As per ordinance, Zoning Map is to be published by March 31st of each calendar year.

RESOLUTION NO. _____

**A RESOLUTION APPROVING RETRANSMISSION CONSENT AGREEMENT
BETWEEN THE CITY OF HIGHLAND D/B/A HIGHLAND COMMUNICATION
SERVICES AND TEGNA, INC.**

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter “City”), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City Council desires to obtain for the City of Highland, an Illinois municipal corporation d/b/a Highland Communication Services (hereinafter “City of Highland d/b/a HCS”) a Retransmission Consent Agreement with Tegna, Inc.; and

WHEREAS, the Retransmission Consent Agreement between City of Highland d/b/a HCS and Tegna, Inc. shall begin on January 1, 2021 and end on December 31, 2023; and

WHEREAS, the Retransmission Consent Agreement between City of Highland d/b/a HCS and Tegna, Inc. will allow the retransmission of KSDK, Channel five (5) and Channel five hundred five (505); and

WHEREAS, Tegna, Inc. has provided to the City of Highland d/b/a HCS a complete copy of the proposed Retransmission Consent Agreement (attached hereto as **Exhibit A**); and

WHEREAS, the Retransmission Consent Agreement between City of Highland d/b/a HCS and Tegna, Inc. will have the following financial impact:

Primary Affiliation of Retransmitted Feed	Current	Proposed 2021	Negotiated 2021	Proposed 2022	Negotiated 2022	Proposed 2023	Negotiated 2023
NBC	\$4.25	\$5.95	\$5.50	\$6.70	\$6.16	\$7.50	\$6.90

WHEREAS, the Telecommunications Advisory Board – in the exercise of the plenary authority concerning editorial control, conferred on it by Ordinance No. 2399, adopted on January 18, 2010, and by Section 613(e)(2) of the Cable Franchise Policy Act of 1984 (47 U.S.C. §533(a)(2) – has determined that the City of Highland d/b/a HCS’ retransmission of the programming would be appropriate; and

WHEREAS, City Council finds that the terms of the proposed Retransmission Consent Agreement between Tegna, Inc. and City of Highland d/b/a HCS (**Exhibit A**) are acceptable; and

WHEREAS, City Council finds that the terms of the proposed Retransmission Consent Agreement between Tegna Inc. and City of Highland d/b/a HCS (**Exhibit A**) should be approved; and

WHEREAS, City Council finds that the City Manager and/or Mayor should be authorized and directed to execute the Retransmission Consent Agreement between Tegna, Inc. and City of Highland d/b/a HCS.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Highland as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. The Retransmission Consent Agreement between Tegna, Inc. and City of Highland d/b/a HCS (**Exhibit A**), effective from January 1, 2021 to December 31, 2023, is approved.

Section 3. The City Manager and/or Mayor is authorized and directed, on behalf of the City of Highland d/b/a HCS, to execute the Retransmission Consent Agreement between Tegna, Inc. and City of Highland d/b/a HCS (**Exhibit A**).

Section 3. This Resolution shall be known as Resolution No. _____ and shall be effective upon its passage and approval in accordance with law.

Passed by the City Council of the City of Highland, Illinois, and deposited and filed in the Office of the City Clerk, on the ____ day of _____, 2021, the vote being taken by ayes and noes, and entered upon the legislative records, as follows:

Madison County, Illinois

RETRANSMISSION CONSENT AGREEMENT

This Retransmission Consent Agreement (“Agreement”) is effective as of January 1, 2021 (the “Effective Date”), by and between **City of Highland dba Highland Communications Services** (“Operator”), which owns, leases, manages or otherwise controls the franchised cable television systems listed in Exhibit A (the “Systems”), and TEGNA Inc. (“Broadcaster”), on behalf of itself and the licensee(s) of the broadcast television station(s) identified on Exhibit A (the “Station(s)”), each of which transmits a digital broadcast signal (a “Digital Signal”).

WHEREAS, the Station(s) are licensed by the Federal Communications Commission (“FCC”) to serve the communities and designated market areas (each market, a “DMA”) as set forth in Exhibit A.

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements set forth herein, the parties agree as follows:

TERM: The term of this Agreement shall commence on the Effective Date and end on December 31, 2023 at 4:59 p.m. ET (the “Term”); provided, however, that either party may terminate this Agreement in the event of a material breach by the other party on thirty (30) days’ written notice to such other party, unless such material breach is cured during such thirty (30) day period.

FEE: Operator shall pay to Broadcaster a “Retransmission Fee” monthly with respect to the Programming Streams (as defined herein) in accordance with the rates set forth in the following chart and Section 2 of Exhibit B.

Per Subscriber Rate for Monthly Retransmission Fee

	2021	2022	2023
Each Programming Stream affiliated with a Big 4 Network	\$5.50	\$6.16	\$6.90
Each Programming Stream affiliated with the CW network or MyNetwork and each Primary Channel that is not affiliated with any Big 6 Network	\$1.70	\$1.88	\$2.08

1. Definitions. Capitalized terms not defined herein have the meaning given to them in Exhibit B.

2. Retransmission Consent. Broadcaster hereby grants Operator its consent, pursuant to Section 325(b) of the Communications Act of 1934, as amended, and the rules and regulations of the FCC, to the nonexclusive and simultaneous retransmission of each Station’s Programming Streams by the applicable Systems (i) to subscribers in the Station’s DMA and (ii) solely to the extent consistent with a Station’s affiliation agreement(s) and subject to any conditions thereunder, to subscribers in areas where such Station is “significantly viewed” (as

determined by the FCC), pursuant to the terms and conditions specified herein. Operator acknowledges that, as of the Effective Date, the applicable affiliation agreements (1) prohibit Operator from retransmitting any Station affiliated with the Fox television network to any subscriber outside of the applicable Station's DMA and (2) with respect to any Station affiliated with the CBS television network, require Operator to comply with the restrictions and conditions set forth in Exhibit C. Notwithstanding the foregoing or any other provision of this Agreement, Broadcaster reserves the right to revoke its consent to the retransmission of any one or more of a Station's Programming Stream(s), either in general or with respect to subscribers located outside of such Station's DMA (*e.g.*, in the event required by such Station's affiliation agreement(s)), by written notice to Operator, and Operator shall cease retransmitting the affected Programming Stream(s) to the extent directed by such notice. This Agreement authorizes retransmission of the Station's Programming Streams as linear video programming streams solely to television sets and set-top boxes directly connected to such System's wired infrastructure. The retransmission consent rights granted herein shall exclude those portions of the Station's broadcast signal that are not broadcast by Station on a free over-the-air basis (including, but not limited to, encrypted video or audio programming) or that are transmitted in a technical standard specifically designed for mobile reception (including without limitation any signals that are transmitted in ATSC 3.0 format), which portions shall not be deemed to be part of the "Digital Signal" or any "Programming Stream" as those terms are used in this Agreement.

3. Counterpart Signatures. This Agreement may be executed in counterparts and by facsimile, each of which when so executed, will be deemed an original, and all of which together shall constitute one and the same instrument.

By signing below, the parties agree to the terms and conditions set forth in this Agreement, including all exhibits attached hereto, each of which will be considered a part of this Agreement.

Exhibit B

Terms and Conditions

1. **Carriage.** Pursuant to the terms and conditions specified herein, Operator shall retransmit each Station's Programming Streams (defined below) to all subscribers in the applicable Station's DMA throughout the Term. The Digital Signal may, at Broadcaster's sole discretion, include without limitation the program stream designated by Broadcaster as the primary signal together with all accompanying Program-Related Material (the "Primary Channel"), and one or more additional program streams together with all accompanying Program-Related Material ("Multicast Channels") (each of the Primary Channel and any Multicast Channel(s), a "Programming Stream"). Without limitation to the foregoing:

a. **Non-Degradation.** Operator shall retransmit each Programming Stream to all subscribers in the applicable Station's DMA on a single channel dedicated solely to the full-time retransmission of such Programming Stream without interruption, addition, deletion, alteration, downconversion to a lower resolution format (except as expressly authorized in Section 1(b) below) or material degradation from the signal quality received by Operator (including without limitation programming in a resolution higher than is broadcast over-the-air that is delivered via alternative means such as fiber) and with a technical quality equal to or better than all other similarly-formatted digital signals carried on the Systems. In transmitting the Digital Signal, Operator shall comply with the Advanced Television Systems Committee ("ATSC") standard A/65 Program and System Information Protocol ("PSIP"), or any successors thereto.

b. **Downconversion.** In order to ensure that the Programming Streams are viewable by all subscribers of the Systems authorized to retransmit the applicable Digital Signal on all such subscriber's television sets receiving service from such Systems, Broadcaster authorizes Operator to provide and Operator shall at its expense be obligated to provide (1) a version of each Primary Channel ("Downconverted Primary Channel") and (2) a version of each Multicast Channel that is affiliated with a Big 4 Network or the CW network or MyNetwork (each of such networks, a "Big 6 Network") (each, a "Downconverted Multicast Channel") downconverted into a standard definition digital television ("SDTV") format and/or analog format, as applicable, which Downconverted Primary Channel(s) and Downconverted Multicast Channel(s) shall be (A) of equal or better quality to any other similarly formatted programming feed, whether downconverted or otherwise, carried on the System, and (B) delivered in an aspect ratio approved by Station. For avoidance of doubt, all System subscribers that are capable of receiving and viewing HDTV signals shall receive all programming in the Primary Channel and each Multicast Channel, including all HDTV programming, in the format originally broadcast by the Station. Operator's obligation to carry the Downconverted Primary Channel and Downconverted Multicast Channel shall be in addition to, and not in lieu of, Operator's obligation to carry the Primary Channel and each Multicast Channel without downconversion.

c. **Channel Placement.** Each Programming Stream shall be carried on a basic tier of service that is available to and viewable by all subscribers of the applicable System(s). Operator shall carry each Programming Stream on the channel numbers specified in Exhibit A hereto (or, if not applicable, another mutually agreed upon channel position), which channel position shall be contiguous with and in the same channel neighborhood that includes

the similarly formatted programming feeds of all television stations located in the DMA that are affiliated with any of the ABC, CBS, FOX, or NBC television networks (each such network, a “Big 4 Network”) (such television stations, the “Big 4 Affiliates”) carried on the applicable System(s).

d. **Multicast Carriage.** With respect to any System that (a) has capacity of less than 750 MHz and (b) does not carry any local broadcast station’s multicast streams (in any format), then Operator shall not be subject to the foregoing Multicast Channel carriage obligations for any Multicast Channel that is not affiliated with a Big 6 Network solely during any period in which both of such conditions (a) and (b) are met, provided that Operator must so notify Station in writing and shall promptly commence carriage on such System(s) in the event that one or both of such conditions cease(s) to be met. With respect to any new Multicast Channel that Station commences broadcasting after the Effective Date, Operator agrees that it shall launch and commence carriage of such Multicast Channel as soon as reasonably practicable but in no event later than thirty (30) days from the date on which Operator receives written notice thereof.

e. **TV Everywhere.** Subject to Operator’s compliance with the terms and conditions set forth herein, including without limitation in Exhibit D (with respect to Programming Streams affiliated with the ABC television network (such Programming Streams, “ABC Streams”)) and Exhibit E (with respect to Programming Streams affiliated with the NBC television network (such Programming Streams, “NBC Streams”)), each of which is attached hereto and incorporated into the Agreement, Broadcaster authorizes Operator to distribute each ABC Stream and NBC Stream then-retransmitted via a System pursuant to the Agreement on an “authenticated” or “TVE” basis (as such terms are defined in the applicable exhibit). Operator acknowledges and agrees that Operator may not commence exercising the authorizations granted in this Paragraph 1(e) with respect to any Programming Stream until Operator has satisfied all launch conditions set forth herein (including without limitation in the applicable exhibit(s) attached hereto). With respect to each Programming Stream Operator distributes pursuant to the authorizations granted in this Paragraph 1(e), Operator shall notify Broadcaster within 30 days after commencing such distribution of such Programming Stream. Operator acknowledges and agrees that the authorizations granted by Broadcaster to Operator set forth in this Paragraph 1(e) are the only authorizations granted by Broadcaster to Operator to make available any Programming Stream contained in a Station’s signal (in whole or in part) for viewing by a Subscriber outside of such Subscriber’s individual residential premises.

2. **Consideration.**

(a) **Retransmission Fee.** In consideration for Operator’s right to distribute the applicable Programming Streams as provided in this Agreement, Operator shall pay to Broadcaster, on a monthly basis fifteen (15) days after the end of each calendar month, for each Programming Stream (as applicable), the amount equal to the per Subscriber rate for the applicable calendar year as set forth on Page 1 of this Agreement multiplied by the total number of Subscribers (as defined below) for the applicable calendar month (the “Retransmission Fees”). Operator shall be responsible for ensuring timely and accurate Retransmission Fee payments each month, and each such payment shall be made without any offsets, asserted credits, deductions, or downward adjustments of any kind.

For purposes hereof, a “Subscriber” shall mean any customer authorized by Operator to receive video services from or through a System, provided, however, that Operator shall not be obligated to pay a Retransmission Fee for any Subscriber that is an employee of Operator, public official, or school and that is not required by Operator to pay for video services. Within a multi-unit building or complex (e.g., apartment complex, motel, dormitory), each individual commercial or dwelling unit that receives the Digital Signal shall be deemed to be a separate Subscriber. For purposes of calculating the number of Subscribers in any calendar month, the number of Subscribers as of the first day of the applicable calendar month will be added to the number of Subscribers as of the last day of the applicable calendar month and that total will be divided by two (prorated for partial months, if any). With each payment, Operator shall provide supporting documentation to substantiate the number of Subscribers in a given month.

(b) **Late Fees; Audits.** Any fees not paid to Broadcaster within fifteen (15) days after the end of each month shall accrue late charges at the rate of one and a half percent (1.5%) (or at the maximum rate allowed by law, if lower) per month compounded monthly from the date such amounts were due until such amounts and accrued late charges are paid. Broadcaster or its designated representative shall have the right to audit, no more than once per calendar year, and once per calendar year in the two (2) years following expiration of this Agreement, Operator’s records as required for the purpose of verifying the Retransmission Fees owed to Broadcaster under this Agreement (e.g., information relating to the calculation of the number of Subscribers in each month that receive each Programming Stream). Operator shall cooperate with the audit and shall comply promptly with requests for records. If such audit reveals an underpayment by Operator (e.g., because Operator under-reported the number of Subscribers), Operator shall promptly make payment equal to the amount of underpayment together with accrued interest thereon at the rate described above, and, if such underpayment is greater than five percent (5%) of the total amounts that were due to Broadcaster during the period covered by such audit, Operator shall also reimburse Broadcaster the costs of such audit.

3. Syndicated Exclusivity and Network Nonduplication. Operator agrees that throughout the Term, Operator shall afford Station the maximum degree of exclusivity on the Systems as against other broadcast stations with duplicative programming, to the maximum extent permissible pursuant to applicable law and regulations, including but not limited to rules regarding network nonduplication and syndicated exclusivity.

4. EAS. The System shall not preempt, override, interrupt, force-tune, or otherwise alter (any such action, an “Interrupt”) Emergency Alert System (“EAS”) messages provided by Station, nor shall Operator Interrupt news or weather related emergency information provided by Station by transmitting a local or state EAS message or alert, or by transmitting non-EAS news or weather graphics or programming, over the applicable System(s), in each case except to the extent required by Section 11.51 of the FCC’s rules (or any successor thereto).

5. Technical Specialists. Throughout the Term, each party shall make available a senior-level technical representative (“Senior Technical Specialist”) to promptly address any technical issues that arise with respect to retransmission of the Programming Streams or either party’s performance under the Agreement (any such issues, “Technical Issues”). The Senior Technical Specialists will coordinate promptly to address any Technical Issues that are identified by either party during the Term. In the event that a party’s designated Senior Technical

Specialist is no longer available to promptly address technical issues or in the event that the contact information for a party's Senior Technical Specialist has changed, such party will promptly provide written notice to the other party of such change and of the updated contact information for such party's Senior Technical Specialist. Broadcaster's Senior Technical Specialist is Bill Nardi, VP Station Operations, phone: 703-873-6654, email: BNardi@tegn.com. Operator shall use best efforts to provide to Broadcaster on or prior to the Effective Date, and in no event later than thirty days after the Effective Date, the name, phone number, and email address of Operator's Senior Technical Specialist.

6. Channel Guides. With respect to any non-numerical program guides, each Programming Stream shall be listed in the same neighborhood as, and in a non-discriminatory manner vis-à-vis, the similarly formatted Big 4 Affiliates carried on the applicable System(s).

7. CBS Stations. Without limitation to Operator's other obligations pursuant to the Agreement, the additional terms and conditions set forth in Exhibit C shall apply with respect to any Station affiliated with the CBS television network.

8. Acquisitions

a. Additional Systems. If at any time during the Term, Operator or any entity controlling, controlled by or under common control with Operator ("an Operator Affiliate") acquires, owns, operates or manages any cable television system that provides service to the DMA, in whole or in part, or to subscribers the majority of which reside in counties in which a Station's Digital Signal is "significantly viewed" (as defined by Section 76.54 of the FCC's rules or similar authority) (any such system, an "Additional System"), then Operator shall promptly notify Broadcaster of such acquisition and, if Broadcaster so elects (and, solely to the extent consistent with such Station's affiliation agreement(s), if any), such Additional System shall thereupon be deemed to be a System for all purposes under this Agreement as of the date of such acquisition for purposes of this Agreement and any pre-existing retransmission consent agreement with the prior owner, operator or manager of such Additional System shall terminate with respect to the carriage of the Station on such Additional System.

b. Additional Stations. If at any time during the Term, Broadcaster or any entity controlling, controlled by or under common control with Broadcaster (a "Broadcaster Affiliate") acquires or, consistent with FCC rules, obtains authority to negotiate retransmission consent on behalf of any television station that is licensed to a DMA served by any cable television system(s) owned or controlled by Operator or an Operator Affiliate (such station, an "Additional Station"), then Broadcaster may notify Operator of such acquisition or authority and, if Broadcaster so elects, such Additional Station shall be added to this Agreement as a "Station" as of the effective date of such acquisition or authority and, if not already included, the applicable cable television system(s) will be added as a "System(s)" under this Agreement, and any pre-existing retransmission consent agreement of Operator or Operator Affiliate with respect to such Additional Station shall terminate with respect to the carriage of such Additional Station.

9. Copyright and Related Rights. As between Station and Operator, Operator recognizes Station's exclusive right, title and interest in and to the copyright for the Digital Signal and Station's license to broadcast the programming and the trademarks, names, and logos

of the programming that may hereafter be used. This Agreement does not convey any license or sublicense in or to the copyrights of and to the underlying programming transmitted by Station. Securing clearances, including via any compulsory license, to the copyright programming contained within the Digital Signal shall be the sole obligation of the Operator. Operator represents warrants and covenants throughout the Term that each System is a “cable system” as that term is defined in the Copyright Act, 17 U.S.C. § 111(f) and is otherwise eligible for the statutory copyright license authorized under 17 U.S.C. § 111(c). Neither Operator nor any party authorized to sell Operator’s services shall charge any cable operator or any other entity that is not a Subscriber a fee for local transport of the Digital Signal pursuant to the “Passive Carrier Exemption” under the Copyright Act or otherwise. Broadcaster does not consent to such local transport nor agree that Operator qualifies for such Passive Carrier Exemption.

10. Unauthorized Use. Operator shall comply with all applicable laws, rules, and regulations with respect to its carriage of the Digital Signal. Neither Operator nor any of its affiliates nor any other party with which Operator has a business relationship related to the distribution of video programming, shall, for pay or otherwise, Process and/or authorize, enable, cause, or facilitate the Processing of any portion of the Digital Signal or content therein without the prior written authorization of Broadcaster. Should Operator become aware of a third party performing unauthorized Processing of any portion of a Digital Signal or any content therein, Operator shall promptly notify Broadcaster. This Agreement conveys only those rights that are expressly stated, and all other rights with regard to the Digital Signal and the content therein are reserved to Broadcaster and the applicable Station. For clarity, Operator and its affiliates are not authorized to, and shall not, directly or indirectly, including through third-party relationships, retransmit or facilitate the retransmission of the Programming Streams or any other portion of the Digital Signal(s) over the public system known as the internet, via IP distribution over any broadband service, through any wireless means to mobile or other devices, or in any manner or to any geographic region not expressly authorized herein. Operator shall not furnish any subscriber that receives the Digital Signal(s) with any device, service, technology, or functionality that automatically or upon Subscriber’s election deletes commercial, promotional, or other material from any Programming Stream (or accomplishes the functional equivalent of the deletion of such material, including, without limitation, through automatic skipping or fast-forwarding through commercial or promotional material) or promote, advertise, or instruct subscribers in the use of any device, service, technology, or functionality to delete or fast-forward through commercial, promotional, or other material from any Programming Stream.

11. Assignment. Broadcaster may, without consent, assign this Agreement to any person or entity that acquires all or substantially all of a Station’s assets and/or a Station’s FCC license and that agrees in writing to assume all of Station’s rights and obligations under this Agreement. In the event of a valid assignment of this Agreement by Broadcaster, Broadcaster shall be relieved of all obligations and liability arising thereafter and Operator shall look solely to the assignee for enforcement of such obligations and liability.

12. ATSC 3.0. During the Term, Broadcaster may transition one or more of its Stations to the broadcast transmission standard known as ATSC 3.0. Operator acknowledges that, to effectuate its own or another broadcaster’s transition, Broadcaster may enter into temporary channel sharing arrangement(s), meaning that one or more Programming Stream(s) of a Station may be temporarily transmitted on another broadcaster’s or Station’s broadcast channel

(a “Host Channel”) and/or that another broadcaster’s stream (a “Third Party Stream”) may be temporarily transmitted on a Station’s channel. Notwithstanding anything to the contrary in this Agreement: (i) Operator’s retransmission consent rights and obligations under this Agreement shall apply to Broadcaster’s ATSC 1.0 Programming Streams (whether or not transmitted on a Host Channel), and such rights and obligations shall not apply to any Third Party Stream; and (ii) this Agreement does not grant retransmission consent rights with respect to any ATSC 3.0 Programming Stream.

13. Force Majeure. Any delay, preemption or other failure to perform caused by factors beyond the parties’ control, such as an Act of God, labor dispute, nondelivery by program suppliers, war, riot, technical breakdown, or government order or regulation, shall not be deemed to be a breach of the terms of this Agreement, but each party shall exercise its reasonable efforts to cure any such delays and the cause thereof.

14. Indemnification. Each party shall indemnify and hold harmless the other party, the other party’s affiliated companies, and the officers, directors, employees, shareholders and agents of each from and against any and all third party claims, liability, causes of action, and costs (including reasonable attorneys’ fees) arising from, or in connection with, any breach of this Agreement or the representations and warranties herein by such party.

15. Confidentiality. The parties agree to maintain the terms and provisions of this Agreement in confidence, and neither party shall disclose to any third party (other than its respective officers, directors, employees, partners, auditors, attorneys, agents, or actual or potential lenders, investors, purchasers, Big 6 Networks, or others requiring financial disclosure or auditing financial information, and then only upon agreement of the third party to maintain the confidentiality of this Agreement) the terms and conditions of this Agreement without the express permission of the other except as may be required by any applicable law, rule or regulation or to enforce the parties’ rights and obligations hereunder. Without limiting the foregoing, unless required by law, neither party will, without the prior written approval of the other party, make any public statement, press release, or other public announcement relating to the existence or terms of this Agreement.

16. Survival. The expiration or termination of this Agreement shall not relieve either party to those obligations that by their nature are intended to survive. For avoidance of doubt, the confidentiality obligations, indemnification provisions, the obligation to pay all amounts accrued or owed to Broadcaster but not paid in full by Operator prior to termination or expiration of this Agreement, and Broadcaster’s right to conduct an audit pursuant to Section 3(b) shall survive expiration or earlier termination of this Agreement.

17. Additional Definitions. As used in this Agreement, “Program-Related Material” shall mean (i) closed-captioning data and related information; (ii) program identification codes; (iii) program ratings information; (iv) NAVE IIc audio watermark encoding (or any successor thereto) and content identifier codes; (v) content advisory information; (vi) alternative language and video description feeds; (vii) all PSIP data transmitted by the Station; (viii) audio encoding information (including 5.1-channel digital audio); (ix) any data or information that the FCC or any other applicable law or regulation requires either Station or Operator to transmit or carry as part of the Digital Signal at any time or that qualifies as program-related material for purposes of

the FCC's must-carry rules; and (xi) any other material or information as may be essential to or necessary for the delivery or distribution of a Programming Stream or the content therein. "Process" (including its cognate "Processing") shall mean to record, copy, duplicate, transmit, retransmit, download, sideload, upload, transfer, or store programming.

18. Miscellaneous. This Agreement (including any exhibits hereto) constitutes the entire agreement and understanding between the parties with regard to the subject matter hereof, and supersedes all prior or contemporaneous oral or written agreements and representations between the parties with regard to such subject matter. This Agreement shall not be amended, modified or altered except in writing and signed by a duly authorized representative of each of the parties. The waiver or failure of either party to exercise any right provided for herein will not be deemed a waiver of any further right hereunder. Notices given under or relating to this Agreement may and shall be in writing and delivered personally or by a reputable overnight courier service to the address identified on the execution page of the Agreement or to such other address as may be specified in writing by the party to whom the notice is to be given. Notice shall be deemed given (a) on the date delivered, if delivered personally, or (b) on the day following delivery of notice to the overnight courier service, if delivered by such service. Operator represents and warrants that it has provided a valid and accurate address on the execution page of the Agreement and agrees to promptly notify Broadcaster of any updates to such address. If any provision of this Agreement is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provision will be deemed restated, in accordance with applicable law, to reflect as nearly as possible the original intentions of the parties, and the remainder of the Agreement will remain in full force and effect. This Agreement is not intended to grant to, and does not grant to, Operator any rights that Broadcaster is not authorized by content providers to grant. In the event of an ambiguity, or if a question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties, and no presumption or burden of proof will arise favoring or disfavoring any one party by virtue of authorship of any provision of this Agreement.

Exhibit C

CBS Terms and Conditions

Without limitation to any other obligation in the Agreement, Operator agrees to the following additional terms with respect to each Programming Stream affiliated with the CBS television network (“CBS Stream”):

1. Operator shall not retransmit a CBS Stream to television households other than those (i) located in the applicable Station’s DMA; or (ii) located within a community in which the Station’s signal is “significantly viewed,” as defined in Section 76.54 of the FCC’s rules, and to which Operator retransmitted the Station’s Digital Signal on June 6, 2019 (or October 21, 2020, in the case of KFMB, June 25, 2020 in the case of WTOL, July 22, 2019 in the case of KFSM, or October 4, 2017 in the case of WBNS) and is retransmitting the Station’s Digital Signal as of the Effective Date of the Agreement. If Operator discontinues authorized retransmission of a CBS Stream on any System serving households outside the Station’s DMA (other than a temporary discontinuation affecting such Station’s carriage on Operator’s Systems generally), then any resumption of the retransmission of the CBS Stream on such System shall require Broadcaster’s and CBS’s prior written consent, which consent may be granted or withheld in Broadcaster’s and CBS’s sole discretion. Such carriage to any households other than those located in the applicable Station’s DMA is conditioned on the simultaneous retransmission by Operator of the broadcast signal of the home market television broadcast station affiliate of CBS (“Local CBS Affiliate”) in the corresponding format (i.e., standard definition format or high-definition format, as applicable) by the applicable System pursuant to a valid and binding retransmission consent agreement between Operator and such Local CBS Affiliate or pursuant to an election of must-carry status by the Local CBS Affiliate.
2. Carriage of the CBS Streams shall appear to the viewer on the current virtual channel placement on the applicable System(s) as existed as of June 6, 2019 (or October 21, 2020, in the case of KFMB, June 25, 2020 in the case of WTOL, July 22, 2019 in the case of KFSM, or October 4, 2017 in the case of WBNS), which shall be adjacent to the similarly formatted television broadcast signals of the other stations affiliated with a Big 4 Network or on such more favorable virtual channel position as may be mutually agreed upon by Operator and Broadcaster in writing.
3. With respect to any non-numerical program guides, Operator shall list the CBS Streams adjacent to, and in a non-discriminatory manner vis-à-vis the other similarly formatted stations affiliated with a Big 4 Network retransmitted by the applicable System(s).
4. For each CBS Stream, the “Program-Related Material” shall include without limitation all (i) information and material of a commercial or non-commercial nature which is directly related to the subject matter of, or persons appearing in, CBS network programs, or specific CBS network commercial advertisements or promotional announcements contained in the CBS network programs, if such information or material is transmitted concurrently or substantially concurrently with the associated CBS network program, commercial advertisement or promotional announcement, (ii) closed-captioning information, (iii) program identification codes, (iv) program ratings information, (v)

alternative language feeds related to the programming, (vi) video description information, and (vii) such other material as may be essential to or necessary for the delivery or distribution of the CBS network programs.

5. Operator shall pass through, without alteration, any ratings-measurement related subcodes, watermarks, or tags, including any Nielsen audio watermark, included in the CBS network programs in a Stations' broadcast signal and create and insert the ID3 tag, or any successor or replacement subcode, watermark, or tag (including any successor or replacement subcodes, watermarks, or tags identified by CBS), into any digital stream containing CBS programs that is created or distributed by Operator (in the event distribution of digital streams is authorized by Broadcaster).
6. In the event that Operator delivers any programming service to Nielsen measured devices via In-Home Retransmission (*i.e.*, the simultaneous (*i.e.*, live) retransmission of a television broadcast station or other programming service from a System's traditional facilities-based infrastructure to authorized devices located within a residential Subscriber's home via such Subscriber's wired or wireless home network (but not via mobile wireless infrastructure, VPN, or the public internet) to subscribers of a System retransmitting a CBS Stream pursuant to the Agreement, then Operator shall promptly notify Broadcaster and shall transmit Broadcaster's CBS Stream via In-Home Retransmission to such subscribers' Nielsen measured devices, subject to Station's rights and the requirements imposed on such retransmission by the CBS network.
7. Operator shall (i) program its reception equipment to receive each CBS Stream at a data rate of no less than 14.5 Mbps and (ii) retransmit each CBS Stream at a data rate of no less than 14.5 Mbps.
8. In the event Operator is the largest MVPD in the DMA of a Station broadcasting a CBS Stream, Operator agrees that it will accept a direct fiber feed of CBS network programs at the Operator's facility in the technical format and data rate delivered to the applicable Station by CBS, including, specifically high-definition format (e.g., 1080i) at a data rate up to 19.39 megabits per second, including all Program-Related Material (including without limitation all material described in Section 6 above).
9. For avoidance of doubt, the Agreement authorizes retransmission of CBS Streams to Subscribers via traditional MVPD platforms (*i.e.*, traditional cable facilities, which, for purposes of clarification, do not include any platforms or video service infrastructures that are reliant on a consumer having access to the internet or any high speed data service) solely for their private in-home viewing, or viewing on commercial premises when no separate charge is made for admission (other than a cover charge made for live entertainment).
10. Any usage data Operator provides to Broadcaster in connection with any alternative distribution rights granted under the Agreement with respect to CBS Streams will also be provided to CBS.

Exhibit D

ABC TVE Terms

The following shall apply to the distribution of the Broadband Linear Streams on any Operator TVE Service. Capitalized terms used herein and not otherwise defined have the meanings set forth in the Agreement.

Definitions

“ABC”: American Broadcasting Companies, Inc.

“ABC Access Points”: Access Points that are owned, controlled or branded with ABC or its related companies (e.g., the WATCH ABC app or ABC.com).

“ABC Affiliated Station”: A broadcast television station that: (a) broadcasts a program transport stream that is a primary affiliate of the ABC Television Network (such program transport stream, an “ABC Stream”), and (b) not an ABC Owned Station.

“ABC Owned Station”: A broadcast television station that is: (a) affiliated with the ABC Television Network and (b) owned by ABC or its parent, subsidiary or affiliated companies.

“ABC Player”: A video player provided and operated by ABC.

“ABC/MVPD TVE Agreement”: The ABC/MVPD TVE Agreement is the agreement between Operator and ABC (or ABC's related companies) granting Operator’s TVE Service the right to distribute broadband linear streams of an ABC Owned Station *via* the Internet as part of that Operator TVE Service. In the event Operator does not have Facilities-Based subscribers within the DMAs of ABC Owned Stations, the ABC/MVPD TVE Agreement is the agreement between Operator and ABC (or ABC's related companies) granting Operator’s TVE Service the right to distribute Network Programs on a VOD basis as part of that TVE Service.

“Access Points”: Websites, applications and/or other services that deliver content *via* the Internet to Authenticated Subscribers of the TVE Service.

“Authenticated Subscribers”: Subscribers who: (a) receive a Station's Broadband Linear Stream by means of Operator’s TVE Service, and (b) are verified by or on behalf of the Operator TVE Service as entitled to receive the Broadband Linear Stream by appropriate authentication and entitlement technologies.

“Broadband Linear Stream”: For each Station, a rights-cleared linear stream, delivered via the Internet, which is Simulcast with that Station's ABC Stream, including the ABC Network Content, Local Content and any substitute or additional materials permitted hereunder.

“Broadcaster”: TEGNA Inc.

“Facilities-Based MVPD”: A traditional MVPD (such as a cable television, MMDS, SMATV, satellite or telco (e.g., Verizon FiOS, AT&T UVerse) distributor) that transmits the signal of multiple television broadcast stations and multiple channels of linear video programming *via*

physical facilities over a closed transmission path using cable, fiber, wireline technology, SMATV, MMDS, or direct broadcast satellite. Distribution *via* a Facilities-Based MVPD expressly excludes distribution *via* wireless technology (other than direct broadcast satellite and ABC-approved in-home wireless retransmission) or *via* the public Internet.

“Facilities-Based Subscriber”: A subscriber that is authorized to receive a Station's over-the-air broadcast signal, including without limitation such Station's ABC Stream, as retransmitted by a Facilities-Based MVPD pursuant to a retransmission consent agreement with the Station.

“Local Content”: Any programs, advertising, promotions or other materials including program related material, distributed within a Station's ABC Stream (*e.g.*, local news, syndicated programs, local public interest programming) other than ABC Network Content.

“Operator Access Points”: Access Points that are owned and controlled by, and solely branded with, the Operator TVE Service.

“Operator Player”: A video player provided and operated by Operator and approved by ABC for use with Broadband Linear Streams.

“Operator TVE Service” or “TVE Service”: The TV Everywhere service Operator provides to its Facilities-Based Subscribers, which service is ancillary to such Facilities-Based Subscribers' subscriptions to an underlying programming package that includes Facilities-Based MVPD distribution of the ABC Stream broadcast by the applicable Station.

“Permitted Devices”: Devices approved by ABC (with respect to ABC Network Content) and/or Broadcaster (with respect to Local Content) to exhibit a Broadband Linear Stream or particular content therein.

“Signal Delivery Technology”: The hardware, software and/or systems provided or specified to Station by ABC for the creation and distribution of the Broadband Linear Stream with respect to the Operator TVE Service.

“Significantly-Viewed Areas”: For any ABC Affiliated Station or ABC Owned Station, the communities outside of the DMA of license of that station that are “significantly-viewed,” as determined by the FCC; provided, that with respect to each Station, such Station's Significantly Viewed Areas shall not include any community in which Operator is not authorized under the Agreement to retransmit the over-the-air broadcast of such Station's ABC Stream to Facilities-Based Subscribers.

“Simulcast”: The distribution of the ABC Stream of a Station via the Internet simultaneously with the over-the-air broadcast of that Station's ABC Stream, subject only to brief delays due to encoding, transcoding and similar technical reasons, and differences in content for rights clearances, commercial and other substitutions.

“Station”: For the purposes of this Exhibit D, each broadcast television station set forth on Exhibit A of the Agreement that is an ABC Affiliated Station.

“Station Access Points”: Access Points that are owned and controlled by Broadcaster and include the branding of a Station.

“Subscribers”: Those cable, satellite and other Facilities-Based Subscribers of an MVPD who: (a) are authorized to receive a Station's over-the-air broadcast signal, including without limitation such Station's ABC Stream, as retransmitted by a Facilities-Based MVPD pursuant to a retransmission consent agreement with the Station, and (b) are authorized to receive a Station's Broadband Linear Stream as part of the applicable TVE Service.

“Territory”: For each Station, the Territory is the DMA of license of that Station and such Station's Significantly-Viewed Areas.

“TV Everywhere” or “TVE”: The Simulcast of a rights-cleared broadcast signal of a television station, distributed solely to Subscribers who are entitled to receive that Simulcast as part of an underlying programming package from a Facilities-Based MVPD, which programming package includes Facilities-Based MVPD distribution of the broadcast signal of the applicable Station.

“Usage Rules”: Rules limiting (a) the number of streams that each Subscriber account can access simultaneously, and (b) the number of Permitted Devices that can be associated with each Subscriber account at any one time. The Usage Rules applicable to the Broadband Linear Streams must be at least as restrictive as the usage rules applicable to the ABC Owned Stations pursuant to the ABC/MVPD TVE Agreement.

Access to Broadband Linear Streams

1. General. Each Station's Broadband Linear Stream may be distributed only on a Simulcast basis *via* the Internet, to be accessed by Authenticated Subscribers through the Access Points, for playback and exhibition *via* ABC Players or Operator Players on Permitted Devices, subject to the Usage Rules, only within the Station's Territory.

The Operator TVE Service shall only distribute ABC Network Content in accordance with, and subject to all limitations applicable to, distribution of the ABC Network Content pursuant to the ABC/MVPD TVE Agreement, including, without limitation the following as applied to all ABC Network Content: (1) limitation to distribution to authenticated TV Everywhere subscribers as part of a Facilities-Based MVPD subscription; (2) all usage rules; (3) all provisions related to authentication, validation and permitted devices; (4) permitted access points and players; (5) content protection and security requirements; (6) modifications and stream quality of ABC Network Content; (7) applications accompanying ABC Network Content; (8) advertising inventory and use of dynamically inserted advertising; (9) promotion and search/discovery of ABC Network Content; and (10) DVR. ABC shall have the right to enforce any of these obligations directly against the Operator TVE Service as a third-party beneficiary of this agreement between Broadcaster and Operator.

The Operator TVE Service must provide ABC with the same integration, data, analytics, and support in connection with all ABC Network Content, as delivered as part of the

Station's linear signal, that the Permitted TVE Service provides to ABC in connection with distribution of the ABC Network Content under the ABC/MVPD TVE Agreement.

The “ABC Network Content” consists of all network programs and program-related materials, network advertising and network promotional materials, and all other materials within the Station's signal that are provided by or on behalf of ABC for distribution on a network-wide basis.

Operator shall not charge any Subscriber any fee or other consideration specifically for access to the Broadband Linear Streams, or for any package, tier or level of service that includes the Broadband Linear Streams, other than the monthly subscription fee for a multichannel TV package distributed via Facilities-Based media.

Notwithstanding any other provision of the Agreement or this Exhibit D, with respect to each Station the Operator TVE Service shall cease distribution pursuant to this Exhibit D of such Station's Broadband Linear Stream immediately upon the earliest of (a) the expiration or termination of the Agreement, (b) the expiration or termination of the ABC/MVPD TVE Agreement, or (c) such Station ceasing to be an ABC Affiliated Station.

2. ABC Access Points. The Operator TVE Service shall distribute the Broadband Linear Streams through the same ABC Access Points utilized in connection with an ABC Owned Station (or VOD delivery of ABC Network Content) under the ABC/MVPD TVE Agreement. ABC will make the Broadband Linear Streams available to Authenticated Subscribers through the same ABC Access Points utilized in connection with an ABC Owned Station (or VOD delivery of ABC Network Content) under the ABC/MVPD TVE Agreement. ABC may designate certain ABC Access Points on which the Broadband Linear Streams will not be distributed. Playback of the Broadband Linear Streams on any ABC Access Point must occur only on the player designed by ABC. ABC will not require Subscribers to pay any fee to access the Broadband Linear Streams through the ABC Access Points.
3. Operator Access Points.
 - 3.1. Permitted Operator Access Points. The Operator TVE Service must distribute the Broadband Linear Streams through any Operator Access Points utilized in connection with an ABC Owned Station under the ABC/MVPD TVE Agreement. Operator Access Points must limit access to the Broadband Linear Streams to Authenticated Subscribers of the Operator TVE Service within the Station's Territory. Any Operator Access Point will provide a branded network page for the ABC Television Network, which page will be presented to Subscribers that access any Broadband Linear Stream.
 - 3.2. Player & Integration. Playback of the Broadband Linear Streams on any Operator Access Point must occur only on the same video player utilized in connection with an ABC Owned Station under the ABC/MVPD TVE Agreement. Any

Operator Access Point or Operator video player must provide the Broadband Linear Streams with the same technical and integration requirements that the applicable Operator Access Point or Operator video player provides in connection with an ABC Owned Station under the ABC/MVPD TVE Agreement, including the following:

- (1) Advertising integration, including support and data for dynamically-inserted advertising,
- (2) Ratings and content measurement,
- (3) Analytic and data reporting requirements,
- (4) Video player integration,
- (5) Disabling fast-forward/skip and other playback functionality,
- (6) Content protection, and
- (7) Blackout requirements.

- 3.3. Branding & Listings. Any Operator Access Point will have at least one branded page per network program. Any pages on Operator Access Points that are branded with Network Programs cannot include any advertising (other than any advertising within the Broadband Linear Streams). In any program listings, featured lists or genre categories on Operator Access Points, Network Programs must be featured in a non-discriminatory manner compared to the programming of any other content provider within the relevant genre or category. Any recommendation engines or features on Operator Access Points shall not be intentionally designed or intended to disadvantage Network Programs against any other programming content.
4. Station Access Points. If Station distributes the Broadband Linear Streams through Station Access Points, playback must occur through a video player provided and operated by ABC. Station Access Points shall be subject to any technical specifications and branding requirements provided by ABC.
5. Third Party Access Points. If required by ABC, the Operator TVE Service shall distribute the Broadband Linear Streams through any third-party Access Points utilized in connection with an ABC Owned Station under the ABC/MVPD TVE Agreement. For example, during the week of the Academy Awards, ABC may require the Broadband Linear Streams to be distributed through Oscars.com.
6. Permitted Devices. Authenticated Subscribers may access the Station's Broadband Linear Stream only within the Station's Territory and only on specific Permitted Devices approved in advance by ABC. ABC shall approve those Permitted Devices on which the applicable Permitted TVE Service is then-authorized to distribute an ABC Owned Station pursuant to (and subject to any limitations in) the ABC/MVPD TVE Agreement. Operator acknowledges that ABC may have the right to distribute particular content to certain types of Permitted Devices but not to other types of Permitted Devices, and the Operator TVE Service must implement any restrictions designated by ABC (typically on a device-by-device basis).

7. Authentication. The Operator TVE Service must:
 - 7.1. authenticate Subscribers to access the Broadband Linear Streams on: (i) the same Access Points utilized in connection with an ABC Owned Station (or VOD delivery of ABC Network Content) under the ABC/MVPD TVE Agreement, and (ii) any Station Access Points;
 - 7.2. implement the same processes to authenticate Subscribers' access the Broadband Linear Streams utilized for the authentication of an ABC Owned Station (or VOD delivery of ABC Network Content) under the ABC/MVPD TVE Agreement; and
 - 7.3. implement the same usage rules to authenticate Subscribers' access the Broadband Linear Streams utilized for the authentication of an ABC Owned Station under the ABC/MVPD TVE Agreement, including any rules relating to cross-domain authentication, frequency for requiring Subscribers to enter authentication credentials, automatic in-home authentication, and linkage to external credentials (*e.g.*, ABC.com, Facebook, *etc.*).
8. Launch Timing. The Operator TVE Service must launch and integrate the Broadband Linear Streams on the ABC Access Points no later than the earlier of: (a) within ninety (90) days of ABC providing notice; or (b) the date that the Operator TVE Service launches the Broadband Linear Streams on any Operator Access Point or Station Access Point. ABC shall have the ability to require the Operator TVE Service to pass a technical review from ABC prior to providing access to the Broadband Linear Streams.
9. Usage Rules. The Operator TVE Service shall limit: (a) the number of streams that each Subscriber account can access simultaneously, and (b) the number of Permitted Devices that can be associated with each Subscriber account at any one time. These usage rules must be at least as restrictive as the usage rules applicable to the ABC Owned Stations pursuant to the ABC/MVPD TVE Agreement.
10. Bandwidth Caps. To the extent the Operator TVE Service imposes any limits on the amount of data that Authenticated Subscribers may stream (including any usage-based billing or calculations for broadband or mobile services) ("Bandwidth Limits"), the Operator TVE Service shall treat: (a) the Broadband Linear Streams at least as favorably regarding any Bandwidth Limits as any other video content distributed *via* the Operator TVE Service; and (b) the ABC Access Points, Station Access Points and Third-Party Access Points no less favorably regarding any Bandwidth Limits than any Operator Access Points or other access points through which Authenticated Subscribers access any video content on the Operator TVE Service.

Signal Delivery Technology

11. Use of Signal Delivery Technology. Each Station shall utilize the Signal Delivery Technology to create the Broadband Linear Streams (including without limitation by

providing schedule and clearance information; replacement content; and any closed captioning, secondary program audio, video description, and similar materials to the extent such materials are required by law or regulation to be transmitted as part of the Broadband Linear Stream), and to deliver the Broadband Linear Streams to one or more content delivery networks specified by ABC for the Operator TVE Service. Operator shall pay the costs of distributing the Broadband Linear Streams from such content delivery networks to Operator Access Points.

12. Advertising. Advertising shall be integrated within the Broadband Linear Streams in the manner specified by ABC. The Operator TVE Service shall integrate ABC's inventory within ABC Network Content in the same manner utilized in connection with an ABC Owned Station under the ABC/MVPD TVE Agreement. Operator acknowledges that ABC's inventory within ABC Network Content, each Station's local inventory within ABC Network Content, and each Station's inventory within Local Content, may each require different integration, and that different integrations may be required for ABC Access Points, Operator Access Points, Station Access Points and Third-Party Access Points. Operator shall enable each Station to use dynamically-inserted advertising within its Broadband Linear Stream to the same extent as Operator enables ABC Owned Stations distributed via the Operator TVE Service to use dynamically-inserted advertising, subject to the same requirements and limitations agreed upon by ABC and the Operator TVE Service.

Additional Provisions

13. Modifications of Network Content. The Operator TVE Service may not modify, nor authorize any Subscriber to modify, ABC Network Content in any manner whatsoever, including: (a) inserting interactive or other triggers into any portion of any ABC Network Content, (b) inserting any content or data in connection with any ABC Network Content; (c) inserting messages or advertising before, after, into, framing or in connection with any ABC Network Content, other than local advertising in positions designated by ABC; (d) deleting or editing any ABC Network Content, (e) altering the ABC Network Content from its given format (*e.g.*, aspect ratio, resolution, audio configuration, *etc.*); (f) overlaying, or authorizing third parties to overlay, any audio or video onto any ABC Network Content, or any portion thereof; and (g) altering the appearance of the ABC Network Content on the Subscriber's display screen (*e.g.*, allowing frames, squeeze backs, windows, tickers or links).
14. Modifications of Local Content. Operator may not modify, nor authorize any Subscriber to modify, Local Content in any manner whatsoever, including, (a) inserting any content, data, interactive or other triggers into any portion of any Local Content, (b) inserting messages or advertising in connection with any Local Content, (c) deleting or editing any Local Content; (d) altering the Local Content from its given format (*e.g.* , aspect ratio, resolution, audio configuration, *etc.*), other than any technological optimizations that Operator applies to ABC Owned Stations; (f) overlaying or authorizing third parties to overlay any audio or video onto any Local Content, or any portion thereof; and (g)

altering the appearance of the Local Content on the Subscriber's display screen (*e.g.*, allowing frames, squeeze backs, windows, tickers or links).

15. Content Protection. The Operator TVE Service shall employ measures and procedures reasonably designed to effectively protect the Broadband Linear Streams from unauthorized access, distribution or use, including: (a) content protection measures at least as restrictive as those applicable to the ABC Owned Station pursuant to the ABC/MVPD TVE Agreement, and (b) providing ABC and Broadcaster with the same notification and remedies in the event of system failure related to authentication or unauthorized access that apply to the ABC Owned Stations pursuant to the ABC/MVPD TVE Agreement.

Exhibit E
NBC TVE Requirements for MVPDs

Operator's right to provide authentication and TVE Distribution for a Station's Linear TVE Stream is conditioned on Operator's compliance with the requirements below and/or such other standards established by NBC and applied generally to MVPDs, provided, however, that Operator shall not be obligated to comply with any requirement that is not also applicable with respect to TVE Distribution of NBCOTS linear streams for Operator's subscribers. Capitalized terms used herein and not otherwise defined in Section 7 of this Exhibit E shall have the meanings set forth in the Agreement.

1. **Grant of Rights:** Subject to the terms and conditions set forth herein, Operator hereby is authorized to provide TVE Distribution of each Linear TVE Stream via Operator's MVPD Access Points, provided Operator at all times qualifies as an MVPD as defined in this Exhibit E with respect to each Station.

2. **Authentication and Authorization Process:**
 - 2.1. Operator shall provide authentication software interfaces for NBC Access Points that integrate with Adobe Pass, and shall authenticate its subscribers on any Permitted Device upon NBC's request. Operator shall distribute the Linear TVE Stream via each MVPD Access Point and each Permitted Device on which it authenticates any linear TVE stream of any other broadcast station, and on each Permitted Device for such MVPD Access Point.
 - 2.2. Operator shall work in good faith to develop, deploy, and promote industry adoption of industry open standard technical interfaces such as Cable Labs' OLCA and OATC OMAP. Operator will implement authentication using industry standard systems and processes (e.g., Adobe) and will integrate such systems and processes with NBC Access Points and MVPD Access Points.
 - 2.3. Operator shall require that an end user, prior to accessing the Linear TVE Stream, provide user credentials (e.g., login name and password) verifying that such user is a subscriber to Station via Operator's system. On subsequent visits to such Access Point, a subscriber may access the Linear TVE Stream as an Authenticated Subscriber via a single sign-on mechanism that will not require a login for every visit over a fixed period of time, in accordance with customary and reasonable industry practice. Operator will authenticate that the subscriber is an Authenticated Subscriber to Operator's package of service that, within Station's markets, includes Station, and will pass subscriber zip code data to enable NBC to determine whether the subscriber is authorized to access the Linear TVE Stream. Operator acknowledges that NBC shall use this information purely for authorization purposes and will indemnify NBC with respect to any third-party claims related to such provision and use.
 - 2.4. Operator shall use commercially reasonable efforts to employ measures to drive optimal authentication success including, but not limited to, temporary pass viewing, authentication tokens, single sign-on, browser overlay, social log-on, and in-home auto authentication.
 - 2.5. Operator shall not charge subscribers any additional or incremental fee for the ability to access the Linear TVE Stream.

- 2.6. At all times that the Linear TVE Stream is available via MVPD Access Points, Operator will pass through or regenerate all standard Nielsen (or successor) signaling information included within such Linear TVE Stream as delivered to Operator, and will otherwise support measurement of viewing of such Linear TVE Stream in the same manner (including with respect to integration of Nielsen's SDK) as for the other broadcast stations. In addition, Operator will integrate NBC's ad server (currently FreeWheel) in accordance with VAST and support dynamic advertising insertion within such Linear TVE Stream as requested by NBC. Operator's integration with NBC's ad server will support asset level targeting, serving of third-party-hosted creative, third-party impression tracking to other FreeWheel ad beacons, competitive separation, frequency capping, dynamic ad pod length, and FreeWheel commercial break patterns.
- 2.7. There shall be no banner or display ads during play out of the Linear TVE Stream on any MVPD Access Point.
- 2.8. There shall be no advertising or promotion on Operator sign-in pages that are directed from the NBC Access Points.
- 2.9. Operator will authenticate a subscriber to Operator's system, when traveling outside Station's home market, to access, via NBC Access Points, the authenticated linear stream of the NBC station licensed to the market where such subscriber is physically located (an "Other NBC Station"), if such Other NBC Station (a) has a valid grant of TVE rights from NBC, (b) has launched its local linear TVE stream, and (c) has agreed to authorize visiting viewers as contemplated herein.
- 2.10. Operator shall treat each Linear TVE Stream in a non-discriminatory manner with respect to branding (including Station's logo), navigation, and user interface on MVPD Access Points as compared to all other broadcast stations.
3. **Content Protection and Security.** Operator will maintain all reasonable and practical security measures designed to ensure that the Linear TVE Stream is received only by Authenticated Subscribers and designed to prevent theft, piracy, and/or unauthorized distribution, redistribution, and copying or moving of the Linear TVE Stream or any portion thereof. Operator will not export any Linear TVE Stream to, or facilitate the importation of pirated video content from, any other application on the Permitted Device. Application of systems and protocols for Operator's subscriber authentication with respect to the Linear TVE Stream shall be substantially similar to the systems and protocols Operator applies to the authenticated exhibition of content from other television networks.
4. **Audit.** NBC will have the right to audit on an annual basis the exhibition and authorization of the Linear TVE Stream in order to verify compliance with this Exhibit. Operator will reasonably cooperate with such audit by NBC and will promptly rectify any technical or security issues revealed by such audit.
5. **Reporting and Usage.** Operator will provide the most robust reporting and usage data to Broadcaster and NBC with respect to each Linear TVE Stream that it provides with respect to any other local broadcast station affiliated with the CBS, ABC, or Fox broadcast networks, subject to any directly-related and logically-linked terms and conditions; provided that in any event Operator shall provide no less than the same level of reporting and usage data with respect to each Linear TVE Stream that Operator provides with respect to NBCOTS. NBC will provide Operator with the same usage reporting with respect to viewing of the Linear TVE Stream on NBC Access Points by Operator's subscribers as it

provides to Operator with respect to NBCOTS.

6. **Rights-Cleared Feeds.** Operator will distribute the rights-cleared Linear TVE Stream provided by Station in accordance with Appendix A. Station's rights-cleared Linear TVE Stream shall be identical to Station's NBC Feed except for local and network ad substitution (if applicable) and content blackouts or replacements as expressly authorized herein. With respect to any content that Broadcaster or NBC believes it does not have the necessary rights to make available for TVE Distribution, the applicable party will have the right and responsibility to provide for blackout or replacement of such content within the Linear TVE Stream. Operator will be responsible for all hosting and streaming costs for the Linear TVE Stream when accessed via MVPD Access Points. Alternatively, Operator may real-time encode the NBC Feed in accordance with NBC's reasonable technical specifications in order to create a rights-cleared Linear TVE Stream, provided that Operator (a) complies with all blackouts and replacements as instructed by NBC and Broadcaster (and indemnifies NBC and Broadcaster for failure to comply with any blackout or replacement of which Operator has been instructed) and (b) can implement dynamic ad insertions in the same manner as implemented with respect to the rights-cleared Linear TVE Stream made available by Broadcaster.
7. **Definitions.** For purposes of this Exhibit E, the following terms have the meanings set forth herein.
 - 7.1. "Authenticated Subscribers" shall mean users who are (a) (i) verified by Operator (*e.g.*, via login name and password) as being an active subscriber to a package that includes the NBC Feed of a Station or (ii) are Visiting Viewers (as defined below) and (b) then-currently physically present in Station's DMA.
 - 7.2. "Broadcaster" shall mean TEGNA Inc.
 - 7.3. "Linear TVE Stream" shall mean, with respect to each Station, the live simulcast linear feed of such Station's NBC Feed that is created for TVE Distribution, which stream may vary from such NBC Feed as provided in the "Rights-Cleared Feeds" paragraph above.
 - 7.4. "MVPD" shall mean a facilities-based multichannel video programming distributor via cable and/or DBS satellite distribution systems that (i) is eligible to retransmit its local NBC-affiliated station's broadcast signals pursuant to the compulsory copyright statute (17 U.S.C. §111 or §122) and the Communications Act; (ii) has in place a valid retransmission consent agreement covering its local NBC-affiliated stations' broadcast signals; (iii) has an existing agreement with NBC (or an affiliated entity thereof) for delivery of certain of the Network Programming on a video-on-demand basis to Authenticated Subscribers; and (iv) has an existing agreement with NBC (or an affiliated entity thereof) for TVE Distribution of NBCOTS. No other distributor will be deemed an "MVPD" hereunder unless expressly agreed in writing by NBC.
 - 7.5. "MVPD Access Points" shall mean Operator's owned, operated, and branded websites and applications via which Operator provides, in compliance with the terms of this Exhibit E, Internet streaming of video programming that Operator makes available to its Authenticated Subscribers as a component of such subscribers' MVPD subscriptions.
 - 7.6. "NBC" shall mean NBC Television Network, a division of NBCUniversal Media,

LLC

- 7.7. “NBC Access Point” shall mean each of the following:
- NBC.com and NBC App, with respect to which Operator will be entitled to authenticate Authenticated Subscribers to access the applicable Linear TVE Stream(s);
 - NBCSports.com and NBC Sports Live Extra app or successor (“NBC Sports Access Points”), with respect to which Operator will be entitled to authenticate Authenticated Subscribers to access a national sports feed with local branding and commercial insertions; and
 - NBCnews.com and NBC News app or successor, with respect to which Operator will be entitled to authenticate Authenticated Subscribers to access the applicable Linear TVE Stream(s) of NBC News programs on a live basis (*e.g.*, Nightly News, Meet the Press, Dateline, and specials).
- 7.8. “NBC Feed” shall mean, with respect to each Station, such Station’s NBC-affiliated Programming Stream.
- 7.9. “NBCOTS” shall mean the NBC owned and operated television stations.
- 7.10. “Network Programming” means all programming from the NBC broadcast network that NBC has licensed to Broadcaster to transmit over the air pursuant to the affiliation agreement in effect between Broadcaster and NBC.
- 7.11. “Permitted Devices” shall mean desktop, laptop, netbook and tablet computers, mobile phones and other Internet connected devices on which the linear streams of NBCOTS may be streamed via the Internet to Authenticated Subscribers that receive such NBCOTS as part of an MVPD subscription or are otherwise approved by NBC.
- 7.12. “Station” shall mean each NBC-affiliated television station owned and/or operated by Broadcaster.
- 7.13. “TVE Distribution” shall mean Internet exhibition via NBC or MVPD Access Points of a Linear TVE Stream to Permitted Devices of Authenticated Subscribers.
- 7.14. “Visiting Viewer” shall mean, with respect to a particular Station, an end user traveling outside of his or her home DMA who (1) is physically present within such Station’s DMA and (2) is (a) a subscriber to an Operator system located outside such Station’s DMA and (b) eligible to access the authenticated linear stream of an NBC-affiliated station on NBC Access Points and/or MVPD Access Points.

To: Chris Conrad, Interim City Manager
 From: Angela Imming, Director, Technology and Innovation
 Date: Feb. 22, 2021
 Subject: TEGNA Renewal

Recommendation:

I recommend HCS renew the contract with Sinclair to carry KSDK/NBC programming.

Discussion

KDSK is local NBC content expected to be provided by cable television operators.

Financial Impact:

The table below outlines the financial impact that will be absorbed by HCS until further changes are made.

Primary Affiliation of Retransmitted Feed	Current	Proposed 2021	Negotiated 2021	Proposed 2022	Negotiated 2022	Proposed 2023	Negotiated 2023
ABC	\$4.25	\$5.95	\$5.50	\$6.70	\$6.16	\$7.50	\$6.90

Resolution Number	Resolution Type	Section Number
	Original	22-00000-00-GM

BE IT RESOLVED, by the Council of the City of Highland Illinois that there is hereby appropriated the sum of Three hundred fifty five thousand and 00/100 Dollars (\$355,000.00) of Motor Fuel Tax funds for the purpose of maintaining streets and highways under the applicable provisions of Illinois Highway Code from 05/01/21 to 04/30/22.

BE IT FURTHER RESOLVED, that only those operations as listed and described on the approved Estimate of Maintenance Costs, including supplemental or revised estimates approved in connection with this resolution, are eligible for maintenance with Motor Fuel Tax funds during the period as specified above.

BE IT FURTHER RESOLVED, that City of Highland shall submit within three months after the end of the maintenance period as stated above, to the Department of Transportation, on forms available from the Department, a certified statement showing expenditures and the balances remaining in the funds authorized for expenditure by the Department under this appropriation, and

BE IT FURTHER RESOLVED, that the Clerk is hereby directed to transmit four (4) certified originals of this resolution to the district office of the Department of Transportation.

I Mrs. Barbara Bellm City Clerk in and for said City of Highland in the State of Illinois, and keeper of the records and files thereof, as provided by statute, do hereby certify the foregoing to be a true, perfect and complete copy of a resolution adopted by the Council of Highland at a meeting held on 03/01/21.

IN TESTIMONY WHEREOF, I have hereunto set my hand and seal this day of Month, Year .

City of Highland

Memo to: Christopher Conrad, Interim City Manager
From: Joe Gillespie, Director of Public Works
Date: February 18, 2021
Subject: Motor Fuel Tax (MFT) Section 22-00000-00-GM
Recommendation for Approval

RECOMMENDATION

I recommend that you request council approval to adopt the 2021-2022 Motor Fuel Tax Resolution and Municipal Estimate of Maintenance Costs for general maintenance materials as attached.

DISCUSSION

The State requires us to pass a resolution appropriating the estimated funds. The Municipal Estimate of Maintenance Costs form outlines our intended purchases for materials and is subject to their approval. It is similar to previous years with the exception of additional funds for sidewalk removal and replacement.

FISCAL IMPACT

The materials are funded through Motor Fuel Tax from the state of Illinois.

Christopher Conrad, Interim City Manager

ORDINANCE NO. _____

**AN ORDINANCE AMENDING CHAPTER 46, ARTICLE IV – SWIMMING POOL,
SECTION 46-51, OF THE CODE OF ORDINANCES, CITY OF HIGHLAND, ILLINOIS,
CREATING NEW FEE SCHEDULE FOR USE OF OUTDOOR POOL**

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter “City”), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City Council has previously adopted fee schedules for use of the City outdoor pool; and

WHEREAS, City Council has, from time to time, determined the fee schedule for use of the City outdoor pool needs to be adjusted for increased costs, shifting market trends, and increasing demand for new products and services; and

WHEREAS, the Director of Parks and Recreation has informed the City Council that the last time the fees for daily rates and season passes were increased was 2009; and

WHEREAS, the Director of Parks and Recreation has informed the City Council that the fees for daily admission, season passes, and pool parties need to be increased to offset the mandatory increase in the minimum wage; and

WHEREAS, Article IV – Swimming Pool, Sec. 46-51, shall now state:

ARTICLE VI. – SWIMMING POOL

Sec. 46-51. – Outdoor Swimming Pool

(a) Purpose. To promote health, safety, general welfare, and economic welfare, the City of Highland (“City”) shall set the following rate schedule for use of the City outdoor swimming pool:

(b) Definitions.

1. Resident – any individual living with the corporate limits of City.
2. Non-Resident -any individual living outside the corporate limits of City.

(c) Daily Admission for City outdoor swimming pool.

1. Youth (ages 3-17)
 - a. Resident - \$3.00
 - b. Non-Resident - \$4.00
2. 18 years of age up to 59 years of age
 - a. Resident - \$4.00
 - b. Non-Resident - \$4.00
3. 60 years of age or more
 - a. Resident - \$2.00
 - b. Non-Resident - \$2.00
4. Group Rate – during regular pool hours only, and not applicable to any other rates stated herein, groups of 20 or more individuals will receive a \$.50 discount off the daily admission rate and the right to re-entry all day. Group rate applicants must present at the same time to receive the Group Rate discount.

(d) Season Pass for City outdoor swimming pool.

1. Youth (ages 3-17)
 - a. Resident - \$55.00
 - b. Non-Resident - \$80.00
2. 18 years of age up to 59 years of age
 - a. Resident - \$75.00
 - b. Non-Resident - \$95.00
3. 60 years of age or more
 - a. Resident - \$37.50
 - b. Non-Resident - \$47.50
4. Family (up to 5 family members)
 - a. Resident - \$105.00
 - b. Non-Resident - \$140.00

5. Family (each additional family member after 5 family members)

a. Resident - \$10.00

b. Non-Resident - \$10.00

6. Korte Recreation Center members who have a valid annual membership through Labor Day receive a 20% discount on season passes

(e) Party Fees and After Hour Rentals

1. After Hour Rentals - Entry Fee for up to 100 individuals

a. Season Pass Holder - \$140.00

b. Non-Season Pass Holder - \$160.00

2. After Hour Rentals - Entry charge for every 25 guests over 100

a. Season Pass Holder - \$20.00

b. Non-Season Pass Holder - \$20.00

3. After Hour Rentals - Deposit Fee to cover damages or additional staff time. This deposit will be refunded if no damage occurs and no additional staff time is required.

a. Season Pass Holder - \$50.00

b. Non-Season Pass Holder - \$50.00

4. Party Fee – Parties are available Friday – Sunday and include an hour and a half in the gazebo with admission to the outdoor pool for up to 15 guests

a. Pizza Pizza – 2 large pizzas, soda

1) Season Pass Holder - \$85.00

2) Non-Season Pass Holder - \$100.00

b. Pizza Pizzas – 2 large pizzas, soda, DQ round cake

1) Season Pass Holder - \$100.00

2) Non-Season Pass Holder - \$115.00

c. Cake & Cream – soda, DQ round cake

1) Season Pass Holder - \$70.00

2) Non-Season Pass Holder - \$85.00

d. Additional guest over 15

1) Season Pass Holder - \$3.00

2) Non-Season Pass Holder - \$3.00

- e. Additional pizza
 - 1) Season Pass Holder - \$7.00
 - 2) Non-Season Pass Holder - \$7.00
- f. Upgrade round DQ cake to DQ sheet cake
 - 1) Season Pass Holder - \$10.00
 - 2) Non-Season Pass Holder - \$10.00

and

WHEREAS, City believes it is necessary and in the best interest of the City to approve the new rate schedule for the City outdoor swimming pool; and

WHEREAS, City Council has determined the City Manager and/or Mayor should be authorized and directed to execute whatever documents are required to approve and set the new rate schedule for the City outdoor pool.

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Highland as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. City has determined Article IV – Swimming Pool, Sec. 46-51, shall now state:

ARTICLE VI. – SWIMMING POOL

Sec. 46-51. – Outdoor Swimming Pool

(a) Purpose. To promote health, safety, general welfare, and economic welfare, the City of Highland (“City”) shall set the following rate schedule for use of the City outdoor swimming pool:

(b) Definitions.

- 1. Resident – any individual living within the corporate limits of City.
- 2. Non-Resident -any individual living outside the corporate limits of City.

(c) Daily Admission for City outdoor swimming pool.

- 1. Youth (ages 3-17)
 - a. Resident - \$3.00
 - b. Non-Resident - \$4.00

2. 18 years of age up to 59 years of age

- a. Resident - \$4.00
- b. Non-Resident - \$4.00

3. 60 years of age or more

- a. Resident - \$2.00
- b. Non-Resident - \$2.00

4. Group Rate – during regular pool hours only, and not applicable to any other rates stated herein, groups of 20 or more individuals will receive a \$.50 discount off the daily admission rate and the right to re-entry all day. Group rate applicants must present at the same time to receive the Group Rate discount.

(d) Season Pass for City outdoor swimming pool.

1. Youth (ages 3-17)

- a. Resident - \$55.00
- b. Non-Resident - \$80.00

2. 18 years of age up to 59 years of age

- a. Resident - \$75.00
- b. Non-Resident - \$95.00

HIGHLAND

PARKS & RECREATION... The *FUN* Theory!

To: City Manager, Mark Latham
From: Mark Rosen, Director of Parks & Recreation
Date: February 22, 2021
Subject: Outdoor Pool Fee Increase

Recommendation

I am recommending city council approval to increase daily admission and season pass fees to the Outdoor Pool for 2021.

Discussion

The last time daily rates and season passes were increased was in 2009. Although we had considered an increase in 2019, it was postponed due to the pool audit and uncertainty of the pool's future. As we prepare for the mandated minimum wage increase I feel it is justified to make a slight increase.

Fiscal Impact

This increase will adequately cover the mandated minimum wage increase.

Recommended By: Mark Rosen, Director of Parks & Recreation

Approved By: Chris Conrad, Interim City Manager

RESOLUTION NO. _____

**A RESOLUTION AUTHORIZING
ALLOCATION OF HOTEL / MOTEL TAX FUNDING
(CITY OF HIGHLAND – 2021 4th OF JULY FIREWORKS DISPLAY)**

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter “City”), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City has determined applicants for hotel / motel tax funding shall fill out an application to determine whether the funding request may be granted according to 65 ILCS 5/8-3-14, which reads, in pertinent part:

The amounts collected by any municipality pursuant to this Section shall be expended by the municipality solely to promote tourism and conventions within that municipality or otherwise to attract nonresident overnight visitors to the municipality

See 65 ILCS 5/8-3-14; and

WHEREAS, City has determined the applicant has submitted a “Hotel / Motel Tax Funding Application” (*See Exhibit A*); and

WHEREAS, City has determined the applicant has requested funds for tourism and/or conventions and/or overnight visitors to City, and the applicant’s request for funds may be permitted pursuant to the spirit of 65 ILCS 5/8-3-14 (*See Exhibit A*); and

WHEREAS, the City Council finds that the City Manager should be authorized and directed, on behalf of the City of Highland, to execute whatever documents are necessary to allocate hotel / motel tax funds to the applicant pursuant to the “Hotel / Motel Tax Funding Application” (*See Exhibit A*).

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Highland, Illinois, as follows:

- Section 1.* The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.
- Section 2.* The “Hotel / Motel Tax Funding Application” (*See Exhibit A*) is approved.
- Section 3.* The City Manager is directed and authorized, on behalf of the City of Highland, to execute whatever documents are necessary to allocate hotel / motel funds to applicant pursuant to applicant’s “Hotel / Motel Tax Funding Application” (*See Exhibit A*).

Section 4. This Resolution shall be known as Resolution No. _____ and shall be effective upon its passage and approval in accordance with law.

Passed by the City Council of the City of Highland, Illinois, and deposited and filed in the Office of the City Clerk, on the _____ day of _____, 2021, the vote being taken by ayes and noes, and entered upon the legislative records, as follows:

PARKS & RECREATION... The *FUN* Theory!

To: City Manager, Mark Latham
From: Mark Rosen, Director of Parks & Recreation
Date: February 19, 2021
Subject: Request for Use of Tourism Funds - Fireworks

Recommendation

I am requesting City Council approval to utilize tourism funds in the amount of \$10,000 for the annual July 4th Fireworks presentation.

Discussion

The July 4th Fireworks show has become a tradition again in Highland allowing, literally thousands of people throughout the community to enjoy the show. Area businesses, neighborhoods and passers-by can view the fireworks from many different venues.

Fiscal Impact

As reported to me, approximately \$19,000 remains in the tourism fund prior to this request. In addition, it should be noted that staff and volunteers raise money for the fireworks throughout the year.
