Public bodies are encouraged to postpone consideration of public business where possible. When a meeting is necessary, public bodies are encouraged to provide video, audio, and/or telephonic access to their meetings to ensure members of the public may monitor the meeting, and to update their websites and social media feeds to keep the public fully apprised of any modifications to their meeting schedules or the format of their meetings due to COVID-19, as well as their activities relating to COVID-19.

Event Information

Please state how your request for hotel/motel tax funds will help promote: 1) tourism; 2) conventions within the City; and/or 3) overnight visitors to the municipality: Replacing the sign will provide a positive impact on Highland as it will convey that the Highland community is a safe place to live and visit.

- 10) Location of the Event: 143 (in front of KC Hall)

11) Description of the Event: Funds are requested to replace the existing Chamber of Commerce/City of Highland 143 Sign that is in disrepair. The new design will be made out of an aluminum composite material that will last a very long time and will only require occasional replacement of the lettering. It will also contain the logo of the Chamber of Commerce, City of Highland, and I have also reached out to the *IDC to place their logo on it as well.

*they do not have a logo at this time but have indicated that they would be very receptive to it and will seek to find someone to design one for them.

14) Expected Overnight Stays for the Event: Unknown

15) Description / Purpose of Funding Request: Funding is requested to replace the 143 Chamber of Commerce/City of Highland sign that is disrepair. The materials that it is currently made from, mainly wood, has deteriorated and would need to be completely replaced. The new material would be an aluminum composite material that would need little to no maintenance for many years to come.

20) Benefits to City Tourism: Describe how this activity attracts and/or contributes to tourism and overnight stays in the City of Highland. The Highland community is known for it's beautiful parks and landscape in general and replacing the sign will keep with these standards. The area where the sign is located on 143 is a high volume traffic area especially since it is in direct access to the interstate. This makes it very visible to anyone travelling into Highland to work, shop, sight see etc. and is therefore a very prominent message of tourism. If you are travelling to Highland to stay overnight, or even coming to Highland to visit to inquire about staying overnight, the new sign would be a great way to show that we are a safe town who maintains their landscape. Being by the KC Hall also is a great way to show those that are coming from out of town for meetings, weddings, bingo and the many other events that they have to offer.

21) Additional Information: Provide any additional information which will assist the City in evaluating your project and its benefit to the City of Highland (attachments are welcomed). Please see attached

Finance Department

MEMO TO: Christopher Conrad, City Manager FROM: Kelly Korte, Director of Finance

SUBJECT: 2021 Estimated Tax Levy

DATE: November 10, 2021

I am placing the 2021 estimated tax levy resolution on the agenda for the meeting on November 15, 2021. This is a requirement before the actual tax levy can be adopted on December 20, 2021.

The rates are open for discussion at the council meetings held before December 20, 2021. For the assessed valuation, I have increased it by 2.5%. This is the most conservative method and follows what has been occurring the past few years and has been based on recommendation from the City Manager.

The amount for the police pension tax levy request may be modified upon the Pension Board receiving their independent actuarial valuation report. The Pension Board will formally request a levy amount once this has been received.

If anyone has questions before that time, please let me know.
