Anyone requiring accommodations, provided for in the Americans with Disabilities Act (ADA), to attend this public meeting, please contact Breann Vazquez, ADA Coordinator, by 9:00 AM on Monday, December 5, 2022.

BE ADVISED this is a public meeting conducted in accordance with Illinois state law and may be recorded for audio and video content. City reserves the right to broadcast or re-broadcast the content of this meeting at City's sole discretion. City is not responsible for the content, video quality, or audio quality of any City meeting broadcast or re-broadcast.

Directions for Public Monitoring of Highland City Council Meetings:

In an effort to protect as many individuals as possible, including the leaders of our communities statewide, Governor J.B. Pritzker has issued a number of directives, one of which was to suspend the provisions of the Illinois Open Meetings Act (5 ILCS 120), requiring or relating to in-person attendance by members of a public body. Specifically, (1) the requirement in 5 ILCS 120/2.01 that "members of a public body must be physically present;" and (2) the conditions in 5 ILCS 120/7 limiting when remote participation is permitted, are suspended. Public bodies are encouraged to postpone consideration of public business where possible. When a meeting is necessary, public bodies are encouraged to provide video, audio, and/or telephonic access to their meetings to ensure members of the public may monitor the meeting, and to update their websites and social media feeds to keep the public fully apprised of any modifications to their meeting schedules or the format of their meetings due to COVID-19, as well as their activities relating to COVID-19.

In following this directive, the City of Highland is providing the following phone number for use by citizens to call in just before the start of this meeting:

618-882-5625

Once connected, you will be prompted to enter a conference ID number.

Conference ID #: 867900

This will allow a member of the public to hear the city council meeting.

Note: This is for audio monitoring of the meeting, only. Participants will not be able make comments.

Anyone wishing to address the city council on any subject during the Public Forum portion of the meeting may submit their questions/comments in advance via email to lhediger@highlandil.gov or, by using the citizens' portal on the city's website found here: https://www.highlandil.gov/citizen request center app/index.php.

Any comments received prior to 3:00 PM on the day of the meeting, will be read into the record.

PROCLAMATION

WHEREAS,

The vast majority of youth are concerned, knowledgeable and responsible citizens; and

WHEREAS,

The accomplishments and achievements of these young citizens deserve the recognition and praise of their elders; and

WHEREAS,

Optimists International has, since 1956, developed and promoted a program entitled Youth Appreciation Week; and

WHEREAS,

The citizens of the City of Highland, Illinois have indicated a desire to join the Optimists in expressing appreciation and approval of the contributions of youth.

THEREFORE,

I, Kevin B. Hemann, Mayor of the City of Highland, do hereby proclaim the week of December 5 – 9, 2022, as

YOUTH APPRECIATION WEEK

in the City of Highland, Illinois. By this action, let it be known that we have faith in the ability of today's youth as they assume responsible roles in the future of mankind.

IN WITNESS WHEREOF,

I have hereunto set my hand and caused the Seal of the City of Highland to be affixed this 5th day of December, 2022.

CITY OF HIGHLAND SPECIAL EVENT APPLICATION

Authorized under City Ordinance Sec. 64-3-1

PURPOSE: The City of Highland supports various community activities and festivals throughout the year. Establishing public safety and coordinating needs between the events and the city are the overall goals of this process. It is the responsibility of the specific event Sponsors to obtain, complete, and follow through the application process for city approval.

SPECIAL EVENT: A "Special Event" is defined as: (1) any event, race, gathering, demonstration, or service; (2) that occurs partially or completely within the jurisdiction of the City of Highland; (3) is expected to draw crowds in excess of one hundred fifty (150) attendees; and (4) is expected to or could disrupt normal daily functions within the City of Highland including but not limited to traffic congestion and excess noise; or could create a public health/safety concern without proper precautions or prior planning. Specific examples would include (but are not limited to): The Kirchenfest, Schweizerfest, 5K runs, parades, Art in the Park, Fourth of July Festivities, Madison County Fair, etc. The City Manager will make the final determination as to whether an event qualifies. This will be based upon the totality of the circumstances presented.

PROCEDURE:

- 1. All Requests will be directed to Highland City Hall, to the attention of the Deputy City
- 2. Applications will be available at Highland City Hall, Monday-Friday, 8:00 am to 5:00 pm or online through the City's web site.
- 3. Applications will be completed by the Event Sponsor and submitted at least 60 days prior to the event. The application must be signed by the Event Sponsor Responsible Party. Incomplete applications will not be accepted. If an application is accepted and later determined to be incomplete, the applicant will be notified by the Deputy Clerk. Failure to provide information will result in denial of application.
- 4. The Deputy City Clerk will forward the application to all city departments that have responsibilities relating to the event. If necessary, a committee meeting involving the event Sponsor and city stakeholders may take place to clarify questions, determine specific needs, and address concerns.
- 5. The event Sponsor is required to obtain final approval for the special event from the City Manager. The City Council may announce the special event to the public at a scheduled Council meeting.

This section of the City of Highland's annual financial report presents discussion and analysis from City management regarding the City's financial performance during the fiscal year that ended on April 30, 2022 with comparative information for the fiscal year ended April 30, 2021.

FINANCIAL HIGHLIGHTS

- Total assets exceeded liabilities at the close of the fiscal year by approximately \$82.0 million (net position). Of this amount, the unrestricted amount of \$13.0 million may be used to meet the City's ongoing obligations to citizens and creditors.
- City-wide net position increased 7.4% during the fiscal year. Governmental activities increased 10.8% and a 3.6% increase occurred within enterprise activities.
- The City of Highland is compliant with the GASB 34 reporting model, which requires accounting for depreciation of fixed assets within governmental activities. Shown within the Statement of Net Position, the fixed assets year-end balance for fiscal year 2022 is \$95.6 million (net of depreciation). This is comprised of \$49.6 million for governmental activities plus \$46.0 million for business-type activities.
- Receipts of the traditional sales tax, shown within the "Intergovernmental" revenue line item, increased 10.57% during FY 2022 According to City estimates, with a change in the collection method for online purchases, this number will increase in future years based on current retail offerings available to our citizens.
- FY 2022 was the fifteenth full year of receipts from the 2006 Non-Home Rule Sales Tax Referendum. This 1% NHR sales tax was estimated to bring in an additional \$1.3 \$1.5 million annually to the City for street projects. Receipts for the year equaled \$1.9 million. This collection will also see an increase based on the updated collection method for online purchases.
- FY 2022 was the third full year for the newly created Business Districts generating \$810,694 for eligible projects within these Districts. As with the traditional and NHR, this tax collection is predicted to be increased based on the updated collection method for online purchases.
- Building permit activity continues and the growth rate of the City's equalized assessed value (EAV), which is an important component in property tax calculations, also continues to improve as developments continue and improvements are made to existing properties.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements.

- The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances.
- For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most financially significant funds.
- The Enterprise fund statements display the results of the utility funds for each fiscal year.
- The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the City as a Whole – The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Reporting the City's Most Significant Funds - Fund Financial Statements

Some funds are required to be established by State law and bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes (such as the bonds for Infrastructure Improvements) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

The City's three types of funds use different accounting approaches:

• Governmental Funds – Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow into and out of these funds and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in the reconciliations within exhibits #4 and #6 of the "Basic Financial Statements" section.

- Enterprise Funds Services for which the City charges customers for the full cost of the services it provides are generally reported in enterprise funds. These business-type activities, like the government-wide statements, provide both long- and short-term financial information. Business-type activities are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities.
- Fiduciary Funds The City has fiduciary responsibility for other assets that because of trust arrangements can be used only for the trust beneficiaries. The City is responsible for ensuring the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

In the supplemental information section, the City has provided detailed schedules of revenues, expenditures, and changes in fund balances for the required major funds. The capital projects funds that have been in presented in prior years are not required and therefore have not been included. The City has also included information on its various pension plans in accordance with GASB statutes. In addition, detailed historical data can be found regarding tax levies, building permits, and property values. Information regarding miscellaneous statistics about the City of Highland are also included. The reports are intended to provide the user with information beyond the realm of the traditional auditing requirements.

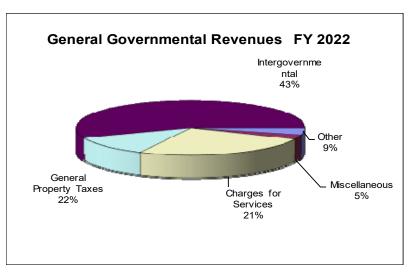

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a comparison between the activities for FY '22 and the activities for FY '21 under the GASB Statement No. 34 model. The city-wide total for revenues increased \$0.1 million and expenditures decreased \$.3 million compared to the previous fiscal year. Governmental type revenues exceeded expenditures for the current and prior fiscal year. Business Type Revenues also exceeded expenditures for the current year as well. The surplus is utilized by the City of Highland to meet the City's fiscal policy in relation to reserves for operations, maintenance, and capital projects and any deficits are covered by surplus created in prior years.

Governmental Activities

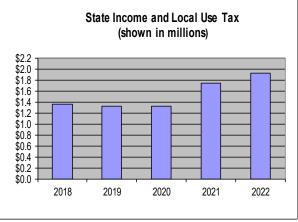

Governmental Activities include all funds except Business-Type Activities and the Police Pension Fiduciary Fund. Examples include the following: General Fund (which includes Police Dept, Fire Dept, the Building and Zoning, General Administration, and PW Admin / Street Dept. among others), Ambulance Fund, Parks and Recreation, and the various Library Funds.

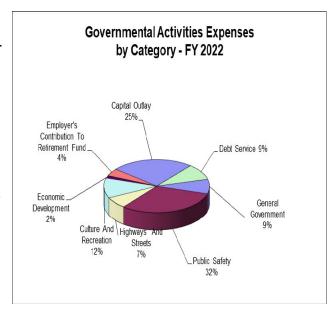

Intergovernmental revenues include revenues due to the City of Highland that pass through the State of Illinois. These include, but are not limited to, sales tax, income tax, and the simplified telecommunications tax. Corporate replacement tax, motor fuel tax, as well as fines and forfeitures are included within the "other" category. The "miscellaneous" category includes interest income. "Charges for Services" includes billings from the City's Ambulance service and user fees from Parks & Recreation.

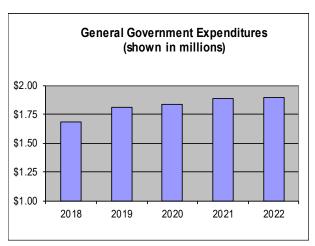

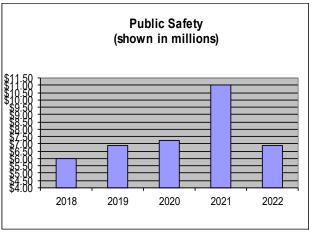

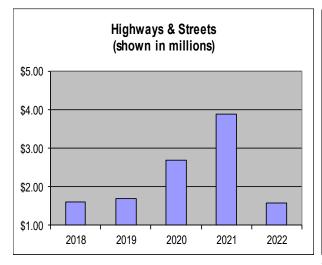

Expenditures of Governmental Activities are spread among a wide variety of functions. Among these are public safety functions of police, fire, and EMS. Also included are the activities of highways and streets as well as culture and recreation (parks & recreation / library). These areas are funded with the aforementioned revenues such as property taxes and intergovernmental revenues. The charts included on this page depict the governmental activities expense amounts for the various functions. The increase in debt service is due to the refunding of the TIF #2 bonds. The increase in public safety is due to the construction of the new Public Safety Facility and completion of the downtown Fire Station renovations using the proceeds of the

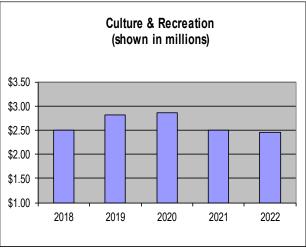

debt certificates issued for this purpose. Highways and Streets continues to grow as the City continues to make investment in our City streets.

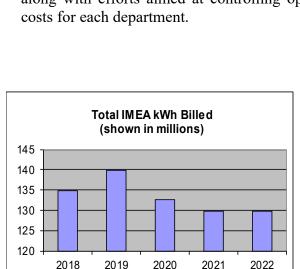

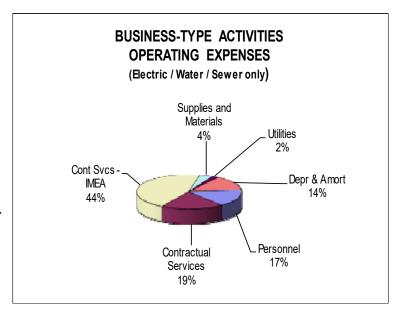

Business-Type Activities

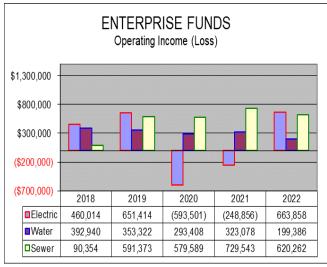

Business-type activities include revenues and expenditures related to the Electric, Water, Sewer, and Solid Waste funds. Business-type activities do not receive property intergovernmental taxes. Each enterprise fund operates as an independent entity, relying solely on user fees for operations. The water and sewer funds had incremental rate increases over the past few years. The most recent electrical rate increase was effective in May of 2021 and fiber rate increases will continue to be evaluated and implemented as needed. The electric fund also includes revenues billed and expenditures for installation of the new fiber infrastructure and operations.

Operational expenses for the electric (including fiber) decreased by 1% while the revenues increased by 2.47%. These costs include depreciation which is not a budgetary item. The rate increase effective in May 2021 and further increases for fiber services will continue to be investigated in the upcoming fiscal years to avoid operational losses in the future along with efforts aimed at controlling operational costs for each department.

Fiscal Year

The total kilowatt hours billed decreased during Fiscal year 2022 also contributing to the operational loss. The cost per kilowatt hour will again be used to determine if additional rate increases beyond the power cost adjustment are warranted in the upcoming year.

STATUS OF CITY RESERVES

The governmental funds reported a *combined* fund balance of \$18.5 million. The City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in a prior fiscal year. This created five new classifications for fund balance reporting including non-spendable, restricted, committed, assigned and unassigned. The classifications are important in determining the order of use for fund balances remaining at year end.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of FY 2022, the City had \$95.6 million (net of depreciation) invested in a range of capital assets that include equipment, building and structures, and infrastructure. Infrastructure is valued based on the composite cost. The straight-line depreciation method is used, with a salvage value always being zero. More detailed information about the City's capital assets can be found in Note 5 of the Notes to the Financial Statements.

The City of Highland transfers amounts between funds for the main purpose of saving for future capital expenditures. Each fund transfers excess funds at year-end to the City Property Replacement Fund where it remains, until needed, to be transferred back for eligible capital purchases. Transfers also exist among funds in order to allocate the general administrative expenses among the appropriate fund. For more information on these interfund transfers see Note 8 in the Notes to the Financial Statements.

Debt Administration

The City of Highland only recently issued general obligation debt counting against its legal debt limit. Debt repayment is accomplished primarily with sales tax revenue and utility sales. The City of Highland's legal debt limit of \$9.1 million is available for general obligation debts. Total City debt per capita is approximately \$3,263. More detailed information about the City's debt can be located in Note 6 of the Notes to Financial Statements.

CURRENT EVENTS AND NEXT YEAR'S BUDGET

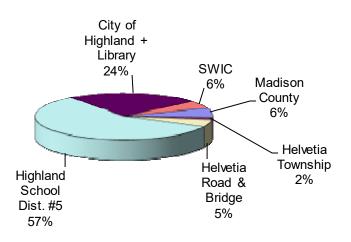

The City of Highland has taken an aggressive approach towards managing the growth of the community. The following is a brief description of some of the actions taken in FY '22, with a brief look ahead into FY '23.

The City emerged from the pandemic with relative stability due mainly to solid reserves policies and our diverse revenue streams. Even with changes in revenue collections it appears we have weathered the financial impacts and were able to maintain a solid financial position. It appears that after changes in sales and use tax collections this past year, our overall revenue growth has returned to pre pandemic levels. Inflation impacts on City activities is the largest threat to City finances and staff are adjusting projects, purchases and operations in order to continue to provide the level of services our citizens have come to expect from the City of Highland.

The Fiber-to-the-Premise (FTTP) project continues to gain customers in the available service areas. This exciting project continues to develop as customers are added, services are added, and more citizens and business owners realize how valuable these community provided services can be. The Public Works Department obtained low interest financing for sewer trunk main improvements through the low interest loan program administered by the IEPA. This project has already proven valuable with reduced claims related to sewer backups. Construction was completed on the new public safety facility, Plaza Park was completed, a new parking lot for city hall was constructed and a parcel next to the WCC was purchased for future expansion all using proceeds of the Business District Tax. Electrical system upgrades and maintenance operations are still being done to sustain the electrical systems reliability including aggressive vegetation management to reduce animal/varmint intrusion.

Steps have been taken to improve daily operations and help the City become more efficient. The City uses aspects of various performance management tools for budgeting and trend analysis. Under the direction of the City Manager, various committees have been established to review policies and procedures and to take an active role in assisting the City with its management. One of the recommendations of these committees was the acquisition of the Tyler Technologies ERP Municipal Management software platform. Staff have begun the process of implementation which will likely take 2-3 years.

As of April 2022, the City's Equalized Assessed Value increased 4.23% to a total of \$213.3 million. The EAV is used in conjunction with the 2021 Property Tax Levy for the collection of property taxes during FY 2022-2023. The City of Highland's (including the Library portion) property tax rate for 2021 represents 25% of the total property tax rate in Helvetia Township (Saline Township is nearly identical). The City's portion of the total property tax rate for Highland

residents has remained relatively the same for the past few years. The City strives to maintain its property tax rate at the lowest amount possible while providing the highest quality of service.

INDEPENDENT AUDITOR'S REPORT

To the City Council City of Highland Highland, IL 62249

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Highland, Illinois, as of and for the year ended April 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Highland, IL's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Highland, IL, as of April 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Highland, Illinois, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Highland, Illinois' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Highland, Illinois' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Highland, Illinois' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Prior Period Partial Comparative Information

The prior year partial comparative information has been derived from the City of Highland's 2021 financial statements, and in our report dated September 22, 2021, we expressed an unmodified opinion on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information.

RECONCILIATIONS OF THE STATEMENTS OF REVENUES, EXPENDITURES AND

CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS

TO THE STATEMENTS OF ACTIVITIES FOR THE YEAR ENDED APRIL 30, 2022

WITH COMPARATIVE AMOUNTS FOR APRIL 30, 2021

	2022	2021			
Net change in fund balances - total governmental funds	\$ 104,851	\$	(3,999,726)		
Amounts reported for governmental activities in the statements of activities are different because:					
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. This is the amount by which capital outlay exceeded depreciation expense.	2,071,667		5,883,653		
abbent 1 mb ib are amount by which capture cannot be produced by the control of t	2,071,007		2,002,000		
In the governmental funds, debt premiums are amortized over the life of the debt and this amortization reduces the amount of interest expense recorded on the debt. This is the amount by which the amortization of debt premiums were over (under) debt premiums.	42,217		(162,844)		
In the statement of activities, only the gain on the disposal of the capital assets is reported, whereas, in the governmental funds, the proceeds from the sale increase the financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets disposed.	(97,480)		(18,921)		
Proceeds from new notes payable and debt certificates payable are recorded as revenues in the governmental funds but increase liabilities in the statement of net position.			(2,680,000)		
Some expenses, including accrued interest, OPEB, and compensated absences, reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	(32,337)		(58,363)		
Governmental funds report defined benefit pension contributions as expenditures. However in the Statement of Activities, the cost of defined benefit pension benefits earned net of employee contributions is reported as pension expense.	1,224,269		(187,524)		
Repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position.	1,007,483		4,241,031

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

The City of Highland, Illinois, was incorporated April 4, 1884. The City is a non-home rule unit and operates under a managerial council form of government. Under this form of government, the City council is legislative, except that it is empowered to approve all expenses and liabilities, and the manager is the administrative and executive head of government.

The accounting policies of the City of Highland conform to generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies:

(A) PRINCIPLES USED TO DETERMINE SCOPE OF ENTITY

The City's reporting entity includes the City's governing board and all related organizations for which the City exercises significant influence.

The City has developed criteria to determine whether outside agencies with activities which benefit the citizens of the City should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the City exercises significant influence (which includes financial benefit or burden, appoints a voting majority, ability to significantly impose its will, and fiscal independence).

The City has determined that a component unit exists as of April 30, 2013. The Industrial Development Commission (IDC) was established by the City Council pursuant to the authority conferred by Section 11-74-4(8) of the Industrial Project Revenue Act (65 ILCS 5/11-74-4(8)) by Ordinance #2365 adopted and approved on July 6, 2009. The IDC meets monthly and makes recommendations about economic development decisions to the City Council. The IDC is a discretely presented component unit.

(B) BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting policies of the City of Highland, Illinois, conform to accounting policies generally accepted in the United States of America as applicable to governmental units. The accepted standard setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The City's funds are grouped into three broad fund categories and six generic fund types for financial statement presentation purposes. Governmental funds include the general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise funds. The City also has one fiduciary custodial fund.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(i) GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the City and the primary government, as a whole, excluding fiduciary activities such as employee pension plans. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

Net position should be reported as restricted when constraints placed on the net position's use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws and regulations of other governments, imposed by law through constitutional provisions or enabling legislation. The net position restricted for other purposes results from special revenue funds and the restrictions on its net position use.

(ii) FUND FINANCIAL STATEMENTS

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

The City reports the following major governmental funds:

<u>General Fund</u> - The government's primary operating fund. This fund is used to account for and report all financial resources not accounted for or reported in another fund.

<u>Special Revenue</u> - <u>Ambulance</u> - The fund that accounts for proceeds of specific revenue sources (other than those for major capital projects) that are restricted or committed to expenditure for the specified purposes of providing ambulance services.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Capital Projects</u> - <u>City Property Replacement</u> - This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlay, including the acquisition or construction of capital facilities (other than those financed by proprietary funds and trust funds).

<u>Capital Projects</u> - <u>Business District A</u> - This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for economic development, including the acquisition or construction of capital facilities (other than those financed by proprietary funds and trust funds).

The City reports the following major proprietary funds:

<u>Light and Power Fund</u> - This fund operates the electrical distribution system and includes the fiber-optic system that provides high-speed internet, television, and telephone services to customers in Highland.

Water Fund - This fund operates the water distribution system.

<u>Sewer Fund</u> - This fund operates the sewer treatment plant, sewage pumping stations, and collection systems.

Solid Waste Fund - This fund operates the collection of solid waste pickup.

(iii) GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. The length of time to define available is 60 days or less. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

(a) REVENUE RECOGNITION

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available. This concept includes investment earnings, fines and forfeitures, and state-levied locally shared taxes (including motor vehicle fees).

Property taxes and special assessments (in the debt service funds), though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property tax and special assessment receivables are recorded and offset with a deferred inflow of resources until they become available.

Other revenues, including licenses and permits, certain charges for services, and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) EXPENDITURE RECOGNITION

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt, which has not matured, is recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

(iv) PROPRIETARY FUNDS

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. They report charges for services and connection fees as operating revenues, and items such as interest income, grants, and other miscellaneous items as non-operating revenues. The economic resource focus determines costs as a means of maintaining capital investment and management control. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds, and unbilled utility receivables are recorded at each year end.

(v) FIDUCIARY FUNDS

The City currently has one fiduciary fund. The Policemen's Pension Trust Fund is used to account for pension assets held by the City in a trustee capacity. This fund is accounted for and reported in a manner similar to proprietary funds since capital maintenance is critical.

(C) VACATION AND SICK LEAVE

Vacation leave is accrued for full time employees of the City at the rate of one average work week per year upon completion of the first year of continuous service. These employees are granted two average work weeks per year following completion of the second year of continuous service through the sixth year. For the seventh through the eleventh year, three average work weeks are earned per year. From the twelfth through the twentieth year, four average work weeks are earned per year and five average work weeks per year are earned following the twentieth year and thereafter.

Sick leave is accrued for full time City employees at a rate of 13 days a year. Most employees can accumulate up to 30 days of vested sick pay and an additional 60 days of non-vested sick pay. Employees in the Sergeants and Telecommunicator Unions can accumulate up to 45 days of vested sick pay and an additional 45 days of non-vested sick pay. Terminated employees are compensated for all vested sick days. The City does not accrue the additional non-vested sick days totaling \$701,305. However, for the accrued vacation and vested sick days, the City is liable in the approximate amount of \$688,066 for payments to qualified employees of the governmental activities and \$344,617 for payments to qualified employees of the business-type activities as of April 30, 2022.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(D) CASH AND INVESTMENTS

The City maintains an investment pool that is available for use by all funds, except those of certain special revenue and agency funds. The City maintains a separate accounting of each fund's balance in the pool. Additionally, the City participates in the Illinois Fund. Investment income earned on pooled investments is distributed to the appropriate funds based on the average daily balance of the investments in each fund.

Investments are stated at fair value. Fair value for investments is determined by closing market prices at year-end as reported by the investment custodian.

All cash and investments of the proprietary funds are considered highly liquid, as these funds participate in the City's investment pool. Consequently, these are considered to be cash and cash equivalents for cash flow purposes.

Restricted cash on the financial statements represents cash for customer deposits, fiber bonds, and TIF bonds.

(E) GOVERNMENTAL RECEIVABLES

Long-term receivables due to governmental funds are reported on the balance sheets, in spite of their spending measurement focus. However, special reporting treatments are used to indicate that they should not be considered "available spendable resources", since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables. The City has determined that an allowance for uncollectible receivables is not needed based on prior years' collections.

(F) <u>ESTIMATES</u>

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

(G) DEBT PREMIUMS, DISCOUNTS, AND ISSUANCE COSTS

On the government-wide statement of net position and the proprietary fund statement of net position, debt premiums and discounts are shown separately from debt payable, and debt issuance costs are recognized as an outflow of resources in the period incurred. In addition, unamortized debt premiums and discounts are deferred and amortized over the life of the debt using the straight-line method.

At the government fund reporting level, debt premiums and discounts are reported as inflows or outflows of resources in the period incurred.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(H) <u>NET POSITION</u>

Net position is calculated by taking assets plus deferred outflows of resources less liabilities and deferred inflows of resources. The portion of net position that is titled "Invested in Capital Assets, Net of Related Debt" is capital assets less accumulated depreciation and outstanding debt related to the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on its use by City legislation or external restrictions by other governments, creditors, or grantors. The City's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

(I) DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position and balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period, and therefore, will not be recognized as an outflow of resources until that time. The government-wide statements report deferred outflows of resources related to the pension and OPEB plans. This deferred outflow represents the combination of changes in assumptions and the difference between projected and actual earnings on pension plan investments to be recognized in a future period.

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period, and therefore, will not be recognized as an inflow of resources (revenue) until that time. The government-wide statements report unavailable revenues from property taxes and amounts related to pension and OPEB plans. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

(J) CAPITAL ASSETS AND DEPRECIATION

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in government-wide statements. Infrastructure such as streets, traffic signals and signs are capitalized in the government-wide statements. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated fixed assets are reported at their fair value as of the date received. The City maintains a capitalization threshold of \$15,000.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets is the same as those used for the general capital assets.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings - 20 to 50 years; improvements/infrastructure - 5 to 50 years; equipment - 3 to 25 years.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(K) <u>GOVERNMENTAL FUND BALANCES</u>

The City elected to implement GASB No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in the fiscal year ended April 30, 2012. In the fund financial statements, governmental funds report the following classifications of fund balance:

<u>Nonspendable</u> – Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts with constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments; or through constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution. The City had no committed fund balances on April 30, 2022.

<u>Assigned</u> – Amounts that are constrained by an intent to be used for specific purposes but are neither restricted nor committed. The City Council has designated the City Manager and Finance Director the authority to make assignments.

<u>Unassigned</u> – All amounts not included in other spendable classifications.

For the classification of fund balance, the City requires restricted amounts to be spent first when both restricted and unrestricted fund balances are available unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balances, followed by assigned fund balances and then unassigned fund balances when more than one classification for unrestricted fund balances are available.

(L) COMPARATIVE DATA

Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative notes to the financial statements have not been presented since their inclusion would make the notes to the financial statements unduly complex and difficult to read.

(M) RECLASSIFICATIONS

Certain accounts related to the prior year have been restated to conform to current year's presentation. The reclassifications have no effect on net position.

(N) FUTURE ACCOUNTING PRONOUCEMENTS

GASB Statement No. 87, *Leases*, issued June 2017, will be effective for the City for the fiscal year ending April 30, 2023. Leases should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation. GASB Statement No. 87 established a single approach to accounting for and reporting leases by state and local governments.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(O) <u>RESTATEMENT</u>

In the current year, it was discovered that the prior year benefit accrual did not correctly breakout the vested vs non-vested benefits. The table below summarizes the change in net position of the governmental and business activities due to this change in calculation.

	Governmental		Business-Type		
		Activities	Activities		
Net Position, as Previously Reported	\$	39,782,516	\$	36,197,804	
Change in Benefit Accruals		194,511		102,933	
Net Position, as Restated	\$	39,977,027	\$	36,300,737	

NOTE 2. CASH AND INVESTMENTS

Cash and investments as of April 30, 2022 including fiduciary funds, are classified in the accompanying financial statements as follows:

	Primary	Co	mponent
	Government		Unit
Total Cash	\$ 19,076,328	\$	56,545
Illinois Funds	1,646,032		
Total Investments	21,439,702		
Total	\$ 42,162,062	\$	56,545

Cash includes \$1,000 of cash on-hand and \$19,075,328 of deposits with financial institutions for the primary government and \$56,545 deposited in a financial institution for the component unit.

The City may invest in any type of security allowed by Illinois Law (Public Funds Investment Act of the State of Illinois: 30 ILCS 235/1 et. Seq. as amended). The summary of the allowable instruments are: Passbook Savings Account; NOW, Super NOW, and Money Market Accounts; Commercial Paper – issuer must be a U.S. corporation with more than \$500,000,000 in assets, rating must be within 3 highest qualifications by 2 standard rating services, must mature within 180 days of purchase, and such purchase cannot exceed 10% of the corporation's outstanding obligations, State treasurer's investment pool; Money Market Mutual Funds - registered under the Investment Company Act of 1940, provided the portfolio is limited to bonds, notes, certificates, treasury bills, or other securities which are guaranteed by the federal government as to principal or interest; Repurchase Agreement - collateralized by full faith in credit U.S. Treasury securities; Certificates of deposit and time deposits, constituting direct obligations of any bank as defined by the Illinois Banking Act and only those insured by the FDIC, legally issuable by savings and loan associates incorporated under the laws of the State of Illinois or any other state or under the laws of the United States and only in those savings and loan associations insured by SAIF, bonds, notes, certificates of indebtedness, treasury bills or other securities which are guaranteed by the full faith and credit of the United States of America as to principal and interest, obligations of United States government agencies which are guaranteed by the full faith and credit of the United States government, short-term discount obligations of the Federal National Mortgage Association, insured account of credit unions whose principal office is in Illinois, various tax-exempt securities, and Illinois liquid assets.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

The City's Police Pension Fund is regulated by the Illinois Department of Insurance – Public Pension Division. The Police Pension Fund may invest assets in treasury bills, treasury notes and bonds, bank loan deposits, the state investment pool, zero coupon bonds, guaranteed investment contracts, mutual funds containing stocks, bonds, money market instruments and real estate, mortgage pass-through securities, State of Illinois bonds, tax anticipation warrants, and credit union investments.

When permitted by law, the City will pool cash from several different funds that are accounted for in the City's annual financial report to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

The primary objectives, in priority order, of investment activity shall be safety, liquidity, and yield. Investments shall be made with judgment and care, under circumstances then prevailing, with persons of prudence, discretion, and intelligence who exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions. City officials and employees shall disclose to the City any material financial interest in financial institutions that conduct business with the City, and they shall further disclose any large personal financial or investment positions that could be related to the performance of the City's portfolio. The City Treasurer, financial officers and others employed in a similar capacity shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of their entity.

Authority to manage the investment program is granted to the Director of Finance and derived from the following: 65 ILCS 5/3.1-35-50 and the City of Highland Code by Resolution No. 99-12-1304.

Third party safekeeping is required for all collateral and for all securities. Safekeeping will be documented by an approved written agreement. This may be in the form of a safekeeping agreement, trust agreement, escrow agreement, or custody agreement.

Any financial institution selected by the City shall provide normal banking services, including, but not limited to: checking accounts, wire transfers, purchase and sale of United States Treasury securities, and safekeeping services.

The City will not maintain funds in any financial institution that is not a member of the FDIC or SAIF system. In addition, the City will not maintain funds in any institution not willing to or capable of posting required collateral for funds in excess of FDIC or SAIF insurable limits.

Fees for banking services shall be mutually agreed to by an authorized representative of the depository bank and the Director of Finance in consultation with the City Manager and shall not be agreed to for any period exceeding three (3) years. Fees for services shall be substantiated by a monthly account analysis and shall be reimbursed by means of compensating balances.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

All financial institutions acting as a depository for the City must enter into a "Depository Agreement". All financial institutions and brokers/dealers who desire to become qualified bidders for investment transactions must supply the following upon request by the Director of Finance or an agent of the Director of Finance: audited financial statements, proof of National Association of Securities Dealers (NASD) certification, proof of state registration, completed broker/dealer questionnaire, and certification of having read the City's investment policy.

Investments are measured at fair value on a recurring basis. Recurring fair value measurements are those that GASB Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The following table presents the fair value hierarchy for the balances of the investments of the City's Governmental Funds measured at fair value on a recurring basis as of April 30, 2022:

Level 1	I	Level 2	Le	evel 3		Total
\$ 1,979,728					\$	1,979,728
1,409,098						1,409,098
\$ 3,388,826	\$	0	\$	0	\$	3,388,826
\$	\$ 1,979,728 1,409,098					

The following table presents the fair value hierarchy for the balances of the investments of the City's Police Pension Fund measured at fair value on a recurring basis as of April 30, 2022:

Investment Type	Level 1	Level 2	Level 3	Total
Municipal Bonds	\$ 4,700,540		•	\$ 4,700,540
Mutual Funds	8,410,410			8,410,410
	\$ 13,110,950	\$ 0	\$ 0	\$ 13,110,950

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The assets measured at fair value for both the Governmental Funds and the Police Pension Fund are valued at the closing price reported on the active market on which the individual securities are traded.

(A) INTEREST RATE RISK

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, an investment with a longer maturity date will have a greater sensitivity of its fair value to changes in market interest rates. One of the ways the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flow from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

Information about the sensitivity of the fair values of the City's investments to market rate fluctuations is provided in the following table. As of April 30, 2022, the City, including fiduciary funds, had the following investments and maturities:

		Investment Maturities (in Months)							
		12 Months	12 Months 13-36		> 60				
Investment Type	Fair Value	or Less	Months	Months	Months				
Certificates of Deposit -Negotiable	\$ 1,979,728	\$ 349,220	\$ 1,630,508						
Certificates of Deposit -Non-Negotiable	4,681,749	2,329,392	2,102,357	250,000					
Short Term Cash Equivalent	258,177	258,177							
Bonds	4,700,540	316,935	1,016,629	1,020,894	\$ 2,346,082				
Mutual Funds	9,819,508	9,819,508							
Total	\$ 21,439,702	\$ 13,073,232	\$ 4,749,494	\$ 1,270,894	\$ 2,346,082				

(B) CREDIT RISK

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's state investment pool has earned Fitch's rating (AAAmmf). The Policemen's Pension Trust Fund can also invest in stocks, bonds, and mutual funds. The mutual funds held by the Policemen's Pension Trust Fund are not rated for credit risk. The City's bond holdings of the Policemen's Pension Trust Fund have earned at least Fitch's "BBB-" rating.

(C) <u>CUSTODIAL CREDIT RISK</u>

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. All deposits are carried at cost plus accrued interest.

The City's balance in the state investment pool is fully collateralized. The City maintains a separate investment account representing a proportionate share of the pool assets and respective collateral; therefore, no collateral is identified with each individual participant's account. As of April 30, 2022, the balance in the City's state investment pool was \$1,646,032.

NOTE 2. CASH AND INVESTMENTS (CONTINUED)

The City's cash deposits, including the fiduciary fund, at April 30, 2022 consisted of the following:

		Primary	Co	mponent
	(Government		Unit
Depository Account]	Bank Balance	Ban	k Balance
Insured	\$	8,023,749	\$	56,545
Collateralized:

department in the City's name		19,612,932		
Uninsured		23,878		
Total Deposits	\$	27,660,559	\$	56,545

(D) CONCENTRATIONS OF CREDIT RISK

The City's investment policy limits the amount of funds deposited and/or invested in a financial institution. Deposits/investments shall not exceed 65% of a capital stock and surplus of such institution unless collateral security has been pledged, in which case the amount of such deposits and/or investments shall not exceed 75%.

Investments in any one financial institution or issuer that represent 5% or more of the total City investments are as follows:

	Investment]	Reported
Issuer	Туре		Amount
FCB Highland Bank	Certificates of Deposit	\$	1,395,238

NOTE 3. RISK MANAGEMENT

The City of Highland is exposed to risks of loss from normal items typically applicable to all municipalities. These include liability, worker's injury, property damage, and other risks that are too numerous to mention. To reduce the City's risk of loss from damages and claims, the City has purchased commercial insurance from the Illinois Municipal League, which provides insurance coverage for property and liability claims for over 600 Illinois municipalities. Settlement claims have not exceeded insurance coverage for each of the past three fiscal years.

NOTE 4. PROPERTY TAXES

The City's property tax is levied each year on all taxable real property located in the City on or before the last Tuesday in December. The 2021 levy was passed by the Council on December 20, 2021. Property taxes attach as an enforceable lien on property as of January 1, and are payable in four installments for 2022: July 7, September 7, October 7, and December 7. The County has not mailed tax bills as of April 30, 2022. The City receives significant distributions of tax receipts approximately one month after the bills are mailed by the County. In conjunction with NCGA Interpretation #3, revenue is accrued in the year of the levy to the extent that it is due to be paid by the taxpayer by April 30, 2022 and is expected to be collected soon enough after April 30, 2022 to be used to pay liabilities by June 30, 2022 (60 days or less) and has been budgeted for the current year.

The City has established two tax increment financing (TIF) districts to encourage development within the redevelopment project areas and to enhance the value of those properties. In connection with the agreements of the redevelopment project areas, the real estate taxes, which relate to the incremental increase in property values within the redevelopment project areas, are paid directly to the TIF districts for investing in redevelopment projects within the TIF districts.

Default Provisions

The City's GO debt certificates from direct borrowings related to governmental activities of \$7,850,000 contain a provision that in the event of a default, the Seller or Certificate holder many pursue any available remedy by suit at law or equity to enforce the payment of all amounts due or to become due. The City's outstanding notes from direct borrowings related to governmental activities of \$50,278 contains a provision that in an event of default, the Lender can exercise one or more of the following: accelerate indebtedness, assemble collateral, sell the collateral, be placed as a mortgagee in possession, collect revenues and apply accounts, obtain deficiency for any remaining indebtedness, and other rights and remedies under the Uniform Commercial Code. This note is collateralized by the 2017 Ford F450 Ambulance. The City's GO long term lease related to governmental activities of \$270,000 contains a provision that in the event of a default, the lender can enter the premises and remove all persons and property without notice or legal process.

The City's direct placement bonds related to business-type activities of \$8,415,000 contain a provision that in the event of default, registered owners of at least 25% may accelerate indebtedness. In the event of default on the City's outstanding GO notes payable related to business-type activities of \$1,147,000, the Bank may take any relief as permitted by law including suit and any rights and remedies. The City's outstanding notes from direct borrowings related to business-type activities of \$8,655,976 has the following delinquent loan provisions. The City must contact the Agency in writing within 15 days of payment due date. The Agency will then confirm in writing the acceptability of the City's response or take appropriate action. If the City doesn't comply with the above, the Agency shall promptly issue a notice of delinquency which requires a written response within 15 days. Failure to take appropriate action will result in the Agency pursuing the collection of the amounts past due, the outstanding loan balance and the costs incurred.

NOTE 7. RETIREMENT FUND COMMITMENTS

(A) <u>ILLINOIS MUNICIPAL RETIREMENT FUND – REGULAR AND SLEP EMPLOYEES</u>

(i) <u>PLAN DESCRIPTION</u>

The City of Highland's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The City of Highland's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. This report is available for download at www.imrf.org.

(ii) <u>BENEFITS PROVIDED</u>

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

(iv) <u>CONTRIBUTIONS</u>

(a) <u>REGULAR PLAN</u>

As set by statute, the City's Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual required contribution rate for calendar year 2021 was 10.21%. For the fiscal year ended April 30, 2022, the City contributed \$702,282 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

(b) <u>SLEP PLAN</u>

As set by statute, the City's Regular plan members are required to contribute 7.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual required contribution rate for calendar year 2021 was 14.10%. For the fiscal year ended April 30, 2022, the City contributed \$7,606 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

(v) <u>NET PENSION LIABILITY</u>

The City of Highland's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Other Information:

Notes There were no benefit changes during the year.

A detailed description of the actuarial assumptions and methods can be found in the December 31, 2021 Illinois Municipal Retirement Fund annual actuarial valuation report.

¹ There were no changes in the investment rate of return since the December 31, 2020 valuation. There were no other changes to the methods and assumptions used to determine the Total Pension Liability.

NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2021:

		Long-Term
	Portfolio	Expected
	Target	Real Rate
Asset Class	Percentage	of Return
Domestic Equity	39%	1.90%
International Equity	15%	3.15%
Fixed Income	25%	-0.60%
Real Estate	10%	3.30%
Alternative Investments	10%	1.70-5.50%
Cash Equivalents	1%	-0.90%
Total	100%	

(vii) SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% for both the regular plan and the SLEP plan was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 1.84%, and the resulting single discount rate is 7.25%.

(B) <u>POLICE PENSION</u>

(i) PLAN ADMINISTRATION

Police sworn personnel are covered by the Police Pension Plan which is a defined benefit single employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contributions level are governed by Illinois Compiled Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois Legislature. The City accounts for the plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the board are appointed by the City, two are active members of the police department elected by the membership, and one is a retired member of the police department elected by the membership.

At April 30, 2021, the Police Pension Plan membership consisted of:

Inactive Plan Members and Beneficiaries Currently Receiving Benefits	14
Inactive Plan Members Entitled to but Not Yet Receiving Benefits	2
Active Plan Members	20
Total	36

(ii) BENEFITS PROVIDED

The Plan provides retirement, disability, death, and termination benefits. The Police Pension Plan has two tiers. Police officers hired prior to January 1, 2011 are eligible for Tier 1. Police officers hired on or after January 1, 2011 are eligible for Tier 2.

NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

Under Tier 1, a police officer age 50 or more with 20 or more years of creditable service shall receive a pension of one-half of the salary attached to the rank held by the officer at the date of retirement. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years of service through 30 years of service, to a maximum of 75% of such salary. The minimum monthly benefit is \$1,000 per month. The monthly benefit shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension, and 3% compounded annually thereafter. Those that retire prior to age 55 receive an increase of 1/12 of 3% for each full month from benefit commencement until age 55 is reached.

Under Tier 2, a police officer age 55 or more with 10 or more years of creditable service shall receive a pension of 2.5% per year of service times the average salary for the eight consecutive years prior to retirement times the number of years of service. The maximum benefit is 75% of average salary. An annual cost-of-living adjustment is calculated each January 1st. The increase is equal to 3% per year or one-half of the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1st, whichever is less, of the original pension after the attainment of age 60 or first anniversary of pension state date, whichever is later.

Officers totally and permanently disabled as determined by the Board of Trustees are eligible to receive a disability benefit. Officers disabled in the performance of an act of duty are entitled to 65% of the salary attached to the rank held on the date of service and the monthly retirement pension that the member is entitled to receive if he or she retired immediately. If the disability occurs while the officer is not in performance of an act of duty, the officer is entitled to a disability benefit of 50% of the salary attached to the rank on the last day of service.

If an officer dies in the line of service, the named beneficiary is entitled to a death benefit equal to 100% of the officer's salary attached to the rank held by the officer on the last day of service. For a non-service death, the beneficiary would receive a maximum of 50% of the salary attached to the rank held by the officer on the last day of service, and the monthly retirement pension earned by the deceased officer at the time of death, regardless of whether death occurs before or after age 50. For non-service deaths with less than 10 years of service, a refund of member contributions is provided.

After termination of service, an officer with less than 10 years of service will receive a refund of their contributions. If the officer has 10 or more years of service, the officer will receive either a refund of their contributions, or the termination benefit, payable upon reaching age 60 provided contributions are not withdrawn. The termination benefit is 2.50% of the annual salary held in the year prior to termination times years of creditable service.

(iii) CONTRIBUTIONS

Plan members are required to contribute 9.91% of their base salary to the Police Pension Plan. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary.

NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

(iv) <u>INVESTMENT POLICY</u>

The fund's Board of Trustees is required to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The plan complies with the investment guidelines set forth at 40 ILCS 5/1-113. The investment policy was modified on April 19, 2018.

Fixed-income securities are reported at cost subject to adjustment for market declines judged to be other than temporary (lower of cost or market). Investment income is recognized as earned. Gains and losses on sales and exchanges of fixed-income securities are recognized on the transaction date. Equity securities are reported at fair value. The plan did not hold investments in any one organization that represent 5% or more of the Pension Plan's Fiduciary Net Position.

For the year ended April 30, 2022, the annual money-weighted rate of return on plan investments, net of pension plan investment expense, was 29.77%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The following was the Board's adopted asset allocation policy and best estimate of arithmetic real rates of return as of April 30, 2021:

		Long Term Expected
Asset Class	Target Allocation	Real Rate of Return
Certificates of Deposit	0%	0.40%
Municipal Obligations	15%	1.20%
Mutual Funds	60%	5.85%
U.S. Government Obligations	20%	1.20%
Cash	5%	0.00%

(vi) <u>ACTUARIAL ASSUMPTIONS</u>

The total pension liability above was determined by an actuarial valuation performed as of April 30, 2021 using the following actuarial assumptions:

Inflation	2.50%
Salary Increase	Service-related table with rates grading from
	10.5% to 3.0% at 30 years of service
Discount Rate	6.50%
Investment Rate Of Return	6.50%

Mortality rates were based on the RP-2014 Combined Healthy Mortality with a blue collar adjustment, projected generationally using scale MP-2020 from 2013. Disabled mortality rates were based on the RP-2014 Combined Disabled Mortality with a blue collar adjustment, projected generationally using scale MP-2020 from 2013. The date of the most recent experience study for which significant assumptions are based upon is not available.

NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

(vii) DISCOUNT RATE

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Pension Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

(viii) <u>SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE</u> DISCOUNT RATE

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 6.50%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	1%	6 Decrease	Di	scount Rate	19	% Increase
		5.50%	6.50%			7.50%

NOTE 8. INTERFUND ACTIVITY

Interfund balances exist on the governmental and proprietary fund financial statements and represents amounts loaned among the funds that are expected to be repaid within the next year. Interfund balances between governmental funds and interfund balances between proprietary funds have been eliminated in the government-wide statement of net position. Interfund balances at April 30, 2022, consisted of the following:

Due To	Due From	 Amount
General Corporate	Other Governmental Funds	\$ 7,231
City Property Replacement Fund	General Corporate Fund	355,000
City Property Replacement Fund	Other Governmental Funds	272,500

Interfund transfers exist due to the allocation of general administrative expenses among the funds and to provide funding for the economic development fund. The transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Interfund transfers for the year ended April 30, 2022, consisted of the following:

NOTE 9. OTHER POST EMPLOYMENT BENEFITS

The City of Highland's Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the City. The City allows for retired employees to purchase medical, pharmacy, and dental insurance through the City's single employer group plans. This constitutes an other post employment benefit (OPEB) provided to the employees. These benefits are governed by the City Council and can be amended through the City's personnel manual and union contracts. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust and does not issue a stand-alone financial report.

(i) Employees Covered by Benefit Terms

At April 30, 2022, the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	21
Inactive Plan Members Entitled to but not yet Receiving Benefits	0
Active Plan Members	122
	143

(ii) <u>BENEFITS PROVIDED</u>

Retirees and their spouses or surviving spouses are eligible to purchase medical, pharmacy and dental benefits at the City's group rates. Although retirees pay 100% for dental and vision coverage, and the majority of the cost for medical coverage, the City in effect also subsidizes a portion of the insurance costs by allowing them to remain on the group plan. Eligible employees must be at least 55 years of age with 20 years of service or 60 years of age with 8 years of service for all departments other than the police. Police department retirees must be 50 years of age with 20 years of service or 60 years of age with 8 years of service. Retirees and their spouses may only receive these benefits until reaching the age of 65.

(iii) <u>NET OPEB LIABILITY</u>

The measurement period for the OPEB expense was May 1, 2021 to April 30, 2022. The reporting period is May 1, 2021 through April 30, 2022. The City's Total OPEB Liability was measured as of April 30, 2022.

The components of the net OPEB liability of the plan at April 30, 2022, calculated in accordance with GASB Statement No. 75 were as follows:

Total OPEB Liability	\$ 2,298,455
Plan Fiduciary Net Position	0
Net OPEB Liability	\$ 2,298,455

Plan fiduciary net position as a percentage of the total OPEB liability is 0%.

See the schedule of changes in total OPEB liability and related ratios in the required supplementary information for additional information related to the funded status of the plan.

For the year ended April 30, 2022, the City will recognize OPEB expense of \$119,879.

NOTE 9. OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

(iv) <u>ACTUARIAL ASSUMPTIONS</u>

The Total OPEB Liability was determined by an actuarial valuation as of April 30, 2022 using the following actuarial assumptions:

Price Inflation	2.50%
Annual Wage Increases	2.75%
Discount Rate	3.98%
Immediate Trend Rate	7.50%
Ultimate Trend Rate	4.50%

For healthy pre-retirement lives: Pub-2010, amount-weighted, below-median income, general, employee, male and female tables. For healthy post-retirement lives: Pub-2010, amount-weighted, below-median income, general, retiree, male (adjusted 106%) and female (adjusted 105%) tables. For disabled retirement lives: Pub-2010, amount-weighted, general, disabled retiree, male and female tables.

(v) <u>DISCOUNT RATE</u>

Given the City's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 3.98%. The high-quality municipal bond rate was based on the week closest but not later than the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA/Aa by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

NOTE 10. TAX ABATEMENTS

The City enters into property tax abatement agreements with local businesses under the Illinois Tax Increment Allocation Redevelopment Act. Under this act, localities may grant property tax abatements for the purpose of rehabilitation of blighted or conservation areas. The abatements may be granted to any business located within the TIF District boundaries which incur qualified redevelopment costs. A typical agreement will reimburse a developer's qualified costs up to 100% of the annual property tax increment. For the fiscal year ended April 30, 2022, the City abated property taxes totaling \$37,659 under this program.

The City entered into sales tax rebate agreements with multiple businesses within the City's business district as an incentive for the businesses to complete improvements to their businesses. These businesses receive sales tax rebates of up to 100% of the 1% city sales tax increment, to be paid annually. For the fiscal year ended April 30, 2022, the City abated sales taxes totaling \$29,195 under these agreements.

The City entered into property tax abatement agreements with multiple businesses within the City's business district as an incentive for the businesses to complete improvements to the buildings within the district. These agreements reimburse the businesses up to 100% of the City's portion of the ad valorem tax increment generated on the increase in equalized assessed value for the improved property. For the fiscal year ended April 30, 2022, the City abated property taxes totaling \$11,855 under these agreements.

NOTE 11. LEGAL DEBT MARGIN

The legal debt margin for the City of Highland was \$9,135,983 for general obligation debts. The computation was as follows:

Assessed Valuation as of April 30, 2022	\$ 213,367,919
Statutory Debt Limitation (8.625% of Assessed Valuation)	\$ 18,402,983
Less: Debt Counting Against Limit	 (9,267,000)
Legal Debt Margin	\$ 9,135,983

The total debt counting against the legal debt margin for the City of Highland at April 30, 2022 was \$9,267,000.

NOTE 12. <u>DEFICIT FUND BALANCES</u>

The following individual nonmajor funds reported deficit fund balances on April 30, 2022:

NOTE 13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 21, 2022, which is the date the financial statements were available to be issued. Management concluded that the following were subsequent events:

In May of 2022, the City entered into a loan agreement for the purchase of EMS equipment. The closing date was May 26, 2022 with principal to be repaid totaling \$194,536.

The City held investments relating to the police pension fund totaling \$13,332,609 as of April 30, 2022. Due to market conditions, the investments in the police pension have declined in value.

The City of Highland has entered into a memorandum of understanding with Ameren Services Company for a Joint Transmission Project Development and Asset Purchase. The final terms of this transaction are not available as of November 21, 2022. This agreement is tentatively expected to be completed in 2023.

CITY OF HIGHLAND, ILLINOIS NOTES TO SCHEDULE "1" APRIL 30, 2022

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. During the first quarter of the calendar year, the City Manager submits to the City Council a proposed budget for the year commencing May 1 of that year. Expenditures, interest, payroll, claims, and compensated absences are budgeted to the extent anticipated to be paid in cash.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. On April 19, 2021, the budget ordinance was legally enacted. The budget ordinance was legally amended on December 20, 2021 and April 18, 2022.
- 4. The operating budget for the major governmental and special revenue funds is reflected in the financial statements.
- 5. The formal budget is adopted and used as a management control device during the year for the general fund, special revenue funds, capital project funds, debt service funds, enterprise funds and pension and nonexpendable trust funds. Budgetary control is at the total individual fund level and is alternatively achieved through bond indenture provisions for the debt service funds. This allows the City Manager and the finance department to transfer budgeted amounts within departments; however, any revisions that alter the total expenditures/expenses of any individual fund, by more than 10% must be approved by the City Council.
- 6. The City files with the county an annual budget ordinance which is the legally required document that levies a tax on the owners of property located in the City. The City budgets for expenditures to the extent anticipated to be paid in cash. All appropriations lapse at year end. The budget is the legal document that limits the spending capacity by fund of the City for its services and operations.

As of April 30, 2022, the City's expenses exceeded budget in the following fund. The amount does account for the change in accruals, debt proceeds, and the transfers to other funds or reserve accounts.

Ambulance \$ 15,615

As of April 30, 2022, the City's expenses exceeded budget in the following funds. The amounts do not account for the change in accruals, debt proceeds, or the transfers to other funds or reserve accounts.

NOTES TO SCHEDULE OF PENSION CONTRIBUTIONS SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2021 CONTRIBUTION RATE*

VALUATION DATE

Notes: Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months

prior to the beginning of the fiscal year in which contributions are reported.

METHODS AND ASSUMPTIONS USED TO DETERMINE 2021 CONTRIBUTION RATES:

Actuarial Cost Method: Aggregate Entry Age Normal
Amortization Method: Level Percentage of Payroll, Closed

Remaining Amortization

Period: Non-Taxing bodies: 10-year rolling period.

Taxing bodies (Regular, SLEP and ECO groups): 22-year closed period

Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of

ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 17 years for most employers (five employers were financed over 18 years; one employer was financed over 19 years; two employers were financed over 20 years; three employers were financed over 26 years; four employers were

financed 27 years and one employer was financed over 28 years).

Asset Valuation Method: 5-Year smoothed market; 20% corridor

Wage Growth: 3.25%

Price Inflation: 2.50% - approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases: 3.35% to 14.25% including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017

valuation pursuant to an experience study of the period 2014-2016.

Mortality: For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale

MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF

experience.

VALUATION DATE

Notes: Actuarially determined contribution rates are calculated as of May 1 of each year prior to the

beginning of the year in which contributions are reported.

METHODS AND ASSUMPTIONS USED TO DETERMINE 2021 CONTRIBUTION RATES

Actuarial Cost Method: Entry Age Normal Cost Method

Amortization Method: Closed level percentage of payroll amortization of 90% of the Unfunded Actuarial Accrued

Liability using a 3.00% payroll growth assumption over the period ending on April 30, 2040

(20-year amortization in 2020)

Asset Method: 5 year smoothing of asset gains and losses

Service-related table with rates grading from 10.5% to 3.0% at 30 years of service. Salary Increases:

Cost-of-living Increases: 3.0% (1.25% for those hired on or after 1/1/2011)

Investment Rate of Return: 6.50%, net of investment expenses

Healthcare Reform:

The excise tax on high-cost healthcare plans ("Cadillac" tax) has been repealed and is no longer factored into this valuation.

Other aspects of the Affordable Care Act were included in the valuation only to the extent they have already been

implemented in the plan.

Participation:

Future Retirees: 80% of future retirees are assumed to elect coverage at retirement. 40% of participating retirees are assumed to elect the Base plan. 30% the Buy-Up plan, and 30% the H.S.A. plan. It is assumed that no one will opt in

or opt out of coverage once initial retirement election is made.

Current Retirees: Based on current coverage election. It is assumed that no one will opt in or opt out of coverage

once initial retirement election is made.

Spousal Participation:

Future Retirees: 50% of participating retirees are assumed to be married and cover their spouse.

Current Retirees: Based on current coverage election.

Spouse Age:

Male spouses are assumed to be 3 years older, and female spouses are assumed to be 3 years younger. Actual age is

used for spouses of current retirees, if provided.

MEMO TO: Christopher Conrad, City Manager FROM: Reanna Ohren, Director of Finance

SUBJECT: Tax Abatements for Bonds

DATE: December 05, 2022

I have placed three ordinances on the upcoming council agenda. These Ordinances are needed in order to abate taxes for prior bond issuances for the 2022 taxes payable in 2023. These ordinances are for the 2010 Alternate Revenue Street Bond, the 2020 TIF Alternate Revenue Bonds, and the 2021Sewerage System Refunding Bonds. I have also included sufficiency reports provided by our audit firm for each of these bonds. The sufficiency report for the 2019 FTTP bonds is for the council's information only and no tax abatement is required for this bond issue.

ORDINANCE NO.

AN ORDINANCE ABATING TAXES LEVIED FOR THE GENERAL OBLIGATION SEWERAGE SYSTEM REFUNDING BONDS (ALTERNATE REVENUE SOURCE) SERIES 2021 BOND AND INTEREST FOR THE 2022 TAXES PAYABLE IN 2023

WHEREAS, the City of Highland has heretofore, under and by virtue of the provisions of Ordinance Number 3134, levied a tax in the sum of \$177,550.00 for the 2022 taxes payable in 2023; and

WHEREAS, the City Council of this said City has determined and found that the said levy is not necessary to be made for the said fiscal year;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND, ILLINOIS AS FOLLOWS:

- 1. That the General Obligation Sewerage System Refunding Bonds (Alternate Revenue Source) Series 2021 Bond and Interest tax of \$177,550.00 levied by Ordinance No. 3134 for the 2022 taxes payable in 2023 be and is hereby abated.
- 2. That a true copy of this Ordinance shall be certified to the County Clerk of Madison County, Illinois.
- 3. That this Ordinance shall be known as Ordinance No. ______, and shall be in full force and effect upon adoption.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

City Council
City of Highland
Highland, IL 62249

Dear Council,

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2022. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

The City of Highland, Illinois, in accordance with Ordinance 3115, which authorized the issuance of the Sewerage System Alternate Revenue Bonds, must complete an analysis that computes that the pledged revenues from the sewer system, as defined by Ordinance 3115, exceeds 125% of the debt service requirements of all outstanding sewer system revenue bonds payable from pledged revenues. If the revenues exceed the 125% level, then the City can forego an increase in the rates charged for the use and services furnished through the City's sewer system. The attached Computation of Revenue Sufficiency indicates that the City has exceeded the 125% requirement stated above.

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the City of Highland, Illinois and is not intended to be and should not be used by anyone other than those specified parties. However, this report is a matter of public record and its distribution is not limited.

City Council City of Highland Highland, IL 62249

Dear Council,

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2022. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

The City of Highland, Illinois, in accordance with Ordinance 2962, which authorized the issuance of the Electric System Refunding Revenue Bonds, Series 2019, must complete an analysis that computes that the pledged revenues from the electric system, as defined by Ordinance 2962, exceeds 120% of the debt service requirements. If the revenues exceed the 120% level, then the City can abate the assessment of tax on property to pay for the bonds. The attached Computation of Revenue Sufficiency indicates that the City has exceeded the 120% requirement stated above.

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

City Council City of Highland Highland, IL 62249

Dear Council,

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2022. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

The City of Highland, Illinois, in accordance with Ordinance 2436, which authorized the issuance of the 2010 Street Alternate Revenue Bonds, must complete an analysis that computes that the pledged non-home rule sales tax revenue, as defined by Ordinance 2436, exceeds 125% of the debt service requirements. If the revenues exceed the 125% level, then the City can abate the assessment of tax on property to pay for the bonds. The attached Computation of Revenue Sufficiency indicates that the City has exceeded the 125% requirement stated above.

We were engaged by the City of Highland to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the City of Highland, Illinois and is not intended to be and should not be used by anyone other than those specified parties. However, this report is a matter of public record and its distribution is not limited.

TAX LEVY EXPLANATION - Dec. 2022

ASSESSED VALUATION

The City's assessed valuation was \$213,367,919 for 2021. This was a 4.23% increase from the previous year's \$204,332,603 assessed valuation. We would like to take a conservative approach, due to local economic conditions, and assume an increase of 4.75% in the assessed valuation from the prior year's level.

EXPLANATION OF EACH FUND'S TAX RATE

Many of the specific levies are similar to last year's. A narrative of all the levies follows:

GENERAL FUND TAX:

We have levied a rate of .333 which provides approximately \$744,264.64 for the General Administration. With a referendum, the City could tax at a rate of .4375.

POLICE PROTECTION:

Our statutory limit (without any referendum) of .075 should generate approximately \$167,627 this year.

FIRE PROTECTION:

Our statutory limit (without any referendum) of .075 should generate approximately \$167,627 this year.

COMMUNITY BUILDING & GYMNASIUMS:

This gives the Community Buildings and Gymnasiums \$167,627 per year with a tax rate at the statutory limit of .075.

PLAYGROUND AND RECREATION:

Set by referendum at .09, this levy generates \$201,153 annually for the Playground and Recreation Fund. These funds are used for the operation of the City's playground and recreation programs.

COMFORT STATION TAX:

This tax was started in 2007 and is used to upgrade existing restrooms and build additional restrooms in the various Parks around Highland. Each building can cost anywhere from \$35,000-\$60,000 each. The Parks Department has elected to levy \$50,000 at this time based on current plans for future restrooms.

MUNICIPAL BAND:

The rate of .0179, which could be increased to .04, generates \$40,000 for the municipal band programs in the square as well as the Peanut Butter and Jam entertainment during the summer. Additional music offerings will continue to be offered in the upcoming year's as well, due to the great feedback from the recent Thursday night concert series.

POLICE PENSION FUND:

This tax is levied at a rate needed to produce the funding of pensions for members of this fund. The City has the option to levy at a rate necessary to produce a sum sufficient to meet the City's contributions as required by the Illinois Department of Insurance-Police Pension Division. The valuation report has not yet been received. We are estimating based off of last year's estimate from the independent actuary. The estimated levy is in the amount of \$658,000.

SOCIAL SECURITY:

The City's Social Security needs for the general funds (non-enterprise) are met by this levy, generating \$500,000. This levy item has been increased, as anticipated from the prior year, based on the use of remaining funds and increased wages.

MUNICIPAL AUDITING:

This tax is levied at whatever rate is necessary to produce a sum sufficient to meet the general funds' portion of the cost of the required annual audit. The City enterprise funds (Electric, FTTP, Water, and Sewer) will also help pay for the audit. Levying a tax rate of .0130 would generate \$29,000 for the Audit Fund.

ILLINOIS MUNICIPAL RETIREMENT FUND (IMRF):

Another "to meet needs" levy, \$355,000 towards the City's contribution for employee retirement. This figure includes Illinois Municipal Retirement Fund payments for the general funds only. Enterprise funds pay their own IMRF. This levy item was able to be decreased from prior years based on decreasing contribution rates due to pension reform and fund earnings.

THE CITY'S (LIABILITY) INSURANCE AND TORT JUDGMENT:

Levied to meet anticipated insurance costs and to pay judgments or settlements, a rate of .1432 will generate \$320,000 for liability and workmen's compensation insurance.

SCHOOL CROSSING GUARD:

Used to hire part-time school crossing guards. The City is levying .0040 to generate \$9,000 for school crossing guards this year.

LEASE:

Levied to collect the annual lease payment \$30,000 for the newly renovated Senior Center at a rate of .0134.

AMBULANCE:

With this levy, Highland would contribute \$558,757 to help cover the full-time ambulance service, with a projected tax rate at .2500. Various other districts that we provide services to all levy their own taxes to cover their share of ambulance coverage expenses.

LIBRARY – INSURANCE AND TORT JUDGMENT:

December 2004 (for 2005 tax bills) was the first time the Library levied this tax. It is used for safety issues at the library. The library will use this tax money for replacing old ceiling tile and lighting in the Children's Library that is over 40 years old. The tax, levied at .0157, will provide \$35,000 for the library as work continues to be completed for needed improvements.

LIBRARY TAX:

For the establishment and maintenance of a free public library. The only Library revenue source the Mayor and City Council control is levied at .15 and should generate \$335,254. The Library Board is given the responsibility for administering the operation of the Library.

2010 STREET BOND/ 2020 REFUNDED TIF BOND/ 2013 SEWER BOND:

The City has sufficient revenue to meet the bond requirements and therefore these taxes are being abated.

MEMO TO: Christopher Conrad, City Manager FROM: Reanna Ohren, Director of Finance

SUBJECT: 2022 Estimated Tax Levy

DATE: December 05, 2022

I am placing the 2022 estimated tax levy resolution on the agenda for the meeting on December 05, 2022. This is a requirement before the actual tax levy can be adopted on December 19, 2022.

I have provided explanations for each of the rates as well. For the assessed valuation, I have increased it by 4.75%. This is the most conservative method based off of the current economic conditions as well as recommendation from the City Manager.

If anyone has questions before that time, please let me know.

Thank you, Reanna Ohren

Minimum/Maximum Contribution Agreement

This Agreement is between the Illinois Municipal League Risk Management Association (RMA), an intergovernmental association formed pursuant to Article VII, Section 10 of the Illinois Constitution of 1970 and the CITY OF HIGHLAND, a member of RMA. This Agreement amends and supplements the declarations pages dated January 01, 2023 to January 01, 2024 and all endorsements thereto.

1. **DEFINITIONS**

The following definitions shall apply for purposes of this Agreement:

- Loss Fund Those dollars set aside for the payment of claims excluding reinsurance and excess premiums and administrative costs.
- Minimum Loss Fund 85% of those dollars set aside for the payment of claims excluding reinsurance and excess premiums and administrative costs.
- Maximum Loss Fund 130% of those dollars set aside for the payment of claims excluding reinsurance and excess premiums and administrative costs.
- Paid Claim Dollars Those payments made by RMA on claims including defense costs against the CITY OF HIGHLAND minus recovery from subrogation, deductible or salvage credited against those claim payments.
- Minimum Contribution Minimum Loss Fund including reinsurance and excess premiums and administrative costs.
- Maximum Contribution Maximum Loss Fund including reinsurance and excess premiums and administrative costs.

2. MINIMUM/MAXIMUM CONTRIBUTION BREAKDOWN

The CITY OF HIGHLAND hereby agrees to the following schedule of contributions:

		Minimum Contribution	<u>Ma</u>	ximum Contribution
Reinsurance and Excess				
Premiums and Administrative	:			
Costs		\$ 189,832		\$ 189,832
Loss Fund	@ 85%	<u>\$ 404,808</u>	@ 130%	<u>\$619,119</u>
Contribution	-	\$ 594,640		\$ 808,951

- 3. Based upon a comparison of paid claim dollars against the loss fund, RMA will determine whether additional contributions beyond the minimum contribution will be required up to the maximum contribution.
- 4. For purposes of determining paid claims, RMA will complete a semi-annual review of paid claim dollars.

Page 2 RMA Min/Max Agreement CITY OF HIGHLAND

5. NOTICE

RMA hereby agrees to send, through its agents, written notice when paid claim dollars are equal to or greater than 60% of the Minimum Loss Fund.

RMA agrees, through its agents, to send a second written notice when paid claim dollars equal or exceed 85% of the Minimum Loss Fund.

6. **BILLING/PAYMENT** – The parties to this Agreement hereby agree to the following terms:

When paid claim dollars reach or exceed 100 percent of the Minimum Loss Fund, billing will be instituted on a yearly basis for those paid claim dollars in excess of the Minimum Loss Fund and billing will continue on a yearly basis until the Maximum Loss Fund limit is attained or all claims initiated during the coverage period are closed. Billings will be completed in July of each year for paid claim dollars through June 30.

The CITY OF HIGHLAND hereby agrees to make payment within 30 days of its receipt of billing.

- 7. All other definitions, conditions and coverages of RMA remain the same under this Agreement, including the handling of all claims and member contribution payment schedules.
- 8. This Agreement is to be interpreted and construed in accordance with the laws of the State of Illinois.
- 9. If any one portion or portions of this Agreement is found to be invalid or unenforceable, the remainder shall remain valid and binding on the parties.

The undersigned hereby affirm that they are duly authorized as agents to bind the parties to this Agreement.

RE: Motion to Approve – Renewal of Property, Casualty, Worker's Compensation Coverage

with the Illinois Municipal League Risk Management Association (IMLRMA)

We are pleased to report we had another great year with IMLRMA and with your approval would like to continue in this program for the 2023 calendar year.

The premium this year is about a 3.4% increase from the previous year. The increase in our premium is due to an increase in our exposure. We saw an increase in payroll which resulted to an increase to our Worker's Compensation. Below is a premium comparison from 2022 to 2023.

We will also be continuing in the programs Min/Max Funding option which allows us to pay a reduced premium up front provided our claims do not exceed a set amount. For 2023, if our claims would exceed \$594,640 then we would be responsible for paying these claims dollar for dollar up to a maximum payout of \$808,951. The annual premium as part of this program for 2023 is \$601,586.40. This includes a 1% fee for paying in installments and the annual IML Dues are now included in the annual premium invoices.

Attached you will find the Ordinance, Min/Max Agreement and Invoice for approval. We respectfully request your approval of the City's continuation in this program. The services IMLRMA has been able to offer thus far are outstanding. As always, if there are any questions or concerns, please let us know.

2022 Premium Breakdown

Worker's Compensation - \$217,922 Auto Liability & Comprehensive General Liability - \$221,772 Portable Equipment - \$5,504 Auto Physical Damage - \$15,529 Property - \$114,272

2023 Premium Breakdown

Worker's Compensation - \$247,560 Auto Liability & Comprehensive General Liability - \$221,297 Portable Equipment - \$5,943 Auto Physical Damage - \$16,551 Property - \$103,288

A RESOLUTION AUTHORIZING LEWIS BRISBOIS BISGAARD & SMITH, LLP TO INTERVENE ON BEHALF OF THE CITY OF HIGHLAND, ILLINOIS IN ALL TAX YEAR APPEALS BEFORE THE ILLINOIS PROPERTY TAX APPEAL BOARD

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City acknowledges that the owners of certain parcels of real property located within the corporate boundaries of the City have filed appeals with the Madison County, Illinois Board of Review and the Illinois Property Tax Appeal Board ("PTAB"); and

WHEREAS, these appeals seek or will seek a reduction in the assessed value of the parcels that are the subject of the appeals; and

WHEREAS, in such circumstances, a taxing district has the right to intervene in the proceedings before PTAB in order to protect its revenue interest in the assessed valuation of the parcels; and

WHEREAS, City has determined it is in the best interests of public health, safety, general welfare, and economic welfare to authorize Lewis Brisbois Bisgaard & Smith, LLP ("LBBS") to intervene in all PTAB proceedings, both current and future, on behalf of the City ("PTAB Proceedings"); and

WHEREAS, the City Council finds that the City Manager and/or Mayor should be authorized and directed, on behalf of the City, to execute whatever documents are necessary to authorize LBBS to intervene in this and all future PTAB Proceedings on behalf of the City, including the PTAB Proceedings stated herein, and approve payment for intervention in all PTAB Proceedings.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Highland, Illinois, as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. The City hereby authorizes LBBS, as its legal representative, to intervene in all PTAB proceedings, and to file a Request to Intervene in Appeal Proceedings with PTAB for the PTAB Proceeding as stated herein as well as all future PTAB Proceedings.

Section 3. All motions, ordinances, and resolutions or parts thereof in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

Recommendation for Approval

RECOMMENDATION

I recommend that you request council approval to use Illinois Rebuild Funds, through Motor Fuel Tax, for the City's portion of the project as attached.

DISCUSSION

We were successful in receiving an economic development program grant from the state of Illinois in conjunction with the Trouw plant expansion. The grant pays up to \$510,000 with the remaining funds being supplemented from our MFT account. The resolution document is requesting the use of \$635,000 of the Rebuild Illinois Funds along with the request for expenditure document.

FISCAL IMPACT

We reserved the Rebuild Illinois Funds specifically for this work.

- 3. That the ENGINEER shall be responsible for the accuracy of the work and shall promptly make necessary revisions or corrections required as a result of the ENGINEER'S error, omissions or negligent acts without additional compensation. Acceptance of work by the LPA or DEPARTMENT will not relieve the ENGINEER of the responsibility to make subsequent correction of any such errors or omissions or the responsibility for clarifying ambiguities.
- That the ENGINEER will comply with applicable Federal laws and regulations, State of Illinois Statutes, and the local laws or ordinances of the LPA.
- 5. To pay its subconsultants for satisfactory performance no later than 30 days from receipt of each payment from the LPA.
- 6. To invoice the LPA:
 - (a) For Preliminary and/or Design Engineering: The ENGINEER shall submit all invoices to the LPA within three months of the completion of the work called for in the AGREEMENT or any subsequent Amendment or Supplement.
 - (b) For Construction Engineering: The ENGINEER shall submit invoices, based on the ENGINEER's progress reports, to the LPA employee In Responsible Charge, no more than once a month for partial payment on account for the ENGINEER's work to date. Such invoices shall represent the value, to the LPA of the partially completed work, based on the sum of the actual costs incurred, plus a percentage (equal to the percentage of the construction engineering completed) of the fixed fee for the fully completed work.
- 7. The ENGINEER or subconsultant shall not discriminate on the basis of race, color, national origin or sex in the performance of this AGREEMENT. The ENGINEER shall carry out applicable requirements of 49 CFR part 26 in the administration of US Department of Transportation (US DOT) assisted contract. Failure by the Engineer to carry out these requirements is a material breach of this AGREEMENT, which may result in the termination of this AGREEMENT or such other remedy as the LPA deems appropriate.
- 8. That none of the services to be furnished by the ENGINEER shall be sublet, assigned or transferred to any other party or parties without written consent of the LPA. The consent to sublet, assign or otherwise transfer any portion of the services to be furnished by the ENGINEER shall not be construed to relieve the ENGINEER of any responsibility for the fulfillment of this AGREEMENT.
- 9. For Preliminary Engineering Contracts:
 - (a) To attend meetings and visit the site of the proposed improvement when requested to do so by representatives of the LPA or the DEPARMENT, as defined in Exhibit A (Scope of Services).
 - (b) That all plans and other documents furnished by the ENGINEER pursuant to the AGREEMENT will be endorsed by the ENGINEER and affixed the ENGINEER's professional seal when such seal is required by law. Such endorsements must be made by a person, duly licensed or registered in the appropriate category by the Department of Professional Regulation of the State of Illinois. It will be the ENGINEER's responsibility to affix the proper seal as required by the Bureau of Local Roads and Streets manual published by the DEPARTMENT.
 - (c) That the ENGINEER is qualified technically and is thoroughly conversant with the design standards and policies applicable for the PROJECT; and that the ENGINEER has sufficient properly trained, organized and experienced personnel to perform the services enumerated in Exhibit A (Scope of Services).
- 10. For Construction Engineering Contracts:
 - (a) For Quality Assurance services, provide personnel who have completed the appropriate STATE Bureau of Materials QC/QA trained technical classes.
 - (b) For all projects where testing is required, the ENGINEER shall obtain samples according to the STATE Bureau of Materials "Manual of Test Procedures for Materials," submit STATE Bureau of Materials inspection reports; and verify compliance with contract specifications.
- 11. That the engineering services shall include all equipment, instruments, supplies, transportation and personnel required to perform the duties of the ENGINEER in connection with this AGREEMENT (See Exhibit C).

II. THE LPA AGREES,

- To certify by execution of this AGREEMENT that the selection of the ENGINEER was performed in accordance with the Professional Services Selection Act (50 ILCS 510) (Exhibit D).
- 2. To furnish the ENGINEER all presently available survey data, plans, specifications, and project information.
- 3. For Construction Engineering Contracts:
 - (a) To furnish a full time LPA employee to be In Responsible Charge authorized to administer inherently governmental PROJECT activities.
 - (b) To submit approved forms BC 775 and BC 776 to the DEPARTMENT when federal funds are utilized.
- 4. To pay the ENGINEER:
 - (a) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER, such payments to be equal to the value of the partially completed work minus all previous partial payments made to the ENGINEER.
 - (b) Final Payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and DEPARTMENT a sum of money equal to the basic fee as determined in this AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.
 - (c) For Non-Federal County Projects (605 ILCS 5/5-409)
 - (1) For progressive payments Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER. Such payments to be equal to the value of the partially completed work in all previous partial payments made to the ENGINEER.
 - (2) Final payment Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and STATE, a sum of money equal to the basic fee as determined in the AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.

5.	To pay the ENGINEER as compensation for all services rendered in accordance with the AGREEMENT on the basis of the
	following compensation method as discussed in 5-5.10 of the BLR Manual.

Method of Compensation
Percent
Lump Sum
Specific Rate
Total Compensation = DL + DC + OH + FF
Where:
DL is the total Direct Labor,
DC is the total Direct Cost,
OH is the firm's overhead rate applied to their DL and
FF is the Fixed Fee

Where FF = (0.33 + R) DL + %SubDL, where R is the advertised Complexity Factor and %SubDL is 10% profit allowed on the direct labor of the subconsultants.

The Fixed Fee cannot exceed 15% of the DL + OH.

<u>Field Office Overhead Rates:</u> Field rates must be used for construction engineering projects expected to exceed one year in duration or if the construction engineering contract exceeds \$1,000,000 for any project duration.

6. The recipient shall not discriminate on the basis of race, color, national original or sex in the award and performance of any US DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of US DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR part 26 and as approved by US DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as violation of this AGREEMENT. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C 3801 et seq.).

III. IT IS MUTUALLY AGREED,

1. To maintain, for a minimum of 3 years after the completion of the contract, adequate books, records and supporting documents to verify the amount, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review and audit by the Auditor General, and the DEPARTMENT; the FHWA or any authorized representative of the federal government, and to provide full access to all relevant materials.

Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the DEPARTMENT for the recovery of any funds paid by the DEPARTMENT under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.

- 2. The the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and save harmless the LPA, the DEPARTMENT, and their officers, agents and employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy. The LPA will notify the ENGINEER of any error or omission believed by the LPA to be caused by the negligence of the ENGINEER as soon as practicable after the discovery. The LPA reserves the right to take immediate action to remedy any error or omission if notification is not successful; if the ENGINEER fails to reply to a notification; or if the conditions created by the error or omission are in need of urgent correction to avoid accumulation of additional construction costs or damages to property and reasonable notice is not practicable.
- 3. This AGREEMENT may be terminated by the LPA upon giving notice in writing to the ENGINEER at the ENGINEER's last known post office address. Upon such termination, the ENGINEER shall cause to be delivered to the LPA all drawings, plats, surveys, reports, permits, agreements, soils and foundation analysis, provisions, specifications, partial and completed estimates and data, if any from soil survey and subsurface investigation with the understanding that all such materials becomes the property of the LPA. The LPA will be responsible for reimbursement of all eligible expenses incurred under the terms of this AGREEMENT up to the date of the written notice of termination.
- 4. In the event that the DEPARTMENT stops payment to the LPA, the LPA may suspend work on the project. If this agreement is suspended by the LPA for more than thirty (30) calendar days, consecutive or in aggregate, over the term of this AGREEMENT, the ENGINEER shall be compensated for all services performed and reimbursable expenses incurred prior to receipt of notice of suspension. In addition, upon the resumption of services the LPA shall compensate the ENGINEER, for expenses incurred as a result of the suspension and resumption of its services, and the ENGINEER's schedule and fees for the remainder of the project shall be equitably adjusted.
- 5. This AGREEMENT shall continue as an open contract and the obligations created herein shall remain in full force and effect until the completion of construction of any phase of professional services performed by others based upon the service provided herein. All obligations of the ENGINEER accepted under this AGREEMENT shall cease if construction or subsequent professional services are not commenced within 5 years after final payment by the LPA.
- 6. That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and have harmless the LPA, the DEPARTMENT, and their officers, employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
- 7. The ENGINEER and LPA certify that their respective firm or agency:
 - (a) has not employed or retained for commission, percentage, brokerage, contingent fee or other considerations, any firm or person (other than a bona fide employee working solely for the LPA or the ENGINEER) to solicit or secure this AGREEMENT,
 - (b) has not agreed, as an express or implied condition for obtaining this AGREEMENT, to employ or retain the services of any firm or person in connection with carrying out the AGREEMENT or
 - (c) has not paid, or agreed to pay any firm, organization or person (other than a bona fide employee working solely for the LPA or the ENGINEER) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the AGREEMENT.
 - (d) that neither the ENGINEER nor the LPA is/are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency,
 - (e) has not within a three-year period preceding the AGREEMENT been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.
 - (f) are not presently indicated for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (e) and
 - (g) has not within a three-year period preceding this AGREEMENT had one or more public transaction (Federal, State, local) terminated for cause or default.
- 8. Where the ENGINEER or LPA is unable to certify to any of the above statements in this clarification, an explanation shall be attached to this AGREEMENT.
- 9. In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the ENGINEER no claim for damages shall be made by either party. Termination of the AGREEMENT or adjustment of the fee for the remaining services may be requested by either party if the overall delay from the unforeseen causes prevents completion of the work within six months after the specified completion date. Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.
 - If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.
- 10. This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace.
 False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract or

grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or those entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the DEPARTMENT, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
 - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
 - (2) Specifying the actions that will be taken against employees for violations of such prohibition.
 - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
 - (a) abide by the terms of the statement; and
 - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's or contractor's policy to maintain a drug free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance program; and
 - (4) The penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
- (d) Notifying the contracting or granting agency within ten (10) days after receiving notice under part (b) paragraph (3) of subsection (a) above from an employee or otherwise receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA and the DEPARTMENT agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future project. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

- 11. Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq.).
- 12. For Preliminary Engineering Contracts:
 - (a) That tracing, plans, specifications, estimates, maps and other documents prepared by the ENGINEER in accordance with this AGREEMENT shall be delivered to and become the property of the LPA and that basic survey notes, sketches, charts, CADD files, related electronic files, and other data prepared or obtained in accordance with this AGREEMENT shall be made available, upon request to the LPA or to the DEPARTMENT, without restriction or limitation as to their use. Any re-use of these documents without the ENGINEER involvement shall be at the LPA's sole risk and will not impose liability upon the ENGINEER.
 - (b) That all reports, plans, estimates and special provisions furnished by the ENGINEER shall conform to the current Standard Specifications for Road and Bridge Construction, Bureau of Local Roads and Streets Manual or any other applicable requirements of the DEPARTMENT, it being understood that all such furnished documents shall be approved by the LPA and the DEPARTMENT before final acceptance. During the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.
- 13. For Construction Engineering Contracts:
 - (a) That all services are to be furnished as required by construction progress and as determined by the LPA employee In Responsible Charge. The ENGINEER shall complete all services herein within a time considered reasonable to the LPA, after the CONTRACTOR has completed the construction contract.
 - (b) That all field notes, test records and reports shall be turned over to and become the property of the LPA and that during the performance of the engineering services herein provide for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.
 - (c) That any differences between the ENGINEER and the LPA concerning the interpretation of the provisions of this AGREEMENT shall be referred to a committee of disinterested parties consisting of one member appointed by the ENGINEER, one member appointed by the LPA, and a third member appointed by the two other members for disposition and that the committee's decision shall be final.
 - (d) That in the event that engineering and inspection services to be furnished and performed by the LPA (including personnel furnished by the ENGINEER) shall, in the opinion of the STATE be incompetent or inadequate, the STATE

- shall have the right to supplement the engineering and inspection force or to replace the engineers or inspectors employed on such work at the expense of the LPA.
- (e) Inspection of all materials when inspection is not provided at the sources by the STATE Central Bureau of Materials, and submit inspection reports to the LPA and STATE in accordance with the STATE Central Bureau of Materials "Project Procedures Guide" and the policies of the STATE.

City of Highland

MEMO TO: Christopher Conrad, City Manager

FROM: Joe Gillespie, Director of Public Works

DATE: November 28, 2022

SUBJECT: Matter Drive Reconstruction, PW-05-21

Recommendation for Approval

RECOMMENDATION

I recommend that you request council approval of a construction engineering agreement with Oates Associates for a not to exceed amount of \$58,806.00 as attached.

DISCUSSION

The Matter Drive Reconstruction project has been awarded for construction. Oates Associates completed the engineering and has the most knowledge of the plans and specifications. This agreement provides construction staking, and limited construction phase services (e.g. answering questions, advice for construction issues). It also includes extra work involving right-of-way documents, plan revisions, and project administration that supplemented the design outside of the original engineering agreement as requested by the city.

FISCAL IMPACT

The work will use MFT funds set aside for the project.

TERMS

When used below, the term "we" and "our" refers to Oates Associates, Inc. and its consultants, stockholders, agents, and employees. The term "you" and "your" refers to the person or entity to whom this proposal is addressed.

PAYMENT PROVISIONS

We will bill you monthly for services and reimbursable expenses. Our invoices are due and payable within 30 days of issuance. If invoices are not paid when due, we will stop work on the project until paid. In addition, a late charge of 1-1/2% per month will be assessed on invoices not paid within 30 days.

We will bill you for any direct costs we incur in the prosecution of this work. Direct costs may include subconsultants we contract to perform a portion of our scope. Reimbursable expenses will also include any out-of-pocket costs directly related to this project. Basis for billings of reimbursable expenses will be actual cost.

The above financial arrangements are based on the prompt payment of our bills and the orderly and continuous progress of the Project. We would expect to start our services promptly after receipt of your acceptance of this proposal. If there are protracted delays for reasons beyond our control, we would expect to negotiate with you an equitable adjustment of our compensation taking into consideration the impact of such delay including but not limited to changes in price indices and pay scales applicable to the period when services are in fact being rendered.

GENERAL LIABILITY AND LIMITATION THEREOF

We agree to hold you harmless and to indemnify you on account of any liability due to bodily injury or property damage arising directly out of our negligent acts, but such hold harmless and indemnity will be limited to that covered by our comprehensive general liability insurance. At your request, we will provide certificates evidencing such coverage and, if available, will purchase additional limits of liability that you may require as a separate cost item to be borne by you.

LIMITATION OF LIABILITY

You recognize that our fee includes an allowance for funding a variety of risks which are imposed on us by virtue of our involvement in and association with your project. One of these risks stems from the potential for human error. In order for you to obtain a reduction in fee by virtue of a smaller allowance for risk funding, you agree to limit our professional liability to you for any and all claims, losses, expenses, injuries or damages (including consequential damages) to the extent caused by our professional acts, errors, or omissions, such that our total aggregate liability to you shall not exceed the total compensation received by us under this agreement, or the sum of \$50,000, whichever is greater. If you wish to discuss higher limits and the charges involved, you should speak with our personnel.

THIRD PARTY CLAIMS

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either you or us. Our services under this Agreement are being performed solely for your benefit, and no other entity shall have any claim against us because of this Agreement or the performance or nonperformance of services hereunder. You agree to include a provision in all contracts with contractors and other entities involved in this project to carry out the intent of this paragraph.

OWNERSHIP AND USE

Upon full payment of all sums due or anticipated to be due us under this Agreement and upon performance of all your obligations under this Agreement, the latest original Drawings and Specifications and the latest electronic data prepared by us for the Project shall become your property. This conveyance shall not deprive us of the right to retain electronic data or other reproducible copies of the Drawings and Specifications or the right to reuse information contained in them in the normal course of our professional activities. We shall be deemed the author of such electronic data or documents, shall retain all rights not

EXHIBIT A

GENERAL CONDITIONS

specifically conveyed, and shall be given appropriate credit in any public display of such Drawings and Specifications. We will, however, retain ownership and possession of original recorded plats.

You will not use or authorize any other person to use the Drawings, Specifications, electronic data and other instruments of service on other projects, for additions to this Project or for completion of this Project by others so long as we are not adjudged to be in default under this Agreement. Reuse without our professional involvement will be at your sole risk and without liability to us. You agree to indemnify and hold us and our subconsultants or agents harmless from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of unauthorized reuse of Drawings, Specifications, electronic data or other instruments of service.

TIMING OF STANDARDS

We endeavor to perform our services in accordance with standards, building codes, and ordinances in effect at the time of service using that level of care and skill ordinarily exercised by members of the profession currently practicing in the same or similar locality and under similar conditions. You understand that these standards and level of care and skill change with time and that substantially delayed use of our documents without our involvement is at your own risk.

TERMINATION, SUSPENSION OR ABANDONMENT

You recognize that if you terminate, suspend or abandon this project we will incur many costs which we would not have incurred had the project continued to completion. Therefore it is agreed that an equitable adjustment to our compensation shall include but not be limited to all reasonable costs incurred by us on account of suspension or abandonment of the Project, for preparation of documents for storage; maintaining space and equipment pending resumption; orderly demobilization of staff; maintaining employees on a less than full-time basis; terminating employment of personnel because of suspension; rehiring former employees or new employees because of resumption; reacquainting employees with the Project upon resumption; and making revisions to comply with Project requirements at the time of resumption.

DISPUTE RESOLUTION

In an effort to resolve any conflicts that arise during the design or construction of the Project or following the completion of the Project, you and we agree that all disputes between us arising out of or relating to this Agreement or the Project shall be submitted to non-binding mediation unless the parties mutually agree otherwise.

UNFORESEEN CONDITIONS

Our services may be provided to assist you in making changes to an existing facility for which you shall furnish documentation and information upon which we may rely for its accuracy and completeness. Unless specifically authorized or confirmed in writing by you, we shall not be required to perform or to have others perform destructive testing or to investigate concealed or unknown conditions.

RELIANCE ON INFORMATION

In the event documentation or information furnished by you is inaccurate or incomplete, all resulting damages, losses and expenses, including the cost of our Additional Services, shall be borne by you. You shall indemnify and hold harmless Oates Associates, Inc. our subconsultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, which arise as a result of documentation or information furnished by you.

CONSTRUCTION MEANS AND METHODS

Performance of our services does not imply liability by us for Contractor means, methods, techniques, sequences or procedures of construction selected by Contractor or safety precautions and programs incident to the work of Contractor or for any failure of Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor furnishing and performing their work. Accordingly, we can neither guarantee the performance of the construction contracts by Contractor nor assume responsibility for Contractor failure to furnish and perform work in accordance with Contract Documents.

JOBSITE SAFETY

Insofar as jobsite safety is concerned, we are responsible solely for our own and our employees' activities on the jobsite, but this shall not be construed to relieve you or any construction contractors from their responsibilities for maintaining a safe jobsite. Neither our professional activities nor the presence of our employees and subconsultants, shall be construed to imply we have any responsibility for methods of work performance supervision, sequencing of construction, or safety in, on, or about the jobsite. You agree that the general contractor is solely responsible for jobsite safety, and you warrant that this intent shall be made evident in your agreement with the general contractor. You also warrant we shall be made an additional insured under the general contractor's general liability insurance policy.

HAZARDOUS MATERIALS

As used in this Agreement, the term "hazardous materials" shall mean any substances, including but not limited to asbestos, toxic or hazardous waste, PCBs, combustible gasses and materials, petroleum or radioactive materials (as each of these is defined in applicable federal statures) or any other substances under any conditions and in such quantities as would pose a substantial danger to persons or property exposed to such substances at or near the Project site.

You and we acknowledge that our scope of services does not include any services related to the presence of any hazardous or toxic materials. In the event that we or any other party encounter any hazardous materials, or should it become known to us that such materials may be present on or about the jobsite or any adjacent areas that may affect the performance of our services, we may, at our option and without liability for consequential or any other damages, suspend performance of our services under this Agreement until you retain appropriate consultants or contractors to identify and abate or remove the hazardous materials and warrant that the jobsite is in full compliance with laws and regulations regarding such materials.

SUBJECT: Veterans Honor Parkway Pavement Restoration

Broadway to Michael Rd., PW-10-22

Recommendation for Approval of Preliminary Engineering Services

RECOMMENDATION

I recommend that you request council approval of a preliminary engineering services agreement with Oates Associates for an estimated not to exceed \$34,180.

DISCUSSION

I am proposing a project for the restoration of the pavement for Veterans Honor Parkway from Broadway to Michael Road to replace the Broadway Resurfacing and Center Street Reconstruction projects. Several factors prompted my decision to change project priorities. Significant construction cost increases raised the engineer's estimate beyond budgeted amounts. We should request that the State participate or fully fund the Broadway project. I feel that the condition of Veterans Honor Parkway is deteriorating rapidly.

This section of concrete pavement was constructed in 2000 when the adjacent subdivision was developed. The pavement is 8" of full-depth non-reinforced concrete, which was the standard at the time of construction. The panels are moving similarly to what the Troxler Avenue pavement was doing 10 years ago. The movement creates a thumping sound as vehicles drive along this section. The project will include dowel bar retrofitting, and diamond grinding the surface as completed on Troxler Ave.

FISCAL IMPACT

This project will utilize Non Home Rule Sales Tax account funds.

Subject:

Amending City Code, Chapter 2 – Administration. Article IV – Department of Public

Safety, Division 2- Fire Department Division

RECOMMENDATION

I recommend that you seek council approval for the amendments in this ordinance pertaining to the hiring eligibility for firefighters on the Highland Fire Department.

DISCUSSION

As most are aware, fire departments across the country are facing challenges in finding new members. One challenge the Highland Fire Department currently faces is the small parameters we are currently allowed to accept members. The last change to this ordinance was in 1993 and we need to update to the current needs. By making this change to the ordinance it will allow the Fire Department more avenues for eligibility which will offer better fire protection for the City of Highland.

Re:

NOML for purchase for (2) New Police Vehicles

This Notice of Municipal Letting is for the purchase of (2) Ford Police Interceptor SUV's.

Discussion: The police department is requesting to go to bid for two (2) Ford Police Explorer Interceptor SUV's. The vehicles will be utilized in the patrol fleet and will match the other vehicles currently used for patrol functions. The vehicles will replace two (2) of our current patrol vehicles being Squad 5, a 2017 Ford Explorer with 95,000 miles and Squad 4, a 2014 Ford Explorer with 53,000 miles. Squad 4 has lower mileage than normal when being replaced, however, it is a civilian model vehicle and is not handling normal police patrol use well. We fear that keeping it in the fleet will cause more issues and maintenance costs.

The reason for going to bid earlier than normal is the delay in manufacture and delivery of specialized vehicles. The estimated wait time is currently 6-9 months in most instances. The bid packet will indicate that we are to take possession of the vehicles after May 1, 2023. That will ensure the purchase will take place the 2023 budget year and after the budget has been approved.

The police department has been pleased with the Ford Explorer Interceptor. We have seen reduced maintenance costs and operationally these vehicles are our top choice for patrol use.

Budget Impact: The cost of these vehicles will be approximately \$41,000 each for a total of \$82,000. The current state bid for a Ford Explorer Police Interceptor is \$39,590 which does not include optional equipment (lighting and wiring). The additional equipment adds approximately \$1500 to the completed vehicle. This is a large increase as compared to the prices only a few years ago.

RE: Certificate of Non-Delinquency of Tax

As a result of a recent amendment to the Illinois Municipal Code (Adding Section 11-42.1-1), the City of Highland is prohibited from entering into a contract with any individual or anyone else that is delinquent in the payment of any tax administered by the Illinois Department of Revenue, unless that party is contesting the tax in accordance with procedure established by the particular taxing act.

Further, before awarding a contract, the City of Highland is required to obtain a statement under oath from the party with who it's contracting that no such taxes are delinquent. If a false statement is made, it voids the contract and allows the City to recover all amounts paid to the individual in a civil action.

CERTIFICATE OF NON-DELINQUENCY OF TAX

As required by Section 11-42.1-1 of the Illinois Municipal Code

The undersigned hereby and herewith certifies under oath that he/she/it is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, or if delinquent, is currently contesting the liability or the amount of such tax in accordance with the procedures established by the appropriate Taxing Act.

A person is not considered delinquent in the payment of a tax for the purposes of this certification if such person has entered into an Agreement with the Illinois Department of Revenue for the payment of all taxes claimed delinquent, and is in compliance with that Agreement. If such is the case with the undersigned, the undersigned certifies that he/she/it has made such an Agreement and is in compliance therewith.
